

Daily Democrat.

GOOD NEWS.

A dispatch from Springfield, Illinois, last night says:

There appears no doubt to-night that John M. Palmer, democrat, will be elected to the United States senate to-morrow. After a long talk with General Palmer this afternoon Representatives Moore and Cockrell issued a lengthy address to their party, the Farmers Mutual Benefit Association, saying: "The interview was satisfactory, even beyond our hopes. While he does not fully represent us, he has forced us to believe he is an honest man. We are more firmly convinced than ever that the future prosperity and happiness of this country depends on the success and growth of an independent party. An independent political movement by the tolling millions is the only hope of the people. In view of the facts stated above, we will to-morrow cast our votes for John M. Palmer, and bring this prolonged contest to a close."

Representative Taubenock, the other Farmers Mutual Benefit Association man has repeatedly declared he would never vote for Palmer.

This is a great victory for the democrats. When the legislature of that state convened Jan. 1st it stood as follows: Democrats 101, republicans 100 and 3 F M B A. Neither party had a majority but the independents held the balance of power. Balloting has been going on since that time, the democrats voting all the time for Palmer. The republicans voted for Ogles by a while, but it soon developed that the independents would never vote for him. Then the republican leaders attempted to concentrate their forces on Streeter the independent candidate but 4 or 5 of their number would not vote for him. This result will be most gratifying to the democrats of the whole country.

Politics in this portion of the county will be badly mixed hereafter, as is apparent from the present trend of affairs. Republicans are arrayed against each other and the bitter feeling existing will do considerable towards insuring victory for the democratic party. Differences should be healed, and the Times-Mountaineer will take the initiative in holding out the olive branch towards any republicans who differ from it on local questions.—*Mountaineer*.

Sockless Simpson, the hayseed congressman from Kansas, was asked by a Washington lady the other day if it was true that he did not wear socks. Mr Simpson had his nerve with him and replied: "Madam, I believe in the doctrine of reciprocity. If you will show me your socks I will show you mine." "Oh, my!" exclaimed the lady, and fled. Yet the world must admit that Mr Simpson had a keener sense of propriety than the lady.—*Telegram*.

The wheat crop of South Australia and New Zealand has just been harvested. It is reported 2,000,000 bushels short, and as usual with deficient crops, of poor quality. As the population of these countries increases, without increase of wheat production, it becomes more and more evident that they cannot be considered serious competitors with producers of the United States.

The way to insure a quick and healthy growth of timber, according to the Nebraska Farmer, is to mulch around the trees with straw, old hay, or trash of any kind. Such treatment will, it says, in the course of ten years secure a growth of timber from one tree greater than that of half a dozen of its kind left to their own resources.

Gen. Lewis Wallace, the author of "Ben Hur," says he can cure rheumatism in one night without fail by a poultice of mustard and garlic applied to the feet. If this is true the other half of the world's population will now rise up—after the care—and call Gen. Wallace blessed.

The miles of various nations, expressed in yards, are as follows: The Irish mile, 2240 yards; Swiss, 9153; Italian, 1766; Scotch, 1984; Tuscan, 1808; German, 1806; Arabian, 2143; Turkish, 1826; Flemish, 6896; Vienna, 8266; Roman, 1628 or 2025; West, 1167 or 1337; Dutch and Prussian, 6480; Swedish and Danish, 7351.4; English and American, 1760.

The Supreme Court of Iowa has finally affirmed the verdict below in the famous Jones County case. Just what that verdict was everybody but those interested has forgotten. It appears, however, that twenty years ago there was a lawsuit begun about some calves worth about \$15. Neither side would own up beaten, so the dispute was carried from court to court, the costs accumulating until they at last reached \$24,000.

Gen Alger passed through Birmingham Alabama on Saturday en route to Florida. While there he had a conference with some leading republicans. These politicians have received a circular marked "confidential," which urged them to attend a meeting of republican clubs to be held in Cincinnati in April. The last paragraph of the circular says: "Hon James G. Blaine and Gen Russell A. Alger will be present at the meeting." Those who received the circulars are of the opinion that the proposed meeting is to boom Blaine for president and Alger for vice-president.

At the meeting of the District Farmer's Alliance at Sioux City, Iowa, President Powers, of the National Alliance, and Furrow, of the Iowa Alliance, being present, it was voted to adhere to low tariff and prohibition.
