CITY OFFICIAL PAPER.

## LOCAL RECORD.

Our Water Works.—Wm. M. Hoag, of the water works, to confer with the council and interested citizens tomorrow about the extension of the company's water mains to different parts of the city not now supplied. This is brought about by the proposed action of citizens at the south end of Ferry street to erect their own water works, if not given the privileges they have been seeking for some time. The water works should be given a power which will furnish sufficient force for every lawn in the city. Instead of being in a frame building, as it is now, the machinery should be in a fire proof brick, a fact that would do much towards lowering insurance in the city.

We Congratulate.—On Tuesday evening, February 10th, 1891, at the residence of the bride's brother-in-law, Mr. E. A. Schiffler, on Washington street, Albany, Mr. Wilson R. Blain, the popular bookkeeper of L. E. Blain, and Miss Carrie Chamberlain, a young woman of great social and moral worth, were united in marriage, Rev. E. R. Prichard performing the ceremony. Only relatives of the contracting parties were present. The ceremony was a nice one. Congratulations are pouring in on the happy couple, who richly deserve life's best blessings together. The wedding was a universal surprise to the friends of Mr. and Mrs. Blain, but a happy one.

The California Exhibit Car was visited by a large number of our citizens this forenoon. The display no doubt attracted a great deal of attention through the east, and is a fine one for California. The variety of products is very large. With tropical fruits, nuts and wines, that state has an advantage over other states, for it also has everything else other states have, and in bulky masses. In many things Oregon could make as fine an exhibit, in some things better, so that we were not astonished at the sight, though greatly pleased. The car has been on the road about nineteen months, and no doubt has done much for California. That state will also shine at the world's fair with her $300,000 exhibit, giving her six times the advantage of her sister state.

A Professional Beat.—An old gentleman by the name W M Thompson, was in our city last week, under the pretense of wanting to buy a farm. Our real estate men treated him royally. He dined and drank and drove in the country at their expense and finally concluded to purchase a 400 acre tract near this city. About the time the transfer was to be made his royal nibs disappeared, and it turns out he is nothing but a professional tramp and dead beat.—Corvallis Times.

The Phrenologist.—Prof Riddell lectured last evening to a large audience, on Courtship and Marriage, giving some very interesting and instructive facts. At the close three couples were picked from the audience, suitably paired for life. As we go to press we learn that one of the couples are arranging for the date of the wedding. They are to be congratulated on their phrenological adaptability, and the Prof on picking them out. Tonight the lecture will be for men only.

Made Him Insane.—Tucker, the young man lost in the mountains beyond Gatesville, was returned to Salem last evening, having been found near Thomas Creek. His two weeks experience were of a terrible nature, his sufferings being intense, resulting in his insanity.

A Car on Fire.—This noon as the Portland train approached the city one of the cars was discovered on fire near the stove, where the wood had caught fire from the hot stove. A small amount of excitement resulted. The wood was thrown out and the flames easily extinguished.

Men and women do not always agree, in fact they frequently disagree and seriously too, causing many divorces and collapses in the matrimonial market. One thing, though, they agree on, and that is that Conn & Hendricson keep the kind of groceries one needs in housekeeping, they treat men and women alike and give them bargains in goods in their line. Call on them for groceries and produce.

Miss Carrie Pfeiffer no Better.—A letter was received to-day from Oakland, Cal., stating that Miss Carrie Pfeiffer is not improving in health. Mrs Pfeiffer leaves on the overland train for Oakland this evening and will probably bring Carrie with her if it is thought that she can stand the trip.

A New Sign.—Albany continually assumes some new metropolitan ferture. A Democrat man to-day noticed the sign on a door in the Strahan Block, "Eva Cox, stenographer and type writer." An accomplished young lady who deserves a liberal patronage.

Cheap Wood.—Good fir wood delivered to any part of Albany, for only $3 a cord. Leave orders at P W Spinks' lumber yard.

Keep it in your mind that Allen Bros propose keeping the kind of groceries the public demands. Their stock is a fine one.

All rubber goods at cost at Klein Bros.

For Sale.—$500 to $1000 of household furniture in exchange for improved real estate. Inquire at office of

### SOCIAL AND PERSONAL.

Capt E J Lanning returned last evening from an extensive business trip on the Sound.

Rev L J Trumbull, who is now located in Eastern Oregon, is in the city visiting his family and many friends.

Mr and Mrs H J Hopkins arrived on last night's train, accompanied by the father of the Hopkins Bros., all of whom will make the gem city of the valley their home.

W Warner and S Jacobs, of Salem, and Dr C T Cooke, of Chicago, the young man who was lost a few months ago, and found in Philadelphia, were in the city to day on their way home from a hunt in the Cascade mountains.

Four or five Albany bachelors are anxious to receive bids from the ministers of the city for the performance of marriages by the wholesale, say four or five at a time, in this manner perhaps overcoming a serious obstacle to their marriage, the payment of the usual marriage fee.

Albany Engine Co. No. 1 will give a ball at the Opera House, on Wednesday evening, Feb 18th. Tickets without supper, $1.50. The following committees have been appointed: Invitation, Wm Richards, Frank Dannals, Walter M Parker. Reception, C H Stewart, J R Wyatt, J N Hoffman. Floor managers, Thos Monteith, Jas Callahan, M D Phillips, Frank Dannals, D J Dubruille, T J Overman.

E H Dunham was in the city yesterday. Mr Dunham was recently Superintendent of the Oregon Pacific, but is not now, having resigned. E W Hadley, the manager will act temporarily as such. Mr Dunham has been superintendent for a long time,—fully two or three months, if not a little more,—and has made many friends. His predecessor has not yet left the valley, and a Democrat man saw the two yesterday "smiling" together probably over the situation.

### STATE LEGISLATURE

Salem, Feb. 11.—The Santiam bill passed the house. Its passage in the senate is doubtful, though a strong political effort is being made for it.

Salem, Feb 11, 3:29 P. M.—Senate has indefinitely postponed division of county.

Salem, Feb. 10.—The bill dividing Oregon into two congressional districts, passed the house. Barnes' bill taxing stock temporarily in a county passed. Moores bill for $50,000 for the world's fair passed, 38 to 16, the negative being in favor of more. The assessment bill, as variously amended, passed, 39 to 19. Several wagon road bills passed. In the senate a petition asking for repeal of Sunday laws was read. Hilton's bill for aid of eastern, western and southern Oregon district fairs, passed. The fishery bill, vetoed by the governor, was passed over his veto, 22 to 7. Bill by Hirsh, establishing rogues gallery at the penitentiary, passed. Crosno's bill permitting bridge at Corvallis, passed. Veatch's bill providing for abolishing railroad commission, was reconsidered and made special order for 2 p m on Monday. The bill to abolish the state board of horticulture, as introduced by Crosno, failed to pass the senate, by a vote of 11 to 16. Senators Veatch, Cogswell and Weatherford, favored the bill. The Pendleton E O correspondent says: "The frequent—I might say almost the constant—speakers of the senate are Tongue, Fulton, Cogswell, Weatherford and Veatch. Tongue is the most frequent orator, and his speeches are so frequent, so long, and so alike, that they become tiresome. In the house the men who think they must speak on everything are Jennings, of Lane, Armstrong, of Marion, Barnes, of Wallowa, and Minto, of Marion. They speak so often that what they say no longer has any effect.

### MISFITS.

The House at Salem has a reading clerk with a fine memory. He calls the roll, in regular order, entirely from memory.

A peculiarity about the "1891" is that adding the first figure to the second makes the third, and subtracting the fourth figure from the third gives the second. Adding the four figures together gives us the number of the century.

The phrenological lecturer has another kind of caucus. It is the couple at an entertainment who spend their time whispering and talking out loud in a selfish kind of a way, so that no one around can hear anything but their absorbing talk. There were a few at Prof Riddle's love and courtship lecture.

The matter of drainage into the ditch of the Albany water works was considered by the Council last night, and referred, though it is proposed to prevent it if possible, as the filth running into it vitiates the water used by the city generally. It should by all means be stopped.

The importance of improving the Upper Willamette is emphacized by the amount of wheat alone stored in the warehouses south of Albany during 1890. It was as follows: Bond's warehouse, 1050 tons; Wooley's, 900 tons; Finley's, 1050 tons; Peoria, 900; Boonville, 1200 tons; James Cauthorn's, 3080; T Samuels' 1190 tons; Cunning's, 180 tons; Martin & Herron's, 180 tons; Hulbert and Whitaker's, 300 tons; Smith's, 300 tons; H F Fischer, 3000 tons; Benton Co Mills, 3015 tons. The total was 353,000 bushels.

The following from the Ashland Tidings about the famous Lish Applegate displays a trait of character that will be very welcome to his friends: Gen Applegate says that when he left the Klamath Indian reservation he found the Indians were really much displeased and perplexed at the numerous changes in the office of Indian agent, and some of them were in a mood to be ugly upon the slightest provocation, and make it unpleasant for the new agent if things should not be understood by them. So the General in a spirit of fairness and justice toward his successor in office, did much to smooth the way for his access to their confidence. He called the Indians together at their church on the day he left, and had a long talk with them in regard to the change.

The two Oregon Congressional districts have been arranged as follows: Benton, Clackamas, Coos, Curry, Douglas, Jackson, Josephine, Klamath, Lake, Lane, Linn, Marion, Polk, Tillamook, Washington and Yamhill. The population of this district according to the recent census is, 154,096. There were 35,378 votes cast in 1890, of which 19,575 were republicans and 15,805 were democrats. This gives the first congressional district a republican majority of 3,768. The second district is composed of the following fifteen counties: Baker, Clatsop, Columbia, Crook, Gilliam, Grant, Harney, Malheur, Morrow, Multnomah, Sherman, Umatilla, Union, Wallowa and Wasco. The population of this district taking the last census is 157,394. At the last June election there were 35,031 votes cast, of which 20,607 were republican and 14,458 were democrats. This gives the second district a republican majority of 6,145. The vote taken was that for Congressman.

### BROWNSVILLE.

Feb 9, 1891.

County division is not dead, but sleepeth, so look out for the future.

Mrs Coen is quite sick at this writing; also Eliza Von Hagan.

The young people of the M E church have organized a society called the Epworth league, and will meet on Tuesday night of each week.

Married, at Brownsville, Feb 8th, Mr Burney Howe and Miss Lillian Bruce, both of this place. We had thought Mr Jas Pearl was on the tranquil banks of the placid Salt river, singing for defeated candidates, but we learn we were mistaken, as he has just won and wed one of Brownsville's fair daughters, Miss Kate Standish. Success, Jim.

W R Kirk is on the sick list this week.

We notice W R Bishop, of Portland, on our streets today.

The marshal is after a lot of tramps today. Wait until we get our new charter and then we can attend to such gentry in a style becoming their high calling.

What has become of the Force bill; has it gone to the same place our new county has?

Candidates for the legislature in the future will have some hard questions to solve. To favor a division would be sure death, and to oppose will cripple or kill, so it will be hard to run for office in Linn county hereafter. There is an element in this part which will not down, and, are going to have a new county up this way. We had no thought of a division up here until the Forks showed their hand, then we all thought we saw our chance and got in in tolerable good share considering our limited time. We think up here that if the county is to be divided here is the place for division, and shall press the matter now that we have got a start.

### HE FOOLS 'EM.

**People who are Easily Deceived. He has Caught Eight so far.**

A city druggist stated that he had had eight calls for Joy's Vegetable Sarsaparilla but had sold his own every time. It did not occur to him that it might be a serious matter to give his old time mercury and potash preparation to people who do not need syphilitic treatment. It is safe to say that not one person in ten have a syphilitic trouble. Hence what do they want with such dangerous minerals as mercury and potash? What nine-tenths of our people are troubled with is indigestion, dyspepsia, sick headaches, constipation and face eruptions, all of which are the legitimate results of improper liver and kidney action, or impaired digestive organs. Those disorders do not call for syphilitic treatment, but for mild vegetable liver, stomach and bowel alteratives. We are surprised that intelligent people should be persuaded into taking a mercury and potash sarsaparilla. When you ask for Joy's Vegetable Sarsaparilla, *see that you get it.*

### AFFLICTED FIFTY YEARS.

**And the Method Mr Chamberlain Adopted to Get Relief—Mr W S Cone's Experience with Dr Darrin.**

For the Oregonian: We often fail to secure to ourselves the results of the operations of a system, by requiring too much of it listening to others or allowing ourselves to find fault with those who operate or represent the same. I had consulted for many years physicians successful in treating "acute diseases," but found no relief for kidney and liver trouble and neuralgia of the stomach of over fifty years standing, until I came under Dr Darrin's "Electric treatment," But, thanks to Divine Grace, these troubles are a thing of the past. If others care for particulars affecting my illness I will answer their questions in behalf of the afflicted. E. B. Chamberlain

### Another Wonderful Cure.

Editor Oregonian: For nine months prior to calling on Dr Darrin, I had been afflicted with a burning pain back of my neck and spine, which finally settled in my kidneys. My liver and stomach became deranged and rheumatism commenced to develop. In that deplorable condition I came to Dr Darrin. With two months home treatment, I rejoice to say I am cured of my stomach, liver and kidney troubles. W. S. Cone.
