

Healthfulness & Water Supply

IN MINTHORN.

In the selection of a residence location no element is so important as that of healthfulness, and no single element contributes so much to the healthfulness of a locality as water supply. In this respect Minthorn Springs is easily superior to any residence location in the city of Portland. It is high, and drainage is complete. The water supply is from a spring capable of abundantly supplying 25,000 people with water. A distance from the river of one-half mile places it out of reach of malaria. A system of water works will at once be constructed, so that parties building will have an abundant supply of pure cold water direct from the spring.

Some Facts in Regard to its Location in Reference to the Business and Employment Centers.

PORTLAND is the great manufacturing center of the Northwest. Portland's source of power for manufacturing purposes is at the falls of the Willamette river at Oregon City. Already the manufacturing interests of Portland, mostly conducted at Oregon City, produce an income of \$25,000,000 annually. They are constantly growing and increasing. This great manufacturing center is distant on one side 3½ miles from Minthorn Springs, while Portland, the great commercial metropolis and business center of the North Pacific coast, is 5½ miles distant in the opposite direction. It requires no stretch of imagination to see that the country intervening between Portland and Oregon City (a distance of seven miles) is the natural residence location of the business men, and busy workers and wage earners who keep in motion the various enterprises of the commercial and manufacturing interests of the North Pacific coast.

DAILY DEMOCRAT.

Robinson's Circus last Thursday was deservedly welcomed to Athens by a large crowd of people gathered from all over the county. Although not the largest concern of the kind that ever pitched tents in Athens, few have succeeded better in pleasing the people. The performances were first-class and in two or three instances such as have never been equalled under canvas in this town. John Lowlow, the clown, who travels with John Robinson, is one of the veteran circus men of the country, having been in the business for thirty-three years, twenty-three of which have been passed with Robinson. Out of the ring he is as genial and mirth-creating as he is in it, and makes friends wherever he goes. Everybody knows John Lowlow.—Athens Herald, Aug. 8. Will exhibit at Albany, July 31.

ACCIDENT.—Dally accidents occur in which individuals become more or less incapacitated to follow their usual avocations. In such cases it is a great convenience to be insured in some safe Accident Insurance Co. Such is the Union Mutual of Chicago. Any male person over 18 and under 65 years of age is eligible to membership. To fully understand the benefits and workings of this company you should call on their agent, Joseph Tait in the office of L H Montanye, Strahan's Block.
