LOCAL RECORD.

AN EXAGGERATION, -A writer in the eform Journal of Portland, successor to eform Journal of Portland, successor to e Pacific Express, writes a letter on the illey, including Albany. Reform jour-lis ought to tell the truth; but it is a pellar fact that meny of them are run by ipracticable men who never look at a ling with straight eyes. Albany has ver had a boom. Spokane Falls, Tacoa and Seattle bad booms. It has not an debtedness of \$75,000, and it is not and yer has been run by speculators. But re is the article: Albany has experience of late a boom, a result of some railread liding and some extraordinary efforts of ceulators. It is a pretty town, with electing the process of the pretty town, with electing the pretty town, where we have the pretty town, we have the pretty town the pretty town, where we have the pretty town the pretty town, we have the pretty town the culators. It is a pretty town, with elec-tic lights, street cars, and water works, and also an indebtedness of \$75,000, re-cently voted for public improvements, some of these days the speculators will have the place and the property owners will be burdened with taxes beyond en-durance. Booms are a curse, destroying legitimate enterprises, leaving in their track plenty of notes, and mortgages and exorbitant municipal taxes. Beware, there-fore that the next legislature does not vote an appropriation of \$250,000 for the World's Fair exhibit, to be levied on the name owners for the benefit of the town orid's Pair exhibit, to be levied on the me owners for the benefit of the town omers and money loaners. Among the bestantial men who vote about right are to Knox's, W E Kelly, Rev Pisher, A Jurothers, J M Archibald and others.

Comostry.-W A Hansen, an embye of W D Fietcher, the jeweler, has ove of W D Fietcher; the jeweler, has lite a curiosity in his possession, a tich whose every portion except the se was manufactured by himself by md. Mr Hansen is a native of Den-ark, and made the watch while at ppenhagen. It was a three months' diops job, but he now has as good a ne-piece as any machine made watch tee land, and one that any man would proud to carry as a curio.—Pendleton proud to carry as a curio.—Pendleton D. The man would be more of a curi-ty than the watch.

ALSEY has four churches, the M. E. istian, U. P. and Baptist; a W C T U Islan, U. P. and Baptist; a W.C.T. U. I.O.G.T. lodge, a lodge of Masons with following officers: W.R. Garrett, W. W. II. Mr Cort B Winn, Wells Fargo's agent at this city, left this noon for San Fran-cisco, on a two week's trip, going by way of Yaquina Bay. Saturday evening a pumpkin pie social was given at the G. A. Mr. Thos Alphine, of Millers, came into the office to-day to tell the DENOCHAY that the McKinley bill would soon be cooked. Ite is very hilarisms over the recent "Waterloo."

Mr. and Mrs. Alex Fick, of Iowa, who have been visiting relatives in this city several months, left this noon for home, accompanied by their sephew, Mr. Int Cox, who expects to be gone a couple of months. Being a native Oregonian he will probably have an opportunity to learn what real winter weather is.

APPER POSTRY .- R R Parrish, of Port land, has been in Ashland this week in the interest of a publication project he has on hand. It is not a real estate boom paper this time, but a boom in poetry. He is endeavoring to make up a display of Oregon poetry for the World's Fair, and hopes to induce all the poets of the state to take an interest in the scheme and join him in the publication of a complete collection of poetry by Oregon authors.—Ashland Tidings. Mr. Parrish was recently in Albany, where he got track of several poets. Of late years, though, there has been very little produced. This is not a very poetic age. land, has been in Ashland this week in

They will hear of the bargains offered on Yaquina Bay ere long, will visit us, when our rich lands and magnificent climate will capture the new comer without an effort.—Toledo Post. The Democrar has been unable to trace the matter up, but expects, b'jersy, that it is true. that it is true.

On Roberts Creek, Douglas county, and within a radius of ten ailes, are an iron mine, a lime stone quarry, a marble quarry and coal in vast quantities. It might be worth the while of some capitalist to make an inspection of these properties.—Ex.

Items like the above can be written about many of the counties of Oregon, Take Lino, for instance, and we have gold, silver, palot, plumbago and coal within a small radius. This is a great country.

AN ON TEAM .- Hello there, DEMOCRAT AN OXTEAM.—'Hello there, DEMOCRAY, come out here, quick," frantically cried some one at our front door. "Look there, will you," said the man pointing to an ox team going by. Sure enough and right n the streets of the gem city of the valley. A very rare sight here now, but one which was directly the opposite in the early days of Oregon.

MISPITS.

When any one asks you how you feel, if not well, you should say be Land not badly, as is the custom with many, an adjective and not an adverb being proper.

The DEMOCRAT sees items from every part of Oregon about medicine company's that have been doing the town. They give first-class entertainments; but their nostrums are generally dubious affairs that should be handled with tongues.

U.S. Grant, postmaster at Dallas, Oregon, informs the Salem Journal that George Washington of that place has skipped out to parts unknown. George should have had more respect for the father of his country than to throw such a stigma on the familiar name of George Washington. The assistant postmaster at Dallas is Miss Keltie Grant.

If any one thinks that street railway ompanies do not pay, he can do some fig-uring on the following: During the month the Portland exposition was open the Washington street car line carried 352,600 passengers at five cents each, which would amount to \$17,630. That company gave \$1,000 towards the expenses of the Expo-sition.

The intelligent compositor is some times wiser than he kifows, says the San Francisco Examiner, and that was recently when setting up a list of persons whose claims against the city had been ordered paid by the board of supervisors, he substituted a k for an I and prefaced the statement that the following bilks were ordered paid." God bless the intelligent compositor! He has a bad heart, but his hand is true.

Of the thirty-two all round athletes in a New York club of five years ago, three are dead of consumption, tive have to wear trusses, four or five are lop shot dered, and three have catarrh and partial deafness. As far as general health and longevity go, the dry goods clerk outdoes the athlete. These facts give us renewed energy to pusa ahead with our great undertaking of getting out a newspaper without being an athlete.
