

LOCAL RECORD

No CHALLENGE.—Members of the Tiger tender team inform a Journal reporter that they know nothing of a challenge having been sent to the Albany team, and that there certainly must be some mistake about it, as no action of that nature has been taken by them. The same is true of the Albany papers, must be the result of some outside talk, based upon nothing tangible.—Journal.

As nearly as the DEMOCRAT can trace the matter a letter was received from the foreman of the Capital's team, that the Tigers were willing to run the Albany team for \$100, and requesting that correspondence be had with them. The Albany boys, probably anticipating too much, and warm for a race, have been practicing evenings for the contest, and will be considerably disappointed in learning that there is nothing in the matter at all but smoke, perhaps just a joke on their neighbors by the Capital boys.

A MEDAL.—The DEMOCRAT acknowledges the receipt of a handsome lead medal from Mike DeYoung, editor of a paper in San Francisco, called the Chronicle. On one side is a medallion of Mike, on the other Mike's new print shop, which rises majestically nine or ten stories in the sandy atmosphere of the Golden Gate City, topped by a tower. It is a nice souvenir; but wait until the Examiner erects its fourteen story structure with an Eiffel tower on top, then the country editors will, or should get, medals made of gold with young Hearst's blazing eyes set in diamonds.

A CENSUS ITEM.—The McMinnville Telephone-Register thus talks on a subject it needs to investigate before rendering its final decision: "It is necessary for the newspapers of Salem, Albany and other towns whose population has been expanded to twice its size to now make the census that the enumerators have not enumerated more than one-half the people. Salem for instance claims 10,000, the census will give her about 4,500 or possibly 5000. Albany and other boom towns in the same proportion. McMinnville has claimed from 1500 to 2000 and the census gives us between 2500 and 3000.

At 1 o'clock this morning the heavens to the west of Salem are illuminated. Some big fire is in progress far to the west, probably some where between Dallas and Sheridan. A streak of brilliant fire shot high into the heavens, coloring even the fleeting clouds.—Salem dispatch to the Oregonian.

The Senior editor of the DEMOCRAT is returning with a party from a meeting of the Corvallis Rebeccas at time mentioned and saw the same sight. It has not yet been learned what the nature of the fire was.

ON A LAWN.—The lawn festival given by the Y's last evening on the lawn at the residence of L. E. Blain was quite a success. A large number of young people spent a model evening in a remarkably pleasant manner. Croquet and other games were indulged in. A choice lunch of ice cream and cake was served, and a short program consisting of singing by the Y's and a well rendered recitation by Miss Winnie Chamberlin presided.

KNOWS HERE.—Sheriff Noland had on Wednesday in office a few moments last Wednesday until a warrant was placed in his hands for the arrest of one Van Alstine, who has had considerable notoriety here. Van Alstine resisted somewhat, but was landed in jail immediately. It appears that he made an assault on Albert Kosterman, while under the influence of liquor.—Guard.

THE SANDERSON BRIDGE.—An investigation of the condition of the Sanderson bridge reveals the fact that it has sunk about three feet at one end and two feet at the other, and hence is not in a very safe condition. It will probably cost two or three thousand dollars to fix it. This bridge has been an eye sore for years and has cost about as much as the other bridges of the county together.

A R. R. CHANGE.—As will be seen by an official notice elsewhere the early morning and evening trains on the Lebanon branch of the Southern Pacific will be abandoned on and after next Monday. Then Albany will be the headquarters and night place of the train. It will leave Albany in the morning at 7:30, return at 9:25; go to Lebanon at 1:50 and return for the day at 4:25.

A FOOLISH RESOLUTION.—About a month ago three families arrived here from California coming overland with wagons and their fixtures. Failing to find satisfaction here they have decided to leave for Oklahoma territory. They take their wagons, horses and other goods by rail, paying \$200 per car load.—Guard.

A LIVE GAME.—Every day a live game is played at the corner of Second and Ellis streets, where Mueller & Garrett and their clerks have to run to await on their customers. They now have a fine line of fruits and vegetables on hand.

WARM WEATHER.—A fine stock of refrigerators and ice cream freezers may be seen at Stewart & Sox's. Nothing like them for the house.

WILL LEAVE THE STREET.—Delivery wagons will leave the street in the forenoon on first trip at 8 o'clock, sharp; second trip at 10 o'clock; third trip at 11 o'clock. ALBANY DELIVERY CO.

LAND CRUISING.—Last Thursday's "Oregonian" contained the following suggestive advertisement: "A lady and her brother, having claims in the best part of Southern Oregon, which they will visit July 6th, would locate three or four other parties adjoining them, on fine open land, worth \$6 an acre cash when opened up on; cost of locating, \$50 each; fine hunting and fishing. Address, etc." There is very little of the foot-hill land lying vacant in Southern Oregon that is not worth \$6 an acre "when proved up on." This enterprising lady and her brother—why not gentleman and his sister?—can "locate" people who do not know enough to locate themselves for the balance of their natural lives, at \$50 per head and still find some open land, with fine hunting and fishing. Intending locators should come to this county to get posted on desirable claims, and not throw away their money on persons whose ability to give the desired information is at least questionable.—Jacksonville Times. In this county they often prefer to pay the \$50.

THE CHICAGO COMEDY CO. will open a weeks engagement at the Albany Opera House, commencing next Monday evening, July 14th, with change of play nightly. The company has still all the favor of its past appearances here—Jas. A. Devlin, Belle Luman, Mortimer Snow, etc.—besides several eastern stars of excellent reputation and fine appearance. The Oregon City Enterprise, of the 3rd, says of them: "The Chicago Comedy Company are playing to crowded houses at the Opera House this week. This is by far the best company that has ever appeared on the stage in Oregon City and their unequalled success here is an indication that the people appreciate dramatic talent." Their first presentation here will be "The Black Flag," an English melo-drama of great popularity, and each night a new play. Tickets at popular prices, now on sale at Blackman's drug store.

A PRIVATE DETECTIVE.—Last evening several of the Albany boys had some fun. A private detective, formerly from Gatesville, was in the city looking for a Seattle young man, wanted in a seduction case, on the Siuslaw. A well-known Albany capitalist, of about the right age, was pointed out as a Seattle man, and the detective, said to be somewhat of a groovy, at least in appearance, thought there was a striking resemblance, and there was about to be an arrest made in one of the saloons, when the detective was taken down and relieved of his gun by the young man. No arrest was made and of course the matter was satisfactorily explained.

A BANDS HOUSE.—A writer from Coos Bay says the Ocean House at Bandon is a first-class hotel and run on a first-class principle, and the best summer resort on the Coast. This resort is at the mouth of the Coquille River. There is good hunting and fishing, boating and driving. The drive on the beach can be extended twenty-five or thirty miles, and bathing is fine. Clams, oysters, crabs and mussels are in abundance. There is also a lively stable with the hotel. Any one ailing or declining in health would do well to visit this resort. Business gentlemen seeking pleasure and recreation would do well there. Commercial men will find the Ocean House a good place.

COAL EVERYWHERE.—Not only in Linn county but from all over Oregon come reports of coal in abundance. Some day that will be our fuel at a very cheap price. The Roseburg Review says: "Caro Bros. have had a coal expert at work on their property on the east Umpqua. During the past two weeks he has struck several croppings and Monday discovered what appears to be the main ledge. At a distance of only a few feet it has developed a vein over two feet in width and constantly widening. It is of a superior quality of bituminous coal, and will make a great deal for Douglas county if it is a ledge that can be worked."

A RELIC.—E H Krier, of Pendleton, has two curios which he values highly. One is a conveyance, made in 1762 nearly two centuries ago, for a piece of land in the present city of Philadelphia. It is written on parchment, and its wording and appearance are certainly unique. The conveyance is made by Samuel Carpenter of Wiltoughby Wardof, the description being based on trees and other landmarks. The other relic is an original copy of the Ulster county Gazette, containing an account of the death of Washington.—Ex.

A SECTION BOSS ARRESTED.—Recently three young men at Jefferson were arrested for burning a Chinese shanty at that city, and held to await the action of the grand jury. It was claimed by some that the deed was done at the instigation of the section boss, and he was arrested and examined yesterday. Hon J K Weatherford, of this city, appearing for him. The Justice, after considering considerable evidence in the case, discharged the defendant.

EE FOOLS' EEL.

People who are Easily Deceived. He has Caught Eight so far.

A City Compiler stated that he had had eight calls for Joy's Vegetable Sarsaparilla, but had sold his own ever since. It did not occur to him that it might be a serious matter to give his old time mercury and potash preparation to people who do not need any special treatment. It is safe to say that not one person in ten have a special life trouble. Hence what do they want with such dangerous minerals as mercury and potash? What ailments of our people are troubled with is indigestion, dyspepsia, sick headache, constipation and face eruptions, all of which are the legitimate results of improper liver and kidney action, or impaired digestive organs. Those disorders do not call for cathartic treatment, but for mild vegetable liver, stomach and bowel alteratives. We are surprised that intelligent people should be persuaded into taking a mercury and potash sarsaparilla. When you ask for Joy's Vegetable Sarsaparilla, see that you get it.
