TEMPERANCE COLUMN

Edited by Albany W. C. T. U

The largest and most harmonious national convention the W. C. T. U. has ever known was held in the fair city of Atlanta, Georgia, Nov. 14 to 16.

Atlanta, Georgia, Nov 14 to 16.

The invitation to meet in this place was issued by both the governor and legislature of the state, and the mayor of the city of Atlanta. The new governor welcomed the six hundred delegates and visitors in fitting and encouraging words.

The convention was held in one of the largest churches in Atlanta, capable of seatting twelve hundred, yet overflow meetings in the evenings were necessitated. On Sabbath afternoon services were conducted at four different places by W. T. C. U. workers, and about sixty of the ladies also spoke in the various churches, missions and Sabbath Schools.

The report of the national correspond-

the chartes, missions and Sabbath Schools. The report of the national corresponding secretary shows a large amount of work done by the President and other national officers, and an incouraging gain in membership of 1,625, over an labove the 7,621 seceding in lows and Pennsviyania. Forty-four states, two territories and the District of Columbia, were represented in this convention, and the money received as dues in 1800 is sixteen times as great as it was in 1800, the amount being \$14,495 \$0, every dollar of which represents ten Christian women. Of this sun New York paid the largest number of dollars, \$2,100, and Pennsylvania next.

In the past decade twenty-one states have multiplied their membership by numbers ranging from two to fifty.

A large increase also has been made in the membership of the Y's and the Loyal Temperance Legions, during the past year.

A committee sent from the Georgia ; eg-

A committee sent from the Georgia legislature tendered an invitation, from that body, to Mrs. Mary H. Hunt, national superintendent of Scientific Temperance Instruction, to address them on the subject of temperance teaching, which was accepted.

of temperance teaching, which was accepted.

A deputation of the national grange brought cordial fratereal greedings to the national W. C. T. U., which were gladly received and a cordial response returned.

Monday evening's meeting was devoted to the state presidents, each being allowed two minutes to represent the work and sentiment of her state union. As a sample of these we commend that of Mrs. Emily P. Stevens, of California, who spoke in the absence of her state president. She soid: "I come from the far-off tand of California, but I believe that we have the most wide-awake, aggressive W. C. T. U. to be found in the United States. We are terribly in carnest, dear friends. We mean to annihillate the saloons. In the of San Francisco we have 4000 saloons and it, one oby drunkards. But we are all alive and in carnest, and, with God's help, will see the tiquor traffic buried so deep it will never have a resurrection?"

He has behind him the immense power of public patronage.

TELEGRAPHIC NEWS

A Wholesate Lacape.

OLYMPIA, Dec. 21. There was a whole-Otxagets, Dec. 21.—There was a wholesale escape of twelve of the toughest characters in the county jail this afternoon.
How it happened is a mystery. The
prisioners are generally given the liberty
of the jail, but some were confined in a
steel cell with combination lock. Among
them were five "hobos," brought from
Tenino a few days ago for tempting to kill a
man named Wheeler, who was sleeping in
a boxear. How the steel cell was opened
nobody knows—not even the jailor himself. All he remembers is being thrown
and locked in, while the twelve prisioners
escaped.

A Good Pince for Them.

PITTSAURG, Dec. 21,-A special from Pittsaura, Dec. 21.—A special from Lima, Ohio, says: B C Faurot, a well-known banker of this city, who is president of the Columbus, Lima & Northwestern railroad, and largely interested in a railway enterprise in Mexico, returned home from New York this afternoon and announced the consummation of a deal with John W Young, the eldest son of the late Brigham Young, whereby the men come into possession of J.000 2000 acres of land which was granted Faurot by the Mexican government three years ago.

NEW YORK, Dec. 21.-A Herald's Kilkenny special says. Parnell is a changed man. He is thin in body and haggard in face. His beard is unkempt, and his hair is straggling. That his voice is husky and almost gone, is not to be wondered at, for he has worked hard of late. More serious is the fact that his stock of nerve force seems gone also.

INDIANAPOLIS, Dec. 21.—An Evansville special to the Sentinal says: While a special train on the Peoria, Decatur & Evansville stall toad stopPed at Oiney, Ills, today for the locamotive to take water, two masked men entered the caboose and robbed Conductor Hampton and the brakeman of their watches and considerable money. The robbers caught them off their gaurd, and covered them closely with their revolvers, while type effected their purpose.

ATHOL, Mass., Dec. 21.-The most disastrous fire ever known in Athol occurred today. The Idasonic and Central blocks were completely destroyed, five merchants, the postofices, the Masonic rooms etc., being burned out. Five persons were seriously injured; less, \$135,000.
