

PARTY HIGH.—At the meeting of the directors of the Salem Building and Loan association last night at the office of the secretary \$3400 was loaned at eighty-six months' interest in advance, and \$1100 at twenty-three months. This is getting pretty well up towards the high water mark of loans by such associations. Those who have subscribed for shares in the new series are now paying up. The series will be kept open until noon on April 9th without any premium. After that a premium of twenty-five cents a share will be charged. It is thought that the association will have \$200,000 to loan hereafter.—Statesman.

A SOW POEM.—In the east when an illor is presented with a poem on "Sow," he immediately proceeds to "do up" the writer in Sullivanian style. It is one of the greatest offenses of the age. In Albany we have so few snow storms that something of the kind is a relief. Somewhere we give a poem on the recent snow, written by an Albany lady, for the reason, who, on account of her refined character and literary culture, we have included to allow to live a little longer. The poem is a pretty effort, and the children particularly will find something in it worth reading.

A LECTURE.—Rev H V Ronsinger, of Portland, will lecture at the Opera house in this city on the evening of March 3, on his trip through the Holy Land, at the time he will exhibit a genuine mummy, the one on which he recently did \$50 express fees. The lecture promises to be the best of the season.

BIG MINING EXCITEMENT.

A Mass of Very Rich Ore Struck in the Santiam Mines.

Owners of stock in Santiam mines are excited, and with reason, the richest strike in the history of the mines having been made. A Halvorsen, Henry Walters, William Burnett and Fred Kerschell arrived in the city on last night's train from the mines, bringing with them a large number of specimens of ore which they recently took out from the Bonanza mine, owned by the Albany company, which is the finest ore ever seen in Albany, and being backed by a large mass of like ore it speaks for a rich output that will astonish the mining world. Two men in ten hours broke three tons of ore ready for the mill, all of a like nature to that produced, which on its face will assay \$10,000 to \$20,000 a ton. The men were in the hill about 180 feet, and 110 feet from the surface of the hill, when they struck this mass of ore, which seems inexhaustible almost. It equals the richest strikes in the history of any of the California or Montana mines, and foretells the biggest mining excitement here in the history of the state. Stock has taken an immense jump upwards, and it would be difficult to buy mining stock in any of the Santiam mines at almost any price.

OKVILLE.

There will be a Demoset Medal contest on March 20th, the contestants being members of the Bands of Hope of Oakville and Shedd, under the auspices of the W C T U, and will be held at the U P Church at this place.

March came in like a lamb, a great big white lamb.
On last Wednesday the people of the U P Church met and elected three elders, Messrs J C Brown, R A Bamford and J E Hamilton.

Mr Albert McClung, of Crawfordville, is visiting his many friends here.
Mr Robert E Crawford, of Kansas City, Missouri, arrived here last week. Mr Crawford was here thought years ago, but at that time he thought Missouri was far ahead of Oregon, but he has changed his mind and come to stay.

Did you ever see snow so late in the season? It is a common expression; but most everyone can remember of seeing snow as late or later.

FINE OIL PAINTINGS.—Mr A W Best, who has been conducting a large class in Salem, has on exhibition in the store opposite Stewart & Sox, on First street, a valuable collection of the most noted and picturesque views on the Pacific coast, the result of three years' sketching, and which are pronounced by all who have seen them, to be the finest ever exhibited in Albany. He has also some figure pieces by Tojetti, the famous San Francisco artist, who is acknowledged by all to be second to none in flesh tints. The object of this exhibition is to give the public an opportunity to judge of Mr Best's work, as he is here to organize a class in oil painting, and all who are interested in art should call and see him. They will be on exhibition for the next two weeks, during the day and evening.
