HIGH BIDDING.—The directors of the Salem Building and Loan association met at the office of the secretary in the city block last evening. Some \$1800 was auctioned off, part of it for seventy-six and part of it for seventy months interest in advance. Seventy-six months interest in advance is the highest premium yet paid the association, and it shows that there is a great demand for money for building. The stock of the association will mature in a very short time if the interest it stands keeps up. At the present rate, the bidding of some of those who borrow will mature and thus pay the principal before the borrowers are called upon to pay any more interest.—Statesman. [Experience though, will prove, even if the high bidding keeps up, that the last statement will not occur. In previous figuring it is always safe to make quite an allowance.]

COMPLIMENTARY.—The Silverton Appeal gives one of its exchanges the following deserved little hug: "The Scio Press is certainly undeserving the name of newspaper. For two weeks it has had no news items, and it looks like a horse poster. We are compelled to scratch it off of our list. The editor of that sheet is entitled to the palm as the laziest newspaper (?) man in the state. Call, go get a move on you and crawl into a hollow log."

A FINE COUNTER.—The Bank of Oregon, located in Albany, have placed an order with the Sugar Pine & Lumber Co., for a counter which, when completed, will cost \$1,000. We all know the lumber in this piece of furniture will not cost over \$200, thus leaving \$800 worth of labor to be placed on not to exceed \$200 worth of raw material.—Courier. The new pulpit of the A. Pearce Memorial church was also made by the above company and is a nice piece of work.

ACCIDENT TO FRANK PARTON.—Albany people will read with regret the following account of an accident to a former Albany man, that happened yesterday: "At Waitsburg, this afternoon, Frank Parton, while driving, had his horses to run away while crossing the railroad track. The buggy was overturned, and Parton thrown on the rail, having his right thigh, besides his head and body fearfully bruised. He was brought to the hospital here this evening."

NO RECOUNT.—Portland got a black eye on the matter of its census, after a great bluster. Inspector Kruse went all the way from Washington only to telegraph back that his investigations into the census troubles indicated that there was little cause for complaint, and there seemed to have been a good count. He saw no reason for ordering a re-enumeration.

IT WORKED.—The Oregon editor who is losing subscribers should take a hint from the following: "The Kentucky editor," says the Stillman Times, "who advertises to give each new subscriber a drink of crab cider is said to be experiencing a boom in his circulation department. The power of the press in Kentucky is making itself felt, and when the cider press joins hands with the printing press it is useless to attempt to stem the progress of the Star Eyed Goddess."

DUDE'S UNDERSTANDING.—The census enumerator while at Clark's mill, asked a stranger his name and was told by the gentlemen the family name. "Well," said the enumerator, "I want your full christian name." "I ain't a christian, and I belong to no church. That fellow has put up a job up on you if he told you I was a christian," said he, pointing to the boss. And it was some time before he tumbled.—Roseburg Review.

DISSOLUTION NOTICE.—Notice is hereby given that the partnership of Rankin & Sinclair, composed of D Rankin and D Sinclair, railroad contractors, has been dissolved by mutual consent, Mr Rankin retiring. The business will be continued by Mr Sinclair.

AHEAD OF TIME.—The freshest and best groceries and fruits in the market at Jas F Powell & Co's. Get your canned goods at Jas F Powell & Co's. Jas F Powell & Co lead in the grocery business. Jas F Powell & Co are rushed with business because they have the goods and give bargains.

AUCTION SALE OF HORSES.—We will offer for sale at auction, on Tuesday July 15th, at Schmeer's stables, in Albany, Oregon, a number of fine young horses. Terms, three months time, note with approved security, drawing 10 per cent. ROYER & WHITE.

A BIG VANITY.—It is always a privilege to have a big stock to select from. J F Powell & Co always have on hand the largest variety of fruits and vegetables of any establishment in the city, a fact easily learned by inspection.

HOT COFFEE.—Hereafter the Albany Express train leaves this city for Portland at 5 o'clock a. m. To accommodate those who leave on that train hot coffee will be served at the counter of the depot hotel to those who desire it.

FRUIT BOXES.—For all kinds of fruit boxes go to the Sugar Pine Door and Lumber Co. Red rock prices.

LOST.—Somewhere in Albany, a diamond stud. Please return to the DEMOCRAT office.

CHARLEY HEWITT SHOT. To-day about 12 o'clock, Charles H Hewitt, of Portland, was shot and killed at Sellwood, by Charles Belgarde, a saloon keeper. Hewitt was a lawyer, well known in Albany, having lived here a number of years. No particulars of the cause.

WHY IS IT there is never a word in the Albany papers about the very rich and extensive mineral wealth up the Calapooia, only what is said by correspondents? If the editors are ignorant they ought to post themselves, as the truth of their being a rich mineral belt up this river is a very important thing to the general public, and that should be made known by our county press. If they see this inquiry they will no doubt do their duty in the respect referred to. Another thing; why do they never say anything about the excellent timber up the creek? Southern Linn county has excellent resources that should be recognized by the Albany papers. This county seems to be entirely too big for the papers to keep run of all the resources and things. Either this, or it is too "insignificant," or something else is wrong.—Brownsville Times.

The above is a sample of what the newspaper has to stand occasionally from its more unreasonable exchanges. The Democrat has on many occasions referred to the Calapooia mines, in fact, when ever an opportunity offered. It certainly is of vital importance to Albany to see these mines developed. So far as the timber land is concerned that of Southern Linn has been mentioned as much as any. We might ask, why is it that the Times only speaks of the Calapooia mines, and rarely of the Santiam mines. Yet it is not necessary. Brownsville is the distributing point for them, and it is very natural. Newspapers are in small business picking at each other on such matters. None of them intentionally overlook such matters, or are malicious in reference to them, and an editor ought to know that if anybody. We often expect such unfounded criticism from some readers—one man once kicked because his hotel wasn't mentioned enough—but an experienced editor ought to have too much sense.

CROOK COUNTY.—Several Primeville parties will visit the famous Belknap hot springs on the rising McKenzie river, this summer.

BORN.—To Mr and Mrs Frank Hackleman, of Camp creek, last week, a baby girl.

Marshal Charlton informed our saloon men this week that they must not allow any gambling to occur in their houses. The information, he said, was given by order of the city council.

Mr J D Parrish, finished his work of carrying the Primeville-Dalles mail on the 30th ult. Of all the faithful carriers on this route, during a period of years, Mr Parrish has given the best general satisfaction.—News.

BURNS ON TOR.—Mr Ben Brown, who is staying at the Hotel Perkins, Portland, says the Oregonian, received a letter from his brother Leon, a merchant at Burns, the new county seat of Harney county. Burns came out victorious over Harney City, through the throwing out of eleven of Harney's irregular votes. Mr Brown gives a graphic picture of the triumphant entry into Burns of the custodian of the county records, Bill Cardwell, which he had taken from Harney on a writ of mandamus issued by Circuit Judge M D Clifford. The records were loaded into five wagons, and the Burns brass band headed the procession through the streets of the victorious town.

It consists of about twenty varieties of elegant center tables, in 16th century and other finish; handsome bedroom sets, stands, tables, etc. People wanting the latest and prettiest in the furniture line should call at once and see these goods. INSIFTS.

Ek is the name of a young man just married at Silverton. For brevity it has no superior.

The base ball fever has struck Albany, and the air is full of brags. Let's have some action.

The Astoria dailies reach our office about twice a week, never two days in succession. Please, what's the matter.

One of the curiosities found by the census enumerators in Madison county, Ga., is a boy 9 years old, who has never been given even a name by his parents.

Albany is mourning for a big hotel, don't get it too big, gentlemen.—Salem Journal. Does our contemporary make this remark because it is opposite a Chenekete.

Thompson's colt has been handed down to fame as the boss fool, but there is a bigger one. It is the champion idiot who runs a show and is afraid to have people find it out. John Robinson's circus will be here on the 29th.—Astorian. The above indicates that the Astorian had about the same experience as the Democrat, with a man who wanted half fare. It won't work in this country.

Not content with having Sullivan the champion fighter of the present day an Eastern editor has a match between him and the ancient gladiator, Taurus, who whipped all the gladiators of the world in his day. He suddenly appears in John L's room, and says: "Fear nothing, Oh, Sullivan. I come not here to do it to harm, but to have a friendly bout with thee, in which we can match our strength." Though dazed by his enormous muscles Sullivan consents and allows Taurus the first blow which staggers him terribly. Then Sullivan stands before him in the style of to-day. "What meant thou by that?" said Taurus. "This, oh, Taurus the Bull, is the way we do today fight." "So be it then," responded Taurus; and again he swung his arm, preparatory to hitting Sullivan another blow. "But lo! Even while that gigantic arm is swinging through the air, whack! thwack! and the giant staggers; then rushes savagely towards Sullivan. But now comes the science of the day. Another blow does Sullivan hit him, and a huge lump appears over Taurus's eye. But he is made of metal, and with a yell, clinches. He enfolds his adversary in his mighty arms and squeezes until it seems the bones must crack. But Sullivan is no child, and turns the hug with interest. Suddenly a tug, a mighty strain and Taurus flies over Sullivan's head and lands with a dull thud on the floor. For an instant he lies still; then rises painfully to his feet and with a sickly smile extends his hand to Sullivan: "Thou art a mighty man. Yet I am the stronger. But thou dost have many ways that I know not of."

Base Ball.

To the Albany Real Estate Dealers Base Ball Club:

Your challenge to the Legal Fraternity's Base Ball Club, is hereby and in all respects and conditions accepted, with the following reservations and exceptions, viz:

1st. We respectfully demur to your proposition to have Judge R S Strahan act as umpire, for we could not do our selves justice without Judge Strahan's portly presence and legal acumen in the pitcher's box, and we suggest that H Bryant, being as well a light of the Albany bar, and a real estate shark of some note, act in his place and stead.

2nd. As the challenged party, we demand the right to select the weapons, and being law-abiding citizens, we deny your right to use the customary dangerous weapons, and suggest that a yarn ball and stuffed club be used in lieu of those ordinarily employed.

3rd. Being as a class, opposed to violent exercise, we suggest that the distance between bases be reduced from 90 to 9 feet, or that players be permitted to file a written appearance in lieu of an actual appearance on the base, if left at the customary distance. Respectfully submitted, A. L. F. B. C.

The game will come off Saturday afternoon, next, beginning at 3 o'clock. Both sides have been selected. We are authorized to say a compromise has been effected on bat and ball, the regulation articles being used. E W Langdon, an old ball player, will be asked to umpire and the game will be for business. A large crowd will no doubt be in attendance.

Another Challenge.

The Accountants of Albany will play either the Real Estate or Legal Fraternity club. Stakes to be cold pie, beer or old beef. Ike Fox to be umpire. Address the President for time, conditions, etc.

MRS. C. D. STUART. Mrs. C. D. Stuart, of 409 Hayes St., writes, "I have for years had spells of indigestion and dyspepsia, and tried nearly everything. Finally I took a well known Sarsaparilla. It caused pimples to break out on my face without helping me. Hearing that Joy's Vegetable Sarsaparilla did not contain mineral, and might act differently, I sent for it. The pimples disappeared immediately, and I had no more returns of the old spells." Although the above was written a year ago, Mrs. Stuart now attests the permanency of its effects. Says she takes an occasional dose to suppress a symptom of return and that she has perfect command over her old trouble.

MRS. C. D. STUART.

Mrs. C. D. Stuart, of 409 Hayes St., writes, "I have for years had spells of indigestion and dyspepsia, and tried nearly everything. Finally I took a well known Sarsaparilla. It caused pimples to break out on my face without helping me. Hearing that Joy's Vegetable Sarsaparilla did not contain mineral, and might act differently, I sent for it. The pimples disappeared immediately, and I had no more returns of the old spells." Although the above was written a year ago, Mrs. Stuart now attests the permanency of its effects. Says she takes an occasional dose to suppress a symptom of return and that she has perfect command over her old trouble.

Also read what one of the solid men of Linn county says about them: MR. Z. T. WRIGHT, Portland, Oregon. Best Sir: In reference to your inquiry as to how I liked my Advance Thresher, purchased of you this year, will say the Advance does more and better work than any other machine I ever saw, and I have seen all that are represented in Oregon. It threshes faster, cleans the grain better, runs lighter and saves the grain better from the straw, than any other machine, and seems to be strong and durable. I am ready at any time to go into a trial with any other machine [except the Advance] and thresh for from \$100 to \$500. They are the best in the market without doubt. If you desire you can refer to me at any and all times. [Signed] I. D. MILLER.
