THE CRY OF MILLIONS
OH, MY BACK!
STOP IT NOW,
SOON IT WILL BE TOO LATE.

I have been troubled many years with disease of the kidneys and have tried many different remedies and have sought aid from different physicians without relief. About the 15th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was bent over. When I sat down it was almost impossible for me to get up alone, or to put on my clothes, when kind Providence sent Dr. Henley, with the OREGON KIDNEY TEA, to my hotel. I immediately commenced using the tea. It had an almost miraculous effect, and to the astonishment of all the guests at the hotel, in a few days, I am happy to state, that I was a new man. I will recommend the tea to all afflicted as I have been.

Royal Baking Powder
ABSOLUTELY PURE

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E Hurd of Groton, S D, we quote: "Was taken with a bad cold, which settled on my Lungs, coughs set in and finally terminated in Consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles; it has cured me and thank God I am a well and hearty woman." Trial bottles free at Foshay & Mason's drug store, regular size, 50c and $1.

WHICH WILL IT BE?

Which is the sweetest, a rose or a lily?
Which is the sweetest, a peach or a pear?
Merry's coquettish, and charming is Milly;
Dora is gentle and fair.
Sweet as a flower was her face when I kissed her,
(Love is the romance and glory of life,)
Milly, my playmate, I love "like a sister,"
But Dora I choose for my wife.

That is right, young man, marry the girl you love, by all means, if she will have you. Should her health become delicate and her beauty fade after marriage, remember that this is usually due to functional disturbances, weaknesses, irregularities, or painful disorders peculiar to her sex, in the cure of which Dr. Pierce's Favorite Prescription is guaranteed to give satisfaction, or money refunded. See the printed certificate of guarantee on bottle-wrapper.

For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic, or strength-giver.

Dr. PIERCE'S PELLETS

The dispatches tell us that president Harrison has determined to issue a proclamation closing our ports against all German importations as a retaliatory step against that country for placing an embargo against our pork. Now this is all very unreasonable. Why should our government object to this prohibition of our pork into Germany? In fact, what right has our government to interpose? Do we not restrict and even prohibit trade with other foreign countries without even consulting them? Was not that, in a large measure, the purpose of the McKinley bill? And yet, McKinley did not consult foreign countries affected by his tariff. A fair degree of consistency would strengthen the position of protectionists but it is impossible to maintain protectionism and at the same time be consistent.

Ingalls has been "talking politics" at Boston, and, from what he says, it is apparent that his recent experience with a buzz-saw has taught him something. He thinks that Cleveland and Harrison will make the race in 1892; that the g. o. p. must adopt a free-silver-coinage platform, and that tariff reform is the demand of the west, which shows no enthusiasm over reciprocity. The force of the kick which he received from the Kansas granger has bred in him a healthy respect for the alliance, which he thinks has not yet reached the maximum of its power, and is a foe to be dreaded. And in all the talk, so far as the reports go, Mr Ingalls did not make a single reference to the golden rule or to iridescent dreams.

The glucose business, or the making of sweets from Indian corn, through the removal of duties on raw sugar, has practically received its death blow. The only demand for glucose will be from candy manufacturers. With corn at fifty cents a bushel, the glucose men cannot compete with the sugar refiners, who can produce syrup at a cost of twenty cents per gallon. Heretofore nine-tenths of the table syrup has been corn syrup. Glucose factories consumed last year a daily average of 70,000 bushels of corn. The American public after April 1 will enjoy cheap sugar and syrup, owing to the removal of duties on raw sweets.
