NOTICES

It may be interesting to some people to know that their chances of drawing a prize from the Louisiana lottery is one in 67,000.

Quite a sensation was caused in the theatrical circles by the description of her husband by Mrs. Anna Lee, a star in the late De Stedley Co.

Among the bills that were taken aboard the car was a bunch of strawberries of the largest size in the season, which were much admired, and the Rev. Mr. Hines, member of the vestry of the church, complimented them.

The population of Washington will be 225,000, of this amount will be credited to Tacoma and 45,000 to Seattle, the balance going to be a great day in that state; but show us how the figures will get stuffed.

It is a requirement of the post-office department that the stamp shall be placed on the upper right-hand corner of the envelope. This is for convenience in conveying. If the letter is not stamped in this way, the postmaster has a right to send it to the dead letter office.

The Portland Speed Horse Association seems to be run on rather selfish principles. Outside of Portland no paper contains mention of the meeting, and it is to be presumed from this fact that the management has not even sent a complimentary ticket to any of the country papers, not to mention advertisements.

The purses for trotting races for the fall meeting amount to \$5000, while the entrance money for the same amounts to over \$4500, leaving the association to add less than \$500. The horsemen of Baker City paid \$200 entrance money, and yet no official notification of the meeting has been received by any paper in Baker City. It is about time that the Portland Speed Association to learn that Portland is not all of Oregon.—Blade.

It takes youngsters to do things up brown. The Eugene Register gives the following good example of their ability to meet emergencies.

A LATE LINE FROM HAYES.

The Corrective Properties of the Juices of California's Vegetable Alternatives Almost Sensational.

A lady formerly of 1221 Mission St., but now of 409 Hayes St., S. F., writes to the Edwin W. Joy Co. as follows: "Mrs. H. T. Beverly, of Seattle, suffered with indigestion and waterbrash for months at a time and lived principally upon milk and the white of eggs. Among other things she tried one of the mineral sarsaparillas only to find that it gave her pain in the head and weak sinking spells. Having taken Joy's Vegetable Sarsaparilla myself with great benefit in stomach troubles, I induced her to discard the potato preparation and try your vegetable compound. It began relieving her stomach and in a short time helped her astonishingly. It improved her appetite and strength to that extent, that just before she left, she was beginning to return to solid food. She authorized me to write you this statement accordingly."

THE CRY OF MILLIONS!

OH, MY BACK! SOON IT WILL BE TOO LATE. I have been troubled many years with disease of the kidneys and have tried many different remedies and have sought aid from different physicians without relief. About the 15th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was beat over, when I got down it was almost impossible for me to get up alone, or to get on my clothes, when I was prostrated by Dr. Housley, with the GREGGON KIDNEY TEA, to my hotel. I immediately commenced using the tea. It had an almost instantaneous effect, and to the astonishment of all the guests at the hotel, in a few days I was happy to state that I was a new man. I will recommend the tea to all afflicted as I have done.

MILLER, LINN COUNTY, OREGON, September 25, 1890.

MR. Z. T. WRIGHT, Portland, Oregon.

Dear Sir: In reference to your inquiry as to how I liked my Advance Thresher, purchased of you this year, will say, the Advance does more and better work than any other machine I ever saw, and I have seen all that are represented in Oregon.

It threshes faster, cleans the grain better, runs lighter and saves the grain better from the straw, than any other machine, and is strong and durable. I am ready at any time to go into a trial with any other machine [except the Advance] and thresh for me from \$100 to \$500. They are the best in the market without doubt. If you desire you can refer to me at any and all times.

I, D. MILLER, For further particulars address Z. T. WRIGHT, Albany, or Portland, Oregon. Send for his list of 193 names of parties who have purchased Advance Threshers in Oregon, Washington and Idaho.
