Blinding twine was put on the free list a few days ago. This move was distinctively in the interest of the farmers. It was a democratic move however as the republicans as a party were opposed to it. Twelve of their number, however, broke away from their party caucus and voted with the democrats. Had it not been put on the free list and it is believed now that when the tariff bill goes into the hands of a conference committee the duty will be restored.

It is said that the enumerators appointed to retake the census of Portland and Salem have all been put in possession of a circular letter prepared by Tom Reed explaining the process of counting a person as well where he is not as where he is. The count will be a big one.

TELEGRAPHIC NEWS

Portland's Population.

PORTLAND, Sept. 8.—The following census figures were given at a meeting of the Chamber of Commerce last evening: The re-enumeration shows that Multnomah county contains 75,257 inhabitants. This county, a part of 014,257 over the last biennial census enumeration. Of the 75,257, Portland and suburbs contain 62,442. This would make 12,815 for the county outside of Portland and suburbs, and are only separated from them by imaginary boundary lines. From them it is perfectly correct and fair basis for estimating there would be 6475 inhabitants to add to the city and suburbs, thus making a total of 68,917. Indeed there is every reason for the statement that not more than 6500 inhabitants reside in the county outside the city limits.

Record for High Jumping.

ELMIRA, Sept. 8.—At the Maple Avenue Driving Park this afternoon, the world's record for high jumping was broken by the horse Roserotto, owned by Moorehouse & Pepper, of Toronto, who cleared the bars at seven feet and five eighths of an inch. The best previous record was also made by Roserotto at Chicago, and was six feet, eleven and three quarters inches.

A Very Rotten Affair.

NEWARK, Sept. 8.—Mary Herbert and Marie Brown, daughters of prominent residents of Pleasanton, fought a prize fight in a sixteen foot ring, pitched in an old barn on the outskirts of that village, at 3 o'clock on Sunday morning. The cause of the fight was rivalry for the attentions of a young man named George Woodward. Thirty eight rounds were fought, in which both girls were severely punished, but neither had the advantage, and the combat was declared a draw. The combatants were strapped to the waist. Every part of their bodies exposed to view bore trace of punishment. The referee, spectators and spectators were all since declared the principals, Woodward has since declared he will have nothing to do with either of the girls.

Peace in Guatemala.

LA LIBERTAD, Sept. 8.—La Libertad has returned to a peace footing, and the country is enjoying tranquility. All the members of congress are now in the capital, and that body will assemble Thursday. Carlos Ezeta beyond doubt will be elected president. Geronimo Pout, confidential agent to Mexico, will be made minister plenipotentiary to the United States and Mexico. An Acapulco dispatch says Fabian Moran was not aboard the San Blas.

Two Brothers Killed.

NEW ORLEANS, Sept. 8.—Four men were out hunting alligators in the lake fields of the La Fourche parish Saturday. A terrible thunder storm came up, and before they could make the shore the boat was struck by lightning. The riot brothers were instantly killed, and another man, A. M. Kerlain was severely shocked.

Just Received for the Fall and Winter

To tell the truth, the stock of suitings in the tailoring department of L. E. Hain, is a large one, and entirely new. It has just been received for the fall and winter trade, the remnants of light weights having been placed aside. The new stock embraces a variety of designs in imported and domestic goods that is a credit to the city. The present styles are very attractive, and a big field is offered for a man to dress well, which is what the progressive citizen desires. Mr. E. A. Schiller, who is superintendent of this department, is an expert at the business, and a suit made under him is guaranteed a perfect fit, which is always guaranteed. The progress being made in tailoring is well exemplified in the manner in which Mr. Schiller conducts this department, and a larger stock and larger variety of goods is being carried for customers to select from than ever before.
