#### DAILY DEMCCRAT.

Most of the express companies are about to raise their rates. Onr United States postage laws have long played in the hands of exprescompanies, so as to give them the advantage in sending small parcels for short distances. Evidently the managers of these companies think this policy will continue. Postmaster-General Wanamaker will and to his popularity and do the business public service by recomending a parcel post under control of the United States, the same as letters and papers are now carried. On nearly every train now there is a postal car and an express car. It would be cheaper and better to have one set of men in charge of both.

The exports and imports of silver for the past two months practically balance, thus leaving the supply undisturbed by foreign movements. Domestic production appears to exceed the amount taken by the treasury and used in the arts. After rising to 120 it had declined to 103 per ounce, speculators at home and abroad having been forced to siquidate.

WALL PAPER.-I have just received rom the east a large invoice of wall pa-oer, borders, decorations, etc., including the plain ingrains which are becoming very popular. These goods are better styles and cheaper than ever before. Samen E Yorso.

### The Road to Wealth

Cannot be successfully traveled with-out good health. To reach wealth or any coveted position in life requires the full covered position in life requires the full possession and operation of all the faculties kind nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spiesn are torpid, thus obstructing the socretions, causing indigestion and dyspopala, with all of their accompanying horrors.

and dyapopala, with all of their accompanying herrors.

DR. HENLEY'S
Englise Dandelion Tonic exerts a sperific influence over the liver, excites it to healthy action, resolves its chronic engargements, and promotes the accretions; curse indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.
