LOCAL RECORD.

QUITTE ABSENT MINDED.—Absent-mindedness has many illustrations, but the act of a tobacco-chewer which was told us the other day, surpasses any yet. A stranger left the Unatilla House and went to the depot, procured his ticket and came back to the hotel to wait until the passengers had taken their breakfast. In his forgetfulness the tobacco-masticator had placed the ticket in his mouth and used his teeth to a good advantage in chewing it into small pieces. When the conductor gave the warning all on board he tried to find his ticket; but hunted in every pocket to no advantage. Feeling some foreign substance under his tongue he took out a corner of his destroyed ticket. That chew cost him \$3.55, fare to Portland.—The Dalles T. M.

ALBANY'S BIG PARTY.—Invitations are out for a select concert and cotillion to be given at Albany, under the auspices of Temple Commandry, No. 3, Knights Templar, in honor of the meeting of the grand commandry of Oregon there on Tuesday, the 28th inst. The committee in charge of this affair have arranged with Sig Liberal, the great musician and leader, to furnish the music on the occasion, with his entire orchestra consisting of fifty-one drilled musicians. Salem will be well represented at the sister city on this occasion. Already many are looking forward with great pleasure to the date of the grand party.—Statesman, Oct 28th is the date.

"CAP" HUMPHRY CONVERTED.—"Cap" Humphrey has been converted to the true faith. He related to a group of friends this morning that he had become a democrat, despite his long and faithful service in the G. O. P. He had been presented with a wash bill by an unfeeling Chinaman this morning, and he had concluded to join the ranks of the great "unwashed and unperfected," wherein the use of water is unknown. "Cap" was immediately surrounded by democratic friends and congratulations over his change of heart.—Pendleton E. O.

ENTERPRISING.—A B Seal, the T tourist, also coffee and spices, returned this morning from a jaunt in the Southern regions of Oregon. He has never been known to come back without a new gag, or something of a very modern nature. This time it is a good sized toy bag pipe, that sounds just like a big one, the bag being rubber a little heavier than that of toy balloons. As it is quite novel Seal has proven himself the hero of the hour and the center of attraction.

SHEDD ITEMS.—Last Friday night the residence of Mr Becker, the blacksmith, was partly consumed by fire, which caught from a flue, causing a loss of about \$150. Insured in the State of Salem.

On Thursday afternoon some one entered the residence of J H Campbell, during a short absence of the family, and completely overhauled trunks and drawers, emptying things promiscuously into one room, evidently seeking for money, which was not found, nor was anything else taken.

THEY HAVE COME.—A large and elegant assortment of suitings, never surpassed in Albany, and can be seen at W R Graham's. The designs are very pleasing and will suit the most fastidious. Mr Graham appreciating the desire here for stylish goods in elegant patterns has taken extra pains to bring on a stock of such suitings as will meet with general favor. If you would see the best stock of goods in this line ever brought to Albany call at the tailor shop of W R Graham.

THE ASTORIA B & L A.—At a meeting of the stockholders of the Astoria Building and Loan Association held Oct 1, \$1,200 was loaned out to the M E Church on 63 months interest in advance amounting to \$567, and \$1,400 to Miss Maggie Grant on 50 months interest in advance amounting to \$525.—Astorian.

The "Ophir" is the name of a new mining claim filed by Mr J H Early. It is located in the Quartzville district and it is hoped will pan out as well as its California namesake.

Mr Julius Joseph has decorated his cigar store so that it presents quite a neat and metropolitan appearance.

Hon Jeff Meyers, of Seely, was in the city to-day, meeting his constituency.

KID GLOVES I HANDLE.—Our Own, a genuine kid glove, warranted at \$1.50 per pair. The celebrated P Centimeter at \$1.60 per pair. The Mother in button and stay fastenings at \$1.75 per pair. The genuine Foster hook at \$2.00 per pair. Also Musquetair, Sued and Grace finish. SAMUEL E. YOUNG.

THE THOMAS KAY Woolen Mills of Salem have appointed G W Simpson their agent in Albany. A full line of men and boys clothing, blankets and flannels and all articles manufactured by the mill will be kept in stock. These goods are the best in the market and will give entire satisfaction.

BLACK DRESS GOODS.—I make a specialty of keeping a full line of silk wrap Henriettas, all wool Henriettas and all the late novelties in black dress goods. SAMUEL E. YOUNG.

ROOMS TO RENT.—Two furnished rooms near the college. Inquire at this office.

Umbrellas, Goggles and rubber boots in a shoe at the lowest prices at E. C. SEARLS.

I have just received a case of Standard prints which I will sell at 25 cents a yard to the collar. SAMUEL E. YOUNG.

Bargains at Road's.

SCIO.—Workmen have been making mortar during the week to plaster the new church. John Berry of Albany has the contract for putting on the plaster.

Eleven persons were baptized in Crabtree Creek last Sunday by Evangelist Lindsey.

Wanted.—A good baker with small capital is wanted in this city. A good oven with the latest improvements will be furnished him very cheap.

Within the past ten days a genuine life sized cougar has been roaming at his own sweet will on Hungry Hill just south of town. He has been seen by several different parties. Last Monday Mrs Dr Cole and daughter were riding toward Albany in a buggy on the Sanderson bridge road, and when near the Oakview school house, some four miles from town, they saw a large cougar, probably the same one seen by other parties in the neighborhood, in the road a short distance ahead of the team.—Press.

TAKE THE LEAD.—A Mercury reporter with three judges, called at J. M. Moyer & Co's store for the purpose of a brief conversation with one of the proprietors, Mr. L. D. Cole. Upon arriving at the store it was almost impossible to get through to the office, owing to the immense piles of clothing received from the mills at Albany. We were told that the stock before us was but a small portion of the fall invoice, and owing to the lack of room had to leave the remainder in the bale until this amount was sold out, which will require but a few days. After the examination this stock was adjudged the finest clothing that was ever made in the northwest.—Mercury.

AMONG BREAKERS.—An Albany is to have a bridge next year, probably about such a structure as Salem's, the DEMOCRAT will endeavor to keep our citizens posted about their trials and tribulations, and perhaps thus enable this city to avoid some breakers. The Statesman says, there are those in Salem—and they are many—who have been carefully watching the construction of the big Marlon and Polk county bridge across the river at Salem, who give it as their opinion that the big central pier that has just been completed is settling and is already several inches out of plumb. It is said to lean to the east. This is not given as a fact, but is gathered from current rumors.

BISHOP DUBS.—The celebrated Bishop Dubs, of the Evangelical Church, will preach at the Court House to-morrow night, and will no doubt receive a packed house. Our citizens have been pretty well filled up on the matters of this church; but as the Bishop is one of the central figures of the controversy, (an anti-Bowmanite), there will be a crowd to hear from headquarters.

DECLINED THE PRICE.—Early in the season some of the top raisers of Fox Valley contracted their hops at 17 cents, which was considered a good price then. One of the producers who refused to enter into any such arrangement was Mr Berry, who was in the city to-day and sold his crop for just double the price mentioned, getting 34 cents, a handsome figure. Hops were "in it" for certain this year.

WANT A LADDER.—Rescue Hook & Ladder Co, No 1, need an extension ladder quite badly, as has been demonstrated on several occasions, and will ask the council tomorrow night to contribute at least a part of the cost of a new one, and that body will no doubt consider the matter favorably.

THE DUBE GONE.—Advertising do wonders. It has most effectually banished the dube from the United States. It has also helped to build up a live grocery business for Conn & Hendrierson, of this city, where high prices are unknown. They keep a fine line of groceries, produce, etc., and doing their own work, sell at bottom prices, as can be easily learned by pricing their goods.

JACKETS AND WRAPS.—I am now receiving my fall and winter stock of ladies, misses and childrens jackets and wraps, which are of the latest style and good value, and as cheap as standard goods can be bought. I have on hand a lot of ladies Newmarket carried over from last year, which I am selling at cost to close them out to make room for new arrivals. SAMUEL E. YOUNG.

WATCH WILL & STARK'S.—Will & Stark have received a new line of elegant, as well as reliable watches, gold and silver, for ladies and gentlemen. They are offered to the public in Albany. They are attracting considerable attention, and buyers should not fail to inspect them.

NOVELTIES IN WASH FABRICS.—I have just received direct from Chicago novelties in wash dress goods. The new thing for fall and winter wear. I am receiving the largest line of staple and fancy dress goods ever brought to this market. Those needing their fall and winter supplies will do well to give me a call. SAMUEL E. YOUNG.

EVERYBODY SAYS SO.—If the wild waves could talk they would say, "Go to Powell & Co's for groceries and produce, or their stock is large, their prices low and quality the best." This is the universal verdict of their customers.

DO NOT RUN AROUND.—Every steamer however foggy the bar, brings to Albany an immense quantity of fruits and produce. The best and largest variety always goes to Powell & Co's. Their stands are always full of just such things as the public wants. Save running around by calling at their store first.

WALL PAPER.—I have just received from the east a large invoice of wall paper, borders, decorations, etc., including the plain ingrains which are becoming very popular. These goods are better styles and cheaper than ever before. SAMUEL E. YOUNG.

LARGEST IN THE VALLEY.—Will & Stark have received the largest and finest display of silver ware in the valley, as their elegant display of novelties in the line will testify. They invite the public to call at their store and see their fine metropolitan stock.

STOP THIEF.—Do not steal time, nor money by paying too much for groceries; but go to Muller & Garrett's and get some sweet potatoes, celery, cauliflower, bell peppers, all kinds of grapes, oranges, lemons, bananas, etc., just received by the last steamer.

MINIFITS.

The undertakers of Oregon will meet in Portland on the 20th instant. It is to be hoped they do nothing to increase the business.

No doubt a great many young men come to Oregon leaving sweethearts behind to fade and die of broken hearts. A postmaster in a neighboring city has received the following letter, which tells of such a case: "Will you please be so kind as to inform me if Mr. _____ has taken his mail from your office since August 16th. Please make a few inquiries about his whereabouts for me. If he was dead no one could inform me. Perhaps he has found a Western lady and forgotten his Eastern one."

It makes no difference to the business of Albany or any part of it where the new bridge shall be located, just so the city gets it. When the location is selected there should be unanimity towards raising the money for it regardless of its site. The bridge is what is wanted.

Wholesale dealers have notified our local hardware merchants that the price of cutlery has advanced one third. This is due to the McKinley bill, and will be a good thing for manufacturers, already making enormous profits. The farmer will like it, "in a horn."

A Grand Ball in a Bachelor's Hall.

ALBANY, Oct. 12, 1890. On Friday night, last, a party of young folks gathered at the residence of F. S. Ingram, for the purpose of having a little neighborhood dance, which was the first of the season. The whole neighborhood last season was too dead even to bury, so the boys have decided to make up for it this year, and, as luck has it, they have opened up with a splendid beginning, which deserves much credit, to which I am going to endeavor to do justice to-wards.

The music was furnished by D. Hogan, of Tangent, and Wm. H. Looney, son of the late A. S. Looney. They did their part well. Soliciting committee, George Hopple; committee on refreshments, Hike Holing; caller, Mr. Woffard; floor manager, H. Holing. Only a small crowd was expected though there was a houseful and plenty of girls. The kitchen was cleared and two sets run till day break.

Some declined to attend on account of its being a bachelor's hall; but the crowd that was there has attended many an entertainment that they did not have near as good a time at. I overheard Mr Ingram say that he only regretted not having a good house for us. Good houses do not always give the most pleasant receptions. I took particular notice that everything was in perfect order, a place for everything and everything in its place. The ladies dressing room was only a picturesque of beauty, the most neatest lady could not have shown more neatness. I must say that Mr Ingram is an exception of a housekeeper, and not only an exception, but the house to give an entertainment. I never have seen guests go away from a place any better pleased, as I have heard so many of them express themselves as to the pleasures they had and how he got about to make it pleasant for us. HIS UNKNOWN FRIEND.

Buggies and Hacks.

The best makes are to be found in Albany at Price & Robson's, who have just received a carload of the finest hacks and buggies to be found. Their prices, considering quality, are remarkably low. It pays to ride in a good buggy or hack. Keep this fact in your head and when getting one call on Price & Robson, who have the largest variety to select from.

There are seven furnaces, three of which are in Douglas county. The yield of cinnabar was in 1889, 92,964 short tons or 16,464 flasks. The amount of wages paid was \$626,259. NOT ISOLATED CASES.

To show that the cures made by Joy's Vegetable Sarsaparilla are not only not exceptional cases, but that it helps everybody, we cite a few instances where two in the same family took it and were both cured.

Thomas Stephens, of 158 Sixth St., S. F., took it for weak stomach and dyspepsia. It entirely cured him. He then gave it to his wife for her sick headaches, since which time she has had no return. It cured them both.

Mrs. R. L. Wheaton, of 704 Post St., S. F., was a sufferer from stomach and liver troubles and biliousness. Finding that it relieved her, she gave it to a little girl living with her whose affliction was a large open sore which nothing seemed to heal. It also cured the child.

H. S. Winn, of Geary Court, Geary St., S. F., prominent in the Order of Red Men, was very feeble and greatly reduced. Joy's Vegetable Sarsaparilla restored his health and accustomed vigor. He thereupon gave it to his wife who was similarly afflicted and had nervous prostration. It had the same happy effect upon her it had upon him. Scores of similar cases could be cited but we have no room for them here.
