LOCAL RECORD.

NEEDS REFORMING.—If there is anyone who needs reforming it is the editor of the Reform Journal, of Portland, who is writing up the valley. We do not know about Eugene; but the statement in the following item, implicating Albany, is not correct. There are no red flags here, and merchants, generally, tell the Democrat that business has been better this year than ever before. Aggregate sales are larger and more cash is paid. Because people do not subscribe for a reform journal, that they probably do not want, is no sign that business is poor, though some probably tell the canvasser so in order to get rid of him; a great mistake. Here is the item:

To look at Eugene a person would think there was great prosperity. After talking with some of the merchants and laboring men, we found unfavorable reports. Several of the merchants claim to be closing out business, having their red flags out indicating closing out sales. One of the oldest firms in town told us they were winding up their business as fast as possible. The laboring men claim that there is little to do in town. Of course this condition is not confined to Eugene; Albany, Salem and other valley towns are about the same.

RENOVATION'S STYLE.—The city marshal issued word to his deputies last night that the "rounders" must go. Officers Durham, Culp and Johnson made the rounds of the saloons as soon as the order was received, and quietly informed disreputable characters, who eke out a precarious livelihood by preying upon the community, at least the "sneaker" portion of it, that the city could easily get along without them—their rooms were better than their company. About eighteen in all were notified to leave town by morning. Some obeyed the order, but others yet remain. Marshal French stated to an E. O. representative that his order would be strictly enforced.

AN UNCERTAINTY.—Recently an item appeared to the effect that a Nebraska man had traded a farm there with a Brownsville man for some B. & C. M. stock. Inadvertently this was mistaken for woolen mill stock, and commented on; but it is simply mining stock, and there is sufficient uncertainty about any mining stock to make the transaction interesting. The owner of the stock, though, gets more of an uncertainty in getting a Nebraska farm, besieged by cyclones, blizzards, and drought.

A WONDERFUL TRACK.—The West Shore, just out, gives a picture of a train of cars turning a sharp corner, the first case on record. The West Shore is getting out a fine journal, but its Columbia river scene takes the pie, so far as the train is concerned. It is possible an endeavor is being made to solve the problem of how to square a circle practically.

THE COLLEGE.—Yesterday afternoon the Arion Society of the College elected the following officers: Miss Eva Baltimore, President; Frank Breckenridge, Vice President; Miss Eva Simpson, Secretary; Ed Crossen, Treasurer; Miss Alice Moses, Critic; Miss Mary Cundiff, Sergeant at Arms. The attendance at the College is now large, 160 being enrolled.

WHISTLES.—I whistle for L. E. Blain, leading clothier and furnisher. Boots and shoes at lowest prices was the motto on a little duplex whistle L. E. Blain received this morning, one thousand of them, and gave to the boys of the city who streamed into his store in crowds. As long as they last they will be given away. A few more left. See his train of cars puzzle. It is a good one.

MET AT WEST SHO.—Yesterday a broad gauge train met a Narrow Gauge train at West Sho. The N. G. must have felt very small and contemptible. Of all useless things in the world the Narrow Gauges are about the worst.

THANKSGIVING FOWLS.—Nice fat turkeys and fat, tame ducks for Thanksgiving at Conn & Henderson's. Leave your order right away and then you will not be disappointed in getting your supply for that day.

NEW CARPETS, new carpets, new carpets and new styles, latest patterns, the best in the market, just received at A. B. Mellwain's. The stock is large and choice, selected for this market, and people wanting the best carpets at the lowest prices should call and inspect his splendid stock. It was bought low and will be sold low.

DON'T RUN AROUND.—Every steamer never foggy the bar, brings to Albany an immense quantity of fruits and produce. The best and largest variety always goes to Powell & Co's. Their stands are always full of just such things as the public wants. Save running around by calling at their store first.

ONE HUNDRED WAGONS just received, which I am going to give away free, one with each can of Forest City Baking Powder. Come early. C. E. BROWNELL.

WALL PAPER.—I have just received from the east a large invoice of wall paper, borders, decorations, etc., including the plain ingrains which are becoming very popular. These goods are better styles and cheaper than ever before. SAMUEL E. YOUNG.

A \$70 MUSIC BOX, given away Jan. 1st, with every dollar's worth of goods you buy; you get a ticket on the box. J. A. CEMMING.

E. C. Searle, is selling his entire stock of dry goods flat cost, to make room for a large line of boots and shoes.

A PROCESSION OF BOYS.

Whistling for T. L. Wallace & Co.

This afternoon fully a hundred boys marched through First street, making music on calliopes, presented them by T. L. Wallace & Co., and carrying a couple of banners labeled, "Big Bargains and Honest Goods at T. L. Wallace & Co." "Everybody Whistles for T. L. Wallace & Co." The procession attracted great attention, as well as the noise made by the calliopes, and T. L. Wallace & Co. held the fort, having a big crowd inside as well as on the streets. There is nothing like this.

A FACILEY TRESTLE.

Last evening the Railroad Commissioners of Oregon, after having heard the testimony of thirty-two witnesses on the cause of the Lake Labish railroad accident, found that there was no satisfactory evidence in support of the proposition that a rail had been removed. That the train was going at the rate of about twenty miles an hour when the air brakes were applied, causing the structure to give away 600 feet south of the north approach. The Board specifies the defects of the trestle as follows: "Bents, considering the nature of the ground, it being boggy and spongy, were too far apart; ties were too widely spaced; guard rails were in a state of decay and but few properly fastened, and as frail as to afford no safe guard. That much of the timber in the bent, especially the caps and sills had more or less decayed, and that the bents were not securely sway-braced; that some of the piles supporting the bents were unsound, and that many of the stringer bolts had been allowed to become loosened." The conclusions are those generally held by the public, regardless of prejudice against the road. It places the responsibility on broad shoulders, and probably where it belongs. Had the train been wrecked purposely only pure meanness could have been the incentive, and it is hard to think of any one being so depraved.

THE MAN ABOUT TOWN.

The Man About Town is requested to tell the boys to look out for Otto Salinger's hand organs.

The person who is not faithful in little things can never be depended on if a mountain is to be moved with enormous salary attachments.

The M. A. T. saw two men to-day pitching quits, a rare sight in Albany, and one not common in metropolitan cities. There are plenty of men who used to make ringers right along.

A man and his wife had loaded, with difficulty and a big box of wood a wheelbarrow. It was in the dusk of evening, saffron robes tinted with gold covering the western heavens. "You wheel the load," said the husband, "and I'll go ahead and find the way in the dark." He wore pants and had a mustache; but he was not a man, nor the tenth part of one. He meant business, for he was too lazy to pull a joke out.

The Man About Town has seen more ill feeling engendered over small things than big things. Eugene was recently shaken to the center by a small boy. It was the one Rev. Driver got after. The county was put to an expense of several hundred dollars and no good done; but some evil, Rev. Driver, than whom there is no abler divine on the Pacific Coast, being more criticized by the people of the city than the boy, because he showed temper, while the boy showed a thief's hoodlumism.

The Man About Town has often observed the different modes of young men to gain the affections of young women, many of them appearing to think it is a matter of favors and not of character or natural affection. The following from the Junction paper illustrates the matter: A young man who lives about one mile east of the Harmony school house was recently overheard soliloquizing thus: "When I bought that buggy I thought I would be solid with her sure, but since she has gone back on me so completely, I am going to sell the buggy. I'll have to take the whole price out in slunk pellets."

BORN.

FROMAN.—In Albany, on Saturday, Nov. 22nd, 1890, to the wife of Mr. Grant Froman—a boy. The little fellow's first words were "more copy."

HE FOLLOWS.

People who are Easily Deceived, He Has Caught Right so far.

A city druggist charged that he had had eight calls for Joy's Vegetable Sarsaparilla but had sold his own every time. It did not occur to him that it might be a wily rascal to give his old time mercury and potash preparation to people who do not need syphilitic treatment. It is safe to say that not one person in ten has a syphilitic trouble. Hence what do they want with such dangerous poisons as mercury and potash? What nine-tenths of our people are troubled with is indigestion, dyspepsia, sick headaches, constipation and face eruptions, all of which are the legitimate results of improper liver and kidney action, or impaired digestive organs. Those disorders do not call for syphilitic treatment, but for mild vegetable liver, stomach and bowel alteratives. We are surprised that intelligent people should be persuaded into taking a mercury and potash sarsaparilla. When you ask for Joy's Vegetable Sarsaparilla, see that you get it.

Are Dr. Darrin's Cures Permanent.

This question is often asked, as many of the cures are done so quickly. That they are permanent no one will attempt to deny, after reading the following list of names our reporter met at Dr. Darrin's office, who had been cured two or three years ago.

Mr. William Parrott, of Middiston, Or, was almost totally deaf for years, cured two years ago. Rev. M. M. Baanor, of Brooks, Or, cured of nasal and throat catarrh three years ago. Mrs. F. A. Morris, Nowberg, Or, says she is cured of asthma and bronchitis of ten years' standing. S. J. was cured three years ago. Wm. M. Colwell, Skamokawa, Wash, sciatic rheumatism and liver complaint, restored to health; also his brother, Geo. L. Colwell, Skamokawa, Wash, was cured of a numbness of the arm two years since. Mrs. M. Abif, 169 North Fourteenth street, Portland, cured three years ago, after nine doctors had failed of painful menstruation and womb trouble in every conceivable way, general debility, pain through the heart and lungs. Hundreds of other patients could be named had we space to publish them.

The doctors are crowded with patients from 10 a. m. to 8 p. m. Mrs. Darrin are no doubt the hardest worked men in Portland. The doctors have a large country practice and send their electric remedies to anyone desiring home treatment for any curable chronic, acute or private diseases, which are kept strictly confidential.

One of the doctors is visiting different towns in the state to better accommodate those who find it impossible to come to Portland. One of the doctors will be at the Washburn Hotel, Baker City, Nov. 17 to 22. The Umatilla house, The Dalles, Nov. 23 and 24; the Origo hotel, Astoria, Nov. 25 to 30; Eugene City, Dec. 1 to 6. The head office at 70 1/2 Washington St. Portland, will run as usual. Consultation and examination free. All classes treated free from 10 to 11 daily.
