LATHUR, Mich., Mar 6, 1890. "The Al-cock's Porous Plaster you sent me came just in the nick of time. We have all had the 'Grippe' and, of course, we all had to have a plaster over the lungs. I verily believe they kept me from having inflammation of the lungs, or something else, when I had the 'Grippe,' and perhaps saved my life.

I never intend to be without them as long as they are made. Please send me another dozen as the last are all gone but one. I gave several of them away, but they all did good in every case, so far as I could learn."

SYMPTOMS OF CATARRH.

Headache, obstruction of nose, discharges falling into throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; eyes weak, ringing in ears, deafness, difficulty of clearing throat, expectoration of offensive matter, breath offensive; smell and taste impaired, and general debility. Only a few of these symptoms likely to be present at once. Thousands of cases result in consumption, and end in the grave.

By its mild, soothing, antiseptic, cleansing and healing properties, Dr. King's Remedy cures the worst cases. "Cold in the Head" is cured with a few applications. SAMUEL E. YOUNG

Pronounced Hopeless, Yet Saved.

From a letter written by Mr. Ada E. Hurd of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my Lungs, coughs set in and finally terminated in Consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends in earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles; it gave me relief and I thank God I am a well and hearty woman." Trial bottles free at Foshay & Mason's drug store, regular size, 50 and \$1.

The college is wealthy institution enjoying valuable public privileges and is angry critics argue that inasmuch as it refuses to employ great advantages in original research of a kind which has brought fame to Koch and untold benefit to the human race the least it could do would be to put no obstacle in the way of utilization of the remedy discovered through private endeavors of such devotees of science as Koch.
