The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the great alterative and tonic. If you are troubled with any disease of kidneys, liver or stomach, of long or short standing, you will surely find relief by use of Electric Bitters. Sold at 50c and \$1 per bottle at Foshey & Mason's Drug Store.

The best lines of 5 and 10 cent cigars in the city are to be found at Conn. & Hendrie's.

I O O F.—Albany Lodge No. 4 holds its regular meeting Wednesday evening of each week. Visiting brothers are cordially invited to attend.

The story is told of a German, who took the name of his clock to the maker to have them fixed, because they did not keep proper time. Of course, the clock-maker demanded the money, as in them lay the trouble. He and his biographer, and other eruptions on the exterior tell of a disordered condition of the blood within. If you have these indications, be wise in time, and take Dr. Pierce's Golden Medical Discovery. It puts the liver and kidneys in good working order, purifies and cleanses the system from all impurities, from whatever cause arising, and tones up the functions generally.

"Golden Medical Discovery" checks the frightful progress of Scrofula, and, it takes in time, arrests the march of Consumption of the Lungs (which is Lung-Scrofula), purifies and enriches the blood, cures Pimples, Skin and Scalp Diseases, Ulcers, Sores, Scaldings, and kindred ailments. It is powerfully tonic as well as alterative, or blood-cleansing, in its effects, hence it strengthens the system and restores vitality, thereby dispelling all those languid, "tired feelings" experienced by the debilitated. Specially has it manifested its potency in curing Tetters, Salt-Rheum, Eczema, Erysipelas, Thick Caruncles, Sore Eyes, Goitre, or Throat, Neck, and Enlarged Glands. "Golden Medical Discovery" is the only blood and lung remedy, sold by druggists, and guaranteed by its manufacturers, to do all that it is claimed to accomplish, or money paid for it will be promptly refunded.

A SANS REPUBLICAN WARNING.

And any act which looks towards such a centralization that the expression of the popular will may be thwarted or nullified by officials responsible to the existing Government means the degrading of this country to the level of those nominal republics where the rulers perpetuate their tenure, and where a change is wrought only at the point of the bayonet. Thoughtful Republicans ought to consider carefully what they are about before they vote for such a change as this or spread a net so dangerous before the feet of future generations. Patriotic as are the motives that inspire the demand for a Federal control of elections, the danger of it is too patent, too vital and too serious to be dismissed lightly. The Republican party could scarcely commit a more irretrievable error than by seeking to redress the grievances of the minority at the South by legislation that would promise to make a majority or minority a mere question of the party in power. Had as local abuses may be, we cannot afford to root them out of their native fields only by transplanting them to the more fruitful soil of the National capital.—Pioneer Press (Rep).

One of the arguments now most used in defense of our high war tariff is, that, if we shut out all imported goods and commodities by a high duty and compel our people to produce everything we use, then in case of war we could manufacture everything we should want to use during such war without being dependent upon any foreign country. This government has been in existence over a hundred years and during all that time it has been engaged in foreign wars about six years. The spectacle thus presented by protectionists is that we will tax, and heavily too, the people over ninety years for a mere imaginary advantage for a period of six years. This argument of protectionists needs only to be stated to be condemned.

The New York World says: "Two years ago the 'condition' which confronted Congress was a surplus of \$100,000,000. Now it is an 'empty treasury and mortgaged.'" "Wife, who's been here since I've been gone?" as the Chicgo soldier remarked on his return from the army after an absence of four years, and found two more children in the house than when he left home.

SPINAL WEAKNESS.

Henry J. Gallagher, 56 Prince Street, N. Y., writes: "Having been troubled with pains in back and chest during the last winter I was compelled to remain at home unable to attend to business, until I was advised by a friend to try one of Allen's Pains-Expeller Pills. After applying one to my chest and one to my back, in two hours I found relief which I had not got in over three months. I cheerfully recommend them to persons having spinal weakness and lung trouble."

The Pulpit and the Stage.

Rev. F. M. Shirout, pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and an sound and well, gaining 26 lbs in weight."

TELEGRAPHIC NEWS

General Fremont.
New York, July 14.—Arrangements for the funeral of General Fremont were made to-day. It will take place at 10 o'clock Wednesday morning from the Episcopal church, St Ignace.

It will be as quiet and unostentatious as possible. There will be no military display. Mrs. Fremont and the general's daughter, Elizabeth, are in Los Angeles, Cal., and will, of course, be unable to get here in time. The interment will be in Trinity cemetery, this city.

Reciprocity.
New York, July 14.—Frank G. Carpenter, in a letter to the World says that in an interview in China with the victory, Li Hung Chang, the victory said:
I wish you would say for me through your newspaper, to the American people that if the exclusion act be not repealed, we shall certainly advise our government to exclude Americans from China, and I think we shall be fully justified in such action.

An Eastern Forger.
EUGENE, July 14.—Constable Cochran arrested one Charles E. Arthur at Halsey yesterday on a charge of forgery, committed in Harrison county, Missouri, three or four years ago. From Missouri he went to Idaho, and thence to California. He succeeded in evading the officers in both these states. Cochran learned of his coming this way and has been on the lookout for him for some time. He admits his guilt, and wants to sell his outfit and take his family back with him.

All Smoke.
VICTORIA, B. C., July 14.—If there is going to be a war over Behring sea between England and the United States, the people of Victoria, who would be most interested in such a conflict, do not know anything about it. According to instructions, your correspondent left this city last Saturday for the purpose of sitting at the bottom of the sensational stories recently published in leading American papers. Mayor Grant, of Victoria, one of the leading owners of sealing vessels, and officers of the British northern Pacific naval squadron, when interviewed on the subject laughed at even the possibility of such a thing.

A Baring Robbery.
OMAHA, Neb., July 14.—Mrs. Floretta Russell, of O. Tawa, Kas., came here Saturday and cashed a draft for \$10,000, which she placed in a satchel. As she was going down the street, two men snatched the satchel from her hand and ran. She recognized them as John Rush and James Hogan, of Ottawa, who came there on the same train with her. Hogan has been caught, but Rush is still at large.
