Rev F M Shroud, pastor United Brethren Church, Blue Mount, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. TO LOOSEN GLASS STOPPERS.

Hold the bottle or decanter firmly in the hand or between the knees, and gently tap the stopper on alternate sides, using for the purpose a small piece of wood, and directing the stroke upward. Flunge the neck of the vessel into hot water, taking care that the water is not hot enough to split the glass. If after some immersion the stopper is still fixed, recur to the above process. Pass a piece of list round the neck of the vessel, which must be held fast while the list is drawn rapidly backward and forward. Take a steel needle and run it round the top of the stopper in the angle formed by it and the bottle. Hold the vessel in the left hand and give it a steady twist with the right, and it will very often be effectual, as the adhesion is frequently caused by the solidification of matter only at the point nearest the air. If this does not succeed, put a few drops of oil round the stopper where it enters the glass vessel, and then warm it before the fire. When thoroughly warmed tap the stopper of the bottle on alternate sides as directed above. Repeat this operation if necessary.

THE RECORDS OF MARION county show the platting of many thousand acres of land in small tracts of from 5 to 10 acres. Capital City Fruit Farm of 640 acres, Sunnyside No 1—320 acres, Sunnyside No 2—140 acres, Sunnyside No 3—470 acres, and a number of others have been placed on the records by the Oregon Land Company of Salem, Oregon.

This company is also doing business in Portland and Albany, and have for sale numerous other small tracts. The great advantage of this plan is that it brings together in one community the class of people who are all engaged in the same business, viz: fruit growing, consequently there springs up large drying and canning establishments similar to those in the city of Salem, which advantages makes profitable market for the products of these fruit farms.

Consult your interest by buying of the Oregon Land Company of Salem, Portland or Albany.

A CHANGE IN BUSINESS.—The public generally will be glad to know that Mr Joseph Pironi, formerly of Corvallis, has purchased the interest of the late C H Spencer, in the grocery business of Spencer & Blackburn. Mr Pironi is by no means a new hand at the business, and being himself a first-class baker and confectioner, their store will always contain the choicest of bread, pies and cakes, and to their already complete stock of groceries they have added many delicacies of the season. Their place of business, situated on the corner of First and Washington streets, would be an honor to any city. These gentlemen being both well and favorably known in Linn and Benton counties we do not hesitate in saying they will do a large and prosperous business. The new firm will hereafter be styled Blackburn & Pironi.

Dr. M. H. Ellis, physician and surgeon, Albany, Oregon. Calls made in city.

GREAT SLAUGHTER.—G W Simpson has made a great slaughter in prices on all summer goods to close them out. Lamps that we sold for 12 1/2 @ 16 1/2 reduced to 8 cents. TELEGRAPHIC NEWS

Blaine Almost Democrat.
WASHINGTON, July 30.—The Star (republican) says to-night: "The indignation of republican congressmen over Mr Blaine's interference in the tariff discussion has reached such a high point that it is proposed, since the publication of his last letter to Senator Frye, that he shall be forced out of the cabinet and if possible, out of the party." This may seem extreme and startling, but it is what at this moment is being seriously discussed by those gentlemen in congress who might be expected to bear a feeling of angry sentiment.

Mrs Wheeler Injured.
EUGENE, July 30.—Mrs A Wheeler, wife of the proprietor of the Springfield mill, met with a serious accident this afternoon. She had remained with her husband, who had remained, while she drove home alone. A short distance from town the horse became frightened and ran away, throwing Mrs Wheeler out on the hard gravel of the road. She received a severe nervous shock and bruises, but it is thought they are not necessarily fatal.

Burning a Town.
TOLEDO, Ohio, July 30.—A most extraordinary condition of affairs prevails at Bairds-town, an oil village twenty miles south of this city. There have been five incendiary fires within a week, and every business house has been destroyed. The cause is thought to be the passage by the authorities some time ago of an ordinance forbidding the sinking of gas or oil wells within the town limits.

Crazy Train.
TACOMA, July 30.—George Francis Train has made arrangements with the Tacoma Ledger to make an attempt to beat the record for a trip around the world. He will leave Tacoma August 7 on the steamship China, and calculates he can make the circuit of the globe in fifty seven days.

The Salvadors Victorious.
CITY OF MEXICO, July 30.—In the last six battles in Guatemala the Salvadorians are reported to have obtained almost complete and decisive victories over their opponents. The battles were fought near Jutiapa, twenty five miles from Atescatempa, on the main road to Guatemala City. The report of Salvadorian victories against numerical odds create much surprise here.

The Jews in Russia.
LONDON, July 30.—The Times says the Russian government has ordered the application of the edicts of 1882 against the Jews. Jews must henceforth reside in certain towns. They will not be permitted to own land or hire it for agricultural purposes. The law limiting the residence of Jews to sixteen provinces has been enforced. No Hebrew will be allowed to enter the army or any other profession. The enforcement of the edicts will result in the expulsion of over 1,000,000 Jews from the country.

GIFT ENTERPRISE.—Go and see the beautiful gold watch at the "Golden Rule Bazaar." Julius Gradwohl, proprietor of the Golden Rule Bazaar, informs us that he has the Prize Baking Powder, and No 1 Japan tea, expressly up for his business, and for the benefit of his customers, each box of baking powder will win a piece of fine glassware and also each pound of the tea will win a piece of fine glassware, and customers who buy one pound of tea or a box of baking powder, which is warranted, will have a chance at that beautiful gold watch. He has also added a fine assortment of family groceries to his mammoth stock of glassware and crockery, which is the largest in the Willamette Valley. Go and see Mr Gradwohl at the Golden Rule Bazaar, and you will find that nothing is misrepresented.

WALL PAPER.—I have just received from the east a large lot of wall paper, borders, decorations, etc., including the plain designs which are becoming very popular. These goods are better style and cheaper than ever before.

NEW BLACKSMITH SHOP.—G W Willis has just completed his blacksmith shop at the corner of Second and Railroad streets where all kinds of iron and wood work can be had and done in first class order. Bring on your plows, wagons, etc., etc., for repairs.

Self Praise.
Self praise is no recommendation, but there are times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his words. Now, to say that Alcock's Porous Plaster is the only genuine and reliable plaster made is not self-praise in the slightest degree. They have stood the test for over thirty years, and in a proof of their merits it is only necessary to call attention to the cures they have effected and the voluntary testimonials of those who have used them.

THE HEAT OF SUMMER
Enervates the system, reduces the vitality and weakens the energies. In this condition the body readily falls a victim to disease. Fortify the system against these debilitating influences by taking Dr Hiller's Hydrated Electrolyte. It enables the nutritive system to absorb sufficient nourishment to keep the body vigorous and healthy, and in a fit condition to resist disease.
