## LOCAL RECORD.

**THE Y. M. C. A. CONCERT.**—A good audience was present at the Opera House last evening to enjoy the concert given by the Y. M. C. A., and the general expression was one of commendation for the program presented. The College Orchestra opened the entertainment with a couple selections, and were heard at the beginning of the second part, furnishing some choice instrumental music. The Apollo Club, fourteen members, to-wit: Messrs Young, Littler, Acheson, McKee, Mitchell, Fortmiller, Hart, Goff, Miller, Sears and son, Lee, Hearst and were heard second, and on four other occasions during the evening, singing with great harmony and receiving the honors they deserved. The Waltz songs were particularly well presented. The Savarin Yodel, with Mr Hart on the solo, was the gem of their numbers, receiving an enthusiastic encore. The quartet by Acheson, Littler, Miller and Sears, "The Wolf is on the Hill," sung, Hart, Lee and Sears, "Blow on my Winds," and "Good Night," were all well rendered. Mr Sears was heard in a solo. Miss Moses, of the College, recited "The Message," with piano accompaniment, receiving a hearty encore, and "The New Lochinvar," displaying a versatile elocutionary talent. Mr S Dudley, of Oberlin, O., was heard in two clarinet solos, doing some excellent work on that popular instrument. Mr Geo Edwin Bryant, the canoeist and actor, from New Zealand, recited "Kissing Cup's Race," receiving a very enthusiastic encore. He is a talented elocutionist, with splendid stage presence, displaying great expression and a pleasing voice. His portrayal of how "Kissing Cup" won the race was an elocutionary treat of much merit. Miss Mildred Burmaster as accompanist for the different parts is entitled to credit.

**THIS YEAR FOR CERTAIN.**—The following item from the Corvallis Times is a good one, and full of interest for Linn county people: "Mr Wm Rumbaugh, of Albany, one of Linn county's honorable commissioners, has been visiting a few days in our city. He says the bridge across the Willamette at that place will likely be built this year. It was the intention of the commissioners to wait until '92 before beginning work, but the people of Albany have shown such anxiety for its immediate construction by offering \$40,000 towards building it this year, that Mr Rumbaugh thinks that it will span the creek before Christmas." Mr Rumbaugh also gives the Democrat information that under the proposition made he will favor the appropriation for the bridge this year, to be paid next year.

**INSURE YOUR STOCK.**—To the owners of live stock—and especially those who own stallions—I desire to say that I have received the agency of the Oregon Live Stock Mutual Indemnity Association, and am prepared to insure all live stock at three-fourths their value. Owners of valuable stallions especially should insure. Call at my stables in Albany, corner Second and Washington streets.

**A DRIVER LOST.**—News reached this city yesterday by private letter to the effect that the stage driver, who left Prineville for The Dalles, a week ago Saturday, had become lost in the blinding snowstorm and that he had not reached his destination as late as Friday when he should have been there Monday. He had one passenger with him. It is thought he missed the road in the snow and may come out all right yet, though fears are entertained for his safety.—Salem Journal.

**BASKET SOCIABLE.**—There will be a basket sociable at Grand Prairie Grange hall, on the evening of March 20th. Everybody invited; come one, come all, and ladies don't forget to bring your baskets. There will be an interesting program in connection with the sociable.

**A PENDLETON TRAGEDY.**—Mr W H Raymond, special agent of the Guardian Insurance company, was in the city today. Mr Raymond was in the sleeper going through Pendleton last Friday night, when a serious affray occurred, Easton, the porter doing most of the firing. About twelve shots were fired, and Mr Raymond says he began to think he might be hit when it ceased. He kept his berth and did not see any of the fight. The Pendleton E. O. says Ruhnke and English, instead of the tramp, were the two men, it is alleged, who attacked Easton and were driven away by his shooting, and Lindsey the man who shot at and chased him afterwards. It appears that on account of an insult a job was put up by Lindsey and his friends to scare the porter and drive him out of the country. They had probably not reckoned on his having a pistol.

**A VALUABLE LITTLE BOOK.**—One of the handiest, and at the same time, the most valuable little books we have met with in a long time is a little pamphlet entitled, "Comparison-Item by Item," of the tariff law of 1883, the Mills bill and the McKinley bill as passed. Here in parallel columns are to be seen at a glance the rate of duties imposed by the tariff of 1883, the Mills bill and the McKinley law. It is arranged in such a plain, simple way as to be readily understood by anyone of ordinary intelligence. Every farmer, be he democrat, republican, alliance or other name, should send, by all means, and get a copy. This book is simply invaluable to everyone wishing to study this great question. Send 25 cents in stamps to Tariff-Reform, No. 52, William street, New York City, N. Y.

**LEW JOHNSON'S** minstrels are the attraction tonight at the opera house. A prominent feature will be the performance of Hadj Le Cheriff, a distinguished Arabian, born on the Sahara desert. He was seven years with Barnum as chief of his band of Arabians, and possesses many fine medals. He handles a 35 pound gun with remarkable ease, and though he is said to present a savage appearance on the stage, the Democrat found him one of the most affable gentlemen it ever met. It will pay to go just to see this famous Arabian, but the program as well is full of good things.

**FRIDAY EVENING.**—Mr George Edwin Bryant, the eminent New Zealand canoeist and lecturer, has completed arrangements for delivering his lecture on his canoe trip of 2000 miles down the Murray river, Australia, at the W C T U Hall, Friday evening at 8 o'clock. Mr Bryant is an eloquent talker as was fully demonstrated in his recital at the Y M C A entertainment. The lecture is one full of exciting and interesting events. Admission only 25 cents.

Mr S E Young to-day received a despatch from an associate of Murphy, Grant & Co., of San Francisco, requesting him to buy 500 shares of the Albany Mining Co's stock, which shows that the mines are getting a reputation abroad.

**MEN and women** do not always agree, in fact they frequently disagree and seriously too, causing many divorces and collapses in the matrimonial market. One thing, though, they agree on, and that is that Conn & Hendrickson keep the kind of groceries one needs in housekeeping they treat men and women alike and give them bargains in goods in their line. Call on them for groceries and produce.

## MINUTES.

An Albany man hands the DEMOCRAT the following as an item worth perusing: According to an amendment of the school laws of the state of Michigan, children suffering from consumption or chronic catarrh must be excluded from public schools. The circumstance is interesting as a first step toward the public recognition of a most important truth, the fact, namely, that the disorders of the respiratory organs can be propagated by direct contagion, and that the atmosphere of a consumptive's sick room, unless constantly ventilated, is apt to become a virulent lung poison.

A Halverson was in Salem a few days ago, and brought more news of the rich discoveries from the Santiam mines. To confirm what he said, he showed several specimens of ore which had been taken from the mine of the Albany company. The experts here who examined the ore, pronounced it very rich. Mr Halverson has been in the Santiam mines two years, and is an old Californian miner, and an intelligent man on other subjects as well as mining. He says there are fine prospects for some rich developments to be made in that district. The last ore taken from the mine was so rich that a guard has been placed over it by the company to prevent a possibility of any of it being carried off. Free gold can be seen in abundance in the mass of ore that is now awaiting to be put through the mill. A much larger mill than the one now in use will be put in by the Albany Mining and Milling Company as soon as the snow goes off, and the recent, almost fabulous, rich discoveries there point certainly to one of the highest mining excitements in that district that has been known in the Northwest.—Salem Journal.

## A LATE LINE FROM HAYES.

The Corrective Properties of the Juices of California's Vegetable Alternatives Almost Sensational.

A lady formerly of 1221 Mission St., but now of 400 Hayes St., S. F., writes to the Edwin W. Joy Co. as follows: "Mrs. H. T. Beverly, of Seattle, resided with me last winter. She had long been a sufferer from dyspepsia and waterbrash. Her stomach was so weak that for months at a time she lived principally upon milk and the white of eggs. Among other things she tried one of the mineral sarsaparillas only to find that it gave her pains in the head and weak sinking spells. Having taken Joy's Vegetable Sarsaparilla myself with great benefit in stomach troubles, I induced her to discard the potato preparation and try your Vegetable compound. It began relieving her stomach and in a short time helped her astonishingly. It improved her appetite and strength to that extent, that just before she left, she was beginning to return to solid food. She authorized me to write you this statement accordingly."

Of W. F. Hubbard, Superintendent of the Clackamas Station of the U. S. Fish Commission, and How He Was Healed by Dr Darrin.

Dr Darrin—It gives me great pleasure to say that the home treatment you gave me two years ago was a perfect success. For years I had been afflicted with moth or liver spots on different parts of my person. I visited you once and took the "home treatment." In a few weeks I was permanently cured, and have never seen any symptoms since. Refer to me, W. F. HUBBARD.
