**Epoch.**  
The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the great alterative and tonic. If you are troubled with any disease of kidneys, liver or stomach, of long or short standing, you will surely find relief by use of Electric Bitters. "O, ah, let me see, what do you give for a cold on the chest?" asked Jones, in a sort of indifferent tone, of a doctor with whom he was slightly acquainted, as he met him on the street. "Advice," was the laconic reply. So do we. We advise you not to neglect that hacking cough and drooping feeling, the coated tongue, the falling appetite, the indigestion and general lassitude and debility—that "tired feeling" as so many express it. Take Dr. King's Golden Medical Discovery, in time, and it will not disappoint. It is not only the most wonderful alternative, or blood-cleanser, known to medical science, but also possesses superior nutritive and tonic or strength-giving properties. For Bronchitis, Tarsus and Lung Diseases, accompanied with lingering coughs, the "Golden Medical Discovery" is absolutely unrequited as a remedy.  
For Weak Lungs, Spitting of Blood, Short Breath, Consumptive Sweats, and kindred affections, it surpasses all other medicines. It's the only lung remedy, sold by druggists, guaranteed to benefit or cure, in every case, or money refunded.

**\$500 OFFERED**  
For an incurable case of Catarrh in the Head, by the proprietors of Dr. Sage's Catarrh Remedy. By its mild, soothing and healing properties, low long standing cases, no matter of how long standing. Only 50 cents. Sold by druggists everywhere.

THE DEMOCRATIC ATTITUDE.

The policy of the Democrats in the Senate is a very simple one. They have only to wait and watch to win.

In discussing and seeking to amend the Tariff Bill the Democratic Senators are exercising no more than their right and doing their duty. They are, furthermore, pursuing the regular and orderly and necessary parliamentary course of action which has been followed with every Tariff Bill or other important measure in that body since the formation of the Government. The illumination of the bill already secured is ample proof of the necessity of debate upon it.

As to the Force Bill and the gag rule, it is the aim of the Democrats to oppose both at every step and to the bitter end. It is creditable to the independence and patriotism of a large number of Republican Senators that they have revolted against the revolutionary programme of less scrupulous leaders. The Democratic members have only to stick to succeed.

TELEGRAPHIC NEWS

Screens Did It.

PENDLETON, Aug. 15.—A peculiar adventure was had with a bear Wednesday near the camp of J. H. Hubbard, who has charge of E. Gilliam's band of sheep on the east fork of Birch creek in the mountains. Mrs. Hubbard and child, about 2 years, accompanied Mr. Hubbard to his work. The child ran off some distance and refused to return, but wanted its mother to come to it. She did not do so and the child set up a mournful wail, at which a bear appeared upon the scene, emerging from the brush about sixty yards distant from the child. Mrs. Hubbard was stupefied with horror and unable to move. The bear advanced toward the child at a lively gallop and the mother then found her voice and rent the air with piercing screams. It was a case where feminine vocal organs were used to advantage for brain became frightened when he had nearly reached the youngster, turned and sneaked off. Mr. Hubbard who had been attracted by the cries, then arrived, but the infant was already safe in its mother's arms.

Independence to Monmouth.

INDEPENDENCE, Or., Aug. 25.—The trial trip of the train over the Independence-Monmouth railway took place this afternoon. About 200 citizens availed themselves of the invitation of a free ride. The train pulled out amid loud hurrahs. Trainsparancies were carried, and at Monmouth much enthusiasm was manifested over the first train. This morning the citizens of Monmouth have a banquet, at which the officers of the railway company and officials of Independence will be treated. Regular trips will now be made at 5 cents fare. The completion of this line marks an epoch in the history of Polk county.

More Prospects.

WASHINGTON, Aug. 25.—Special Agent Leland has wired the census office that he would make an investigation into the complaints and charges in Washington county, Or., which show a very imperfect census. The census bureau has assigned a different agent toward the complaints from Oregon, and it is believed that Leland has been humbling the office some information relative to the inefficient count made of the state.

Seam Business.

ROSEBURG, Or., Aug. 25.—A full gang of men are clearing the way, and 1000 more will be put to work on the Roseburg & Coos Bay railroad the middle of next month.

A Great Tunnel.

PORT HURON, Mich., Aug. 25.—Workmen engaged upon the two ends of the St. Clair river tunnel, between Port Huron and Sarnia, Ont., shook hands with each other this morning over the St. Clair river, and made the great subterranean highway echo with their cheers. This marks the completion of the greatest river tunnel in the world, and probably the greatest piece of engineering of this country. It is eleven feet longer than the Brooklyn bridge.

A Corn Fair.

VIENNA, Aug. 25.—The corn fair opened to day and was well attended. In the estimated crop of the world America is credited with 414,000,000 bushels of wheat and 1,600,000,000 bushels of maize, against 491,000,000 bushels of wheat and 2,113,000,000 bushels of maize in 1889.

What They are Good For.

BRANDY'S PILLS are the best medicine known.

First.—They are purely vegetable, in fact a concentrated food.

Second.—The same dose always produces the same effect—other purgatives require increased doses and finally cease acting.

Third.—They purify the blood.

Fourth.—They invigorate the digestion and cleanse the stomach and bowels.

Fifth.—They stimulate the liver and carry off vitiated bile and other depraved excretions.

The first two or three doses tell the story. The skin becomes clear, the eyes bright, the mind active, opposition is restored, constiveness cured, the animal vigor is recruited and all decay arrested.

Brandy's Pills are sold in every drug and medicine store, either plain or sugar coated.
