The Road to Wealth

Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties kind nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of their accompanying horrors.

DR. HENLEY'S English Bénéficial Tonic exerts a life influence over the liver, excites the healthy action, resolves its chronic engorgements, and promotes the secretions; cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.

The largest reservoir or artificial lake in the world is the great tank of Dnebar, twenty miles southeast of Udaipur, Rajpootana, which covers an area of twenty-one square miles. The masonry dam is 1000 feet long by ninety five feet high, fifty feet wide at the base and fifteen feet at the top.

If a box six feet deep were filled with sea water, and allowed to evaporate under the sun, there would be two inches of salt on the bottom. Taking the average depth of the ocean to be three miles, there would be a layer of pure salt 230 feet thick on the bed of the Atlantic.

Let tax payers keep a vigilant eye on the coming legislature. Various schemes to raid the treasury are on foot. The people will be astonished at the appropriations made at this session unless the raiders are watched.

TELEGRAPHIC NEWS.

What Will Happen. PINE RIDGE AGENCY, Jan. 11.—Notwithstanding the report received at headquarters last night the hostile Indians didn't come today. They haven't reached the mission, as was announced by scouts last night. Indeed, so far as the best information obtainable goes, the only reliable fact is that the Indians have started, and that is all. As to the time of coming into the agency that is a point which doesn't concern the Indians.

The coming of the hostiles and the uneasiness of the so-called friends fills everybody with alarm. General Brook's command is close behind the hostiles, and General Carr is pressing his line closer every hour. The force here is now increased to 700 men, with four three-inch cannons, four Hotchkiss and two Gatling guns.

Senator Ingalls. WASHINGTON, Jan. 11.—Senator Ingalls has announced his intention of talking next Tuesday. His remarks will presumably be directed toward free coinage. Incidentally he will support that measure, but in the main he will probably devote his speech to systematic roasting of Grover Cleveland. It is said that he has been saving up extracts and preparing himself to deliver a veritable philippic upon the subject of the ex-president.

A Well Read Minister. PORTLAND, Jan. 11.—The interest attending the lectures on the Bible by Dr. Driver are growing with every service, and although seats for 500 men were provided yesterday, many had to stand up. The doctor spoke for an hour and twenty minutes on "The Interpretation of the Bible," and was listened to with profound attention, and sometimes the audience would break out in applause as some good point was scored. Dr. Driver undoubtedly stands head and shoulders above any man on this coast in his wonderful ability to expound the vital questions of the Bible.

Senator Hearst Dying. NEW YORK, Jan. 11.—A Washington special says that Senator Hearst is at death's door. His family have given up all hope of his recovery. His relatives have been summoned to his bedside. They say he is liable to pass away at any time. His malady, cancer of the stomach, has grown far more aggravated within the past day or two. The senator suffers intensely.

Snow on the Southern Pacific. SAN ANTONIO, Tex., Jan. 11.—Snow fell last night at Del Rio, 150 miles west of here, on the Southern Pacific road, the first in four years, and the fall was the deepest on record—five inches. The storm is general west of there.

Free Coinage Ahead. WASHINGTON, Jan. 11.—Before the senate adjourns on Wednesday night free coinage will have been adopted by that body, and indications are that it will also go through the house. There is no way of stopping the free coinage current unless it runs against a presidential veto.

Pronounced Hopeless, Yet Saved. From a letter written by Mr. Ada E. Hurd of Grima, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, coughed set in and finally terminated in Consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Saviour, determined if I could not live with my friends on earth, I would meet my dear ones above. My husband was ordered to call on Dr. King's New Discovery for Consumption, Coughs and Cures. I have a special took in all eight bottles; it has cured me and thank God I am a well and happy woman." Trial bottles free by Foshay & Mason's drug store, regular size, 50c and \$1.

SHILOH'S CURE will immediately relieve Croup, Whooping Cough and Bronchitis. Foshay & Mason, agents.

FOR DYSPEPSIA and Liver Complaint you have a sure guarantee on every bottle of Shiloh's Bitters. It never fails to cure. Foshay & Mason, agents.

SHILOH'S CATARRH REMEDY—positive cure for Catarrh, Diphtheria and Canker-Mouth. Foshay & Mason, agents.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 10 cents, 50 cents and \$1. Foshay & Mason, agents.
