CALL AND SETTLE.—Those knowing themselves indebted to the old firm of Brauner & Klein, will please call and settle at once.

I O O F —Albany Lodge No 4 holds its regular meeting Wednesday evening of each week. Visiting brothers are cordially invited to attend.

The equivalent, in English money, of $2,500 was once offered by an old lady in London for the return of a favorite cat which had strayed or been stolen. People called her a "crank," and perhaps she was. It is unfortunate that one of the gentler sex should ever gain this title, yet many do. It is, however, frequently not their fault. Often functional derangements will apparently change a woman's entire nature. Don't blame such sufferers if they are "cranky," but tell them to use Dr. Pierce's Favorite Prescription, which is an infallible remedy for "female weaknesses."

"Favorite Prescription" has cured thousands of poor, bed-ridden suffering women of "female weakness," painful irregularities, ulcerations, organic displacements and kindred ailments too numerous to mention. It is the only medicine for women, sold by druggists, under a positive guarantee that it will, in every case, give satisfaction or the price ($1.00) will be refunded.

A regular Kilkenny cat fight is being waged between the republican faction at Washington, one faction being led by Blaine and Quay, and the other by McKinley and Reed. Meanwhile the business of the country languishes. Before the ides of November both factions will find themselves knocked out by the people.

The effort of the McKinley republicans to read Blaine and Quay out of the republican party is supremely ridiculous. Blaine is much larger than his party, and the effort to crowd him out is very much like an ordinary tail attempting to wag an uncommon dog. "It cant be did."

Mr A Roberts the enterprising and popular clothier of Portland has just returned from a six week's trip to New York. An *Oregonian* reporter interviewed him on the next presidential candidates. He said: "Ex President Cleveland's name is in everybody's mouth in New York. I think he will be nominated in 1892, and, if he is he will carry New York and be elected. Everybody is talking about him, and there are very few speaking about Governor Hill, who is also after the presidency. Only one man spoke to me about him. He is a Texan by the name of Houston and a relative of old Sam Houston. He is a rank secessionist, and told me that if the Lodge Federal election bill is passed the south would boycott the north.

What they are Good For.

BRANDRETH'S PILLS are the best medicine known.

FIRST—They are purely vegetable, in fact a medicated food.

SECOND—The same dose always produces the same effect—other purgatives require increased doses and finally cease acting.

THIRD—They purify the blood.

FOURTH—They invigorate the digestion and cleanse the stomach and bowels.

FIFTH—They stimulate the liver and carry off vitiated bile and other depraved secretions.

The first two or three doses tell the story. The skin becomes clear, the eye bright, the mind active, digestion is restored, costiveness cured, the animal vigor is recruited and all decay arrested.

Brandreth's Pills are sold in every drug and medicine store, either plain or sugar coated.

Production of Pig Iron.

WASHINGTON, Aug. 20.—The superintendent of the census has just issued a bulletin on the production of pig iron in the United States during the year ending June 30, 1890. In this bulletin the superintendent says:

"The production of pig iron, including bessemer, during the year named, aggregated 5,579,779 tons (of 2000 pounds to the ton) as compared with 3,731,021 tons produced during the census year of 1880, and 2,052,821 tons during the census year of 1870. It will be gratifying to notice the great strides which the Southern states have made in the manufacture of pig iron since 1870. The total product in that year being 350,346 tons, as against 1,780,909 tons in 1890. The development of the manufacture of pig iron in the United States during the ten years from 1880 to 1890 is phenomenal, and at the present rate of increase in production this country is destined soon to become the leading producer of pig iron in the world, possibly reaching this distinction in the calendar year 1890.

In point of production Pennsylvania stands first, Ohio second, Alabama third, Illinois fourth and New York fifth. In six Western states which produced pig iron there have been a large increase in production.

Threatened R R Strike.

SAN FRANCISCO, Aug. 20—To morrow morning the freight conductors and brakemen of the western division of the Southern Pacific railroad will decide whether or not they will go on a strike. Their action depends upon the decision of the company upon a proposition of advancing wages. Conductors who now get $58 a month and demand $100, and the brakemen want an advance from $65 to $75. The belief prevails to day that the company, would grant the men's demands or compromise with them by a reduction in time. However, General Superintendent Fillmore will be asked to give the company's answer to morrow.

The strikers are still getting men to desert from the founders. This morning two men left Golden State and Miner's foundry, and one the National. All three were sent East this afternoon. A number of mishaps are constantly occurring in the foundries. Castings go wrong others blow up and again some when made are either too large or too small. Negotiations toward a settlement are, however, in progress.

THE RECORDS OF MARION county show the platting of many thousand acres of land in small tracts of from 5 to 10 acres. Capital City Fruit Farm of 640 acres, Sunnyside No 1—320 acres, Sunnyside No 2—140 acres, Sunnyside No 3—470 acres, and a number of others have been placed on the records by the Oregon Land Company of Salem, Oregon.

This company is also doing business in Portland and Albany, and have for sale numerous other small tracts. The great advantage of this plan is that it brings together in one community the class of people who are all engaged in the same business, viz: fruit growing, consequently there springs up large drying and canning establishments similar to those in the city of Salem, which advantages makes profitable market for the products of these fruit farms.

Consult your interest by buying of the Oregon Land Company of Salem, Portland or Albany.

The Pulpit and the Stage.

Rev F M Shrout, pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr King's New Discovery and am sound and well, gaining 26 lbs in weight."
