SANTIAM MINES.—Jas. Smith recently returned from Quartzville and reports the snow three feet deep in places. Mr. Smith brought to this office some specimens which are rich. A specimen from the "Bonanza," owned by an Albany company, was well set in gold which is plainly visible to the naked eye. One from this claim assays \$2110. In gold 37 ounces of silver to the ton. Little nuggets weighing from \$1 to \$1.50 are picked out of what is known as the Red Bull mine. Decomposed ledge matter on the "Bonanza" yields twenty-five cents to the pan. We also have a large specimen from the mine called the "Oregonian and Examiner" which is very promising and is eminently worthy of the name it bears.—Express.

GIFT ENTERPRISE.—Go and see the beautiful gold watch at the "Golden Rule Bazaar." Julius Gradwohl the proprietor of the Golden Rule Bazaar, informs us that he has the Prize Baking Powder, and No. 1 Japan tea, expressly up for his business, and for the benefit of his customers, each box of baking powder will win a piece of fine glassware and also each pound of the tea will win a piece of fine glassware, and customers who buy one pound of tea or a box of baking powder, which is warranted, will have a chance at that beautiful gold watch. He has also added a fine assortment of family groceries to his mammoth stock of glassware and crockery, which is the largest in the Willamette Valley. Go and see Mr. Gradwohl at the Golden Rule Bazaar, and you will find that nothing is misrepresented.
