"THE KING'S TOUCH"

In England, two centuries ago, popular superstition credited the "Royal Touch" with curing scrofula. These superstitious practices have now become obsolete, and in their place we have a scientific remedy in Dr. Pierce's Golden Medical Discovery, which eliminates the impurities from the blood by the natural channels, thereby cleansing the system from all taints and impurities from whatever cause arising. It is truly a royal remedy, world-famed and the only liver, lung and blood remedy guaranteed to benefit or cure in every case, or money paid for it will be refunded. As a regulator of the stomach, liver and bowels, "Golden Medical Discovery" cures all bilious attacks, indigestion and dyspepsia, Chronic Diarrhea and kindred ailments. An efficient and blood-purifier, it manifests its marvelous properties in the cure of the worst skin and scalp diseases, Salt-rheum, Tetter, Eczema, and Scrofulous Sores and Swellings, as well as Lung-scrofula, commonly known as Pulmonary Consumption, if taken in time and given a fair trial. Warranted Dispensary, Medical Association, Proprietors, Buffalo, N. Y.

Some instructive data concerning the comparative cost of incandescent lighting have been published. The average cost of maintaining a 16 candle power lamp for twenty-four hours was shown to be 6-8 cents. A careful study of these data should be made by the owner of every office building, as it will unquestionably be to his interest to have an electric light plant installed with a view to giving his patrons the additional inducement of the electric light. The total yearly average cost per lamp in a modern office building should not exceed \$4, including every possible expense, aside from electric or complication fixtures.

TELEGRAPHIC NEWS

Census Frauds.

WASHINGTON, Oct. 12.—A dispatch from Washington, published in the New York World this morning, makes some startling charges against the census bureau. It states that for a month the bureau has been investigating to find the true source of the errors which have been proven to exist in all parts of the country and has in its possession evidence which implicates one congressman from Brooklyn, some political managers in that city, and a half dozen clerks in the census office in an attempt to defraud many of the states of the United States of their legitimate congressional representation.

Justice Miller Dying.

WASHINGTON, Oct. 12.—The great vitality exhibited by Justice Miller for shooting Eugene Cowley, published in the New York World this morning, makes some startling charges against the census bureau. It states that for a month the bureau has been investigating to find the true source of the errors which have been proven to exist in all parts of the country and has in its possession evidence which implicates one congressman from Brooklyn, some political managers in that city, and a half dozen clerks in the census office in an attempt to defraud many of the states of the United States of their legitimate congressional representation.

A Sharp Trial.

CLEVELAND, Oct. 12.—Shortly before the trial of C. C. Hale for shooting Eugene Cowley, began at Montreal, Mr. Cowley withdrew the petition for divorce he had previously filed, which attacked Mr. Cowley's character. This was understood here to imply a desire that the case against her brother, Mr. Hale, might not be pressed. Mr. Cowley, at any rate, responded by instructing his attorneys not to insist on a severe punishment, and Hale was left with a fine. As soon as the parties returned from Montreal Mrs. Cowley obtained an injunction restraining her husband from obtaining any money from the Cowley estate, and yesterday she filed a new petition for divorce, which reasserts the charges made in the first.

A Child's Death.

SAN FRANCISCO, Oct. 12.—Charles Templeton Crocker, the 6 year-old son of Colonel Fred Crocker, met with a fatal accident this afternoon while sliding down the banisters in the residence of his father, corner Leavenworth and Pine streets. The child's torso had left him for a few moments on the second floor and he started to slide down the banister. He had come down about half way when he lost his balance and fell to the floor below his head striking an iron railing. His skull was fractured, and he received several internal injuries, from which cannot possibly recover.

Outlawed.

QUEENSTOWN, Oct. 12.—Government detectives have been patrolling the harbor all day in boats and searching all tugs and tenders with passengers aboard for the steamers Umbria and Wisconsin. Mail trains arriving from Cork are also searched. It is evident that the authorities do not think O'Brien and Dillon have yet succeeded in leaving the country and they hope to intercept them. The steamships themselves have also been thoroughly searched.

Gift Enterprise.

Go and see that beautiful gold watch at the "Golden Rule Bazaar." Julius Gradwohl, the proprietor of the Golden Rule Bazaar, informs us that he has the Prize Baking Powder, and No 1 Japan Tea, expressly up for his business, and for the benefit of his customers, each box of baking powder will win a piece of fine glassware, and also each pound of the tea will win a piece of fine glassware, and customers who buy one pound of tea or a box of baking powder, which is warranted, will have a chance at that beautiful gold watch. He has also added a fine assortment of family groceries to his twenty-month stock of glassware and crockery which is the largest in the Willamette Valley. Go and see Mr. Gradwohl at the Golden Rule Bazaar, and you will find that nothing is misrepresented.

A Valuable Remedy.

How Edmund L. Pitts, the late president of the New York State Senate, writes: STATE OF NEW YORK, SENATE CHAMBER, Albany, March 11, 1886. I have used AZEVEDO'S PODOBIS PLASTER in my family for the past five years, and can truthfully say they are a valuable remedy and effect great cures. I would not be without them. I have in several instances given some to friends suffering with weak and lame backs, and they have invariably afforded certain and speedy relief. They cannot be too highly commended.
