

LOCAL RECORD.

A RECEPTION.—Last evening at the Baptist Church a formal reception was given the new pastor, Rev. G. W. Hill, and he certainly must have felt that he was welcome from the warmth and good will displayed. Besides a social time generally a program full of interest was presented, with Mr. H. F. Merrill in the chair. Rev. E. N. Condit opened with prayer, followed by a finely rendered quartet by Chas. Hart, Sherman Thompson, Dr. Aubrey and O. P. Coshaw. Mr. John Forsyth delivered the address of welcome to the new pastor, which was responded to by Rev. Hill in a very happy but earnest manner, leaving a good impression on the minds of those who listened to it. A duet was sung by Mr. Hart and Miss Rose Trumbull, a solo by Miss Trumbull, a couple songs by the quartet, and remarks were made by Revs. Irvine, Prichard, Shangle and Stewart. A very palatable lunch of sandwiches, pickles, cheese, coffee and cake was partaken of, and a social time followed before adjournment.

THE RECORD BEATEN.—Romero and Juliet will please take an attic seat now that the following has occurred: W. H. Gore, of Portland, and Miss Sophia Ish, of Jacksonville, were married by Rev. M. A. Williams at Medford on Wednesday. Mrs. Gore one year ago was the wealthiest lady in Southern Oregon, having inherited from her father, the late Jacob Ish, a fortune valued at \$100,000. Mr. Gore was peculiarly poor, but rich in all the attributes of honorable manhood. Mrs. Gore's relatives objected to the match on account of the difference in the circumstances, and she deeded all of her property to her relatives and married the husband of her choice. They left for their home in Portland.

A EXCESS OF SPIRITUALISM.—Mr. and Mrs. Hill, living on the bluff, under the guidance of a Mr. Dick were initiated in the spiritualistic circles of Portland, and faithfully attended seances for several weeks. The mental strain thus brought on resulted in a state of trance lasting three or four days. The couple broke up some of their furniture and the wife's hair was cut off in an uneven way. Mr. and Mrs. Hill evidently "rattled" with spirits.—Oregon City Courier.

REDUCTION WORKS.—Denver people are to build a reduction plant in Baker City to cost \$50,000 and it will be known as the Baker City Oil Concentrating and Sampling works. It will consist of a ten stamp mill, rock crushers, Laxivation plant and Criley-Everson oil concentration plant and all things required in the reduction of all kinds of ore into bullion. Albany will soon need a reduction work as large or larger.

A WILD HOG'S BITE.—This morning Mr. Ed Chambers was trying to catch a wild hog near Knox's Butte, when the animal got the best of him, grabbing one of his hands, nearly severing the two smallest fingers, making a serious wound. Mr. Chambers came to Albany, where Dr. Maston dressed the wound.

ON THE RIVER.—Several of our valley exchanges are trying to figure out how many and what boats will run in the river this winter, but the more they figure the more mixed up they get. In fact they know nothing about it. At the present time the river is nearly at low water mark; but the prospects are good for rain during the winter.

NEEDS A SPECIAL LAW.—Joe Smith was tried at Eugene yesterday for killing Ambrose Ott, whom he had shot for a deer, and was found not guilty. There's the trouble. Without a special law for such cases no one can ever be convicted, for it is easy for the man who did the shooting, he generally being alone, to prove that it was purely and excusably accidental.

TO-NIGHT.—The social to be given at the residence of Mr. Geo. E. Chamberlin this (Friday) evening, by the ladies of the 1st Presbyterian church, promises to be a very entertaining and successful affair. A short musical program by some of the best musical talent of the city will be rendered, games, etc., will serve to while away a few hours pleasantly to those who attend. Come one, come all.

SOME ADVICE.—The Rosalia Rustler offers this advice to farmers: "Hold your potatoes and oats and sell your wheat. The two former are bound to be worth far more than they are now, while it has been decreed by the railroad companies that wheat shall not advance. Oats will be worth \$1.75 before next harvest."

THE MOST CARPETS.—Fortmiller & Irving have greatly enlarged their carpet department, and now carry one of the largest and finest stock of carpets in the Valley, embracing a choice variety of the latest designs. This stock is a splendid one to select from, including all grades for all kinds of rooms up to the most elegant parlor. Call on them for bargains in carpets.

DON'T RUN AROUND.—Every steamer however foggy the bar, brings to Albany an immense quantity of fruits and produce. The best and largest variety always goes to Powell & Co's. Their stands are always full of just such things as the public wants. Save running round by calling at their store first.

WHO PAYS THE FREIGHT.—Why Matthews & Washburn. They have paid the freight on two car loads of stoves and ranges since Sept. 1st 1890 and have another car load on the way.

SPORTSMEN, READ.—Do you want a first-class bird dog, choice English pointers and English Llewellyn setter puppies. Also a thoroughly broken pointer—retrievers to hand and staunch on point. For sale. Write for particulars at once; address J. W. VINEYARD, Corvallis, Or.

COURT HOUSE NOTES.—The transcript of the assessment roll of Linn county was completed this afternoon and will be sent to Salem in the morning.

The will of Mr. Preston Munkers, a Linn county pioneer, who recently died, near Seila, has been probated. He left an estate valued at \$15,000.

Judge Blackburn presided at the session of County Court, this week for the first time in several months.

Herman Bulow and Heneitta Kunrie have been licensed to marry.

With an empty Treasury W. E. Carl takes it as easy as a railroad commissioner.

Sheriff Scott will begin tax collecting at Rock Creek on Monday, Nov. 24th.

County Clerk Payne now has two deputies, a son, who recently took a course at a Portland business college, and W. C. Powell.

It has been remarked that the County Court forgot to order the electric lights recommended by the grand jury. It is noticeable that not much attention is paid to the advice of grand juries anywhere.

ACCORDING TO POPULATION.—"In a recent issue of the ALBANY DEMOCRAT one of our items, to the effect that according to its population Monroe was the best trading point in the valley, was printed with comment that for bluster Monroe was nearly equal to Roseburg, etc., etc."—Cor. Junction City Pilot.

In its original article the correspondent said Monroe was the best trading point in the valley. "According to population" was not in the item at all, and the DEMOCRAT of course took it up, not intending to imply that Monroe is not a good trading center, and as changed with the words "according to population" we are half inclined to believe the statement would be correct. The correspondent gives the following facts to corroborate it:

The general merchandise store of A. Wilhelm & Sons employ five men all the time, and their average daily sales are over \$350, which in a year would amount to upwards of \$120,000. The store of S. G. Thompson also employs a large and profitable trade and keeps three men employed most of the time, but we are unable to say what their average sales amount to.

HEARTS OF OAK.—The company presenting this well known play is composed of some of the best known players in the country besides the author, Mr. Jas. A. Herne, who created the part of Terry Denison, the sailor miller, is well known on the Pacific slope, being at one time leading man at the Baldwin theater in San Francisco, at the time that John McCullough, Louis James, old man Condit and other more noted stars were in the stock company. He is assisted by such well known comedians as Chas. H. Clark and F. Chipendale, who for 12 years have played the parts of Uncle David and Owen Garraway. The leading lady, Miss Marion Abbott, until this season, occupied the same position at A. M. Palmer's Madison Square Theater, New York, which is reputation enough to commend any artist.

LEBANON.—Ben. Barker is building two houses near the railroad; the frame of one was up as early as Monday.

At a meeting of the town council Wednesday night an ordinance was passed placing the saloon license at \$200.

Some Albany men are constructing a boom on the Santiam just above the bridge, the object being to prevent a reputation of the damage done by the high waters of last spring. By confining the river to the main channel the danger will be averted.

We overheard two business men talking about Lebanon's future. Both of these gentlemen placed our population, a few years hence, at from five to seven thousand. One of the gentlemen—and by the way he has no interests here that we are aware of—placed the population at 15,000 in the event that certain conditions are fulfilled, and these conditions are not improvable by any means.—Express.

HARRISBURG.—Our young people have organized a literary society. It is styled the Utopian Society, and has already forty members. The following officers have been elected: president, Miss Ellen White; vice president, Clarence Williams; secretary, Chas. Lewis; assistant secretary, C. Briggs; treasurer, Miss Edith May, and marshal, F. Krusel. The Utopian Journal has been established, and with Barney May at the helm, assisted by Grace Wood, we predict the Journal will be a success. The society meets every Thursday evening and will be the means of having the members spend a pleasant hour during the winter.—Cor. Pilot.

A CAYOTE HUNT.—One of the liveliest cayote chases on record is reported by the Gervais Star. "Wednesday some young men discovered a cayote on the lands of O. Thibodeau west of town, and at once gave chase. They followed the cayote until their horses gave out at which moment Pete Mickel, the Gervais butcher, mounted on his gray charger, with which he has run many a bovine to earth, arrived upon the scene of action and at once entered the race and followed the fleet cayote for a distance of about four miles, when he succeeded in ending his career by a well directed shot."

HEADS.—At the depot this noon two men were talking about heads, and they came to the harmonious conclusion that the size of heads had nothing to do with the amount of brains. As one of them wore a 7 1/2 and the other a 6 1/2 hat it was the natural conclusion to come to. The golden mean is just half way between. That's about the writers size. Ahem!

A PETRIFIED POTATO.—The S. P. depot is a great place for curiosities, peculiar events, etc. This noon a DEMOCRAT man was shown what was declared by the baggage man to be a petrified potato, and informed that a Santiam man in digging his potatoes found them mixed up with his potatoes promiscuously. There are evidently several petrified Eli Perkins in this country.

JACKETS AND WRAPS.—I am now receiving my fall and winter stock of ladies misses and childrens jackets and wraps which are of the latest style and good value, and as cheap as standard goods can be bought. I have on hand a lot of ladies Newmarkets carried over from last year, which I am selling at cost to close them out to make room for new arrivals. SAMUEL E. YOUNG.

MINUTS.

The present outlook is good for a very sociable season. That's what we need.

"Show me the man who struck Billy McKimley," promises to be the saying of the day.

It costs \$200 to take an insane person from Baker City to Salem. Stop the insanity business then.

D. C. Ireland, the founder of the Astoria Pioneer, is again at its helm, the paper having changed hands numerously in the last year.

Mrs. McGinty has begun a suit at New Orleans for \$30,000 for the loss of her husband. It will be of general interest to know that McGinty went down at New Orleans.

Two Italian women arrested in Astoria Tuesday for peddling without a license, were tried in the police court and fined \$50. In defense of payment they went to jail. That is a pretty savage way of doing things; but no doubt there was provocation.

The suggestion to organize a new county from the northern part of Crook and name it McKinley is made. We think in memory of the June unpleasantness it should be called Porter.—Telephone. Another jump into the fire would be to call it Reed. Better call it Cayote or Sage Brush.

A P. Fletcher, of Lafayette, while plowing last week, turned up a Spanish silver dollar dated 1784. It is supposed to have been lost by someone traveling along the old military road many years ago. Linn county farmers turn up money by plowing for wheat and potatoes.

There are some things the outside world will never understand. One is how an inch constitutes a square in measurement of space in a newspaper. It is puzzling; but not so puzzling as how three lines of nonpareil make a square, the rule in Astoria.

The Sunday Mercury says a neighbor in a certain locality in East Portland saw a "young lady" deliberately, and without provocation hug, kiss and caress her wash Chinaman against the peace and dignity of that city. That was shameful, and these undue relations with foreign nations should not be encouraged.

A McMinville man has just been the means of separating a man and wife near Monmouth, and the DEMOCRAT in giving an account of it gets down to business with the following suggestion good for this or any community: Any one who will step between man and wife and destroy the happiness of a household as has been done near this city during the past week deserves a coat of tar and feathers and have the dose repeated until the party either concludes to emigrate or become a moral being.

My friends are surprised to see me look so well. When I commenced treatment I weighed only 95 pounds, now I weigh 113 1/2. I cannot thank you enough for the relief you have given me. I am sincerely, your friend, Wm. McCutcheon.
