### WEATHER REPORT.

OREGON WEATHER BUREAU. CENTRAL OFFICE, PORTLAND, OREGON. CROP-WEATHER BULLETIN NO. 2, FOR THE WEEK ENDING SATURDAY, MARCH 21, 1891.

WEATHER.

The temperature has risen, but is yet slightly below the normal. Showers fell during the week, but not an average amount.

An occasional light frost occured in western Oregon. In eastern Oregon frosts were frequent at night, the days being quite warm.

The snow is about all gone from the valleys of eastern Oregon, though there yet remains plenty in the foothills and on the mountains.

CROPS.

Owing to the wet soil conditions in western Oregon, melting snow and wet soil in eastern Oregon, spring seeding has generally been delayed. Some plowing has been done on the higher lands of western Oregon and in parts of southern Oregon. While the weather conditions have not been up to the average, yet they have been very favorable to the fall and winter sown grain which is invariably reported to be in a most prosperous condition. Considerable growth has been made during the week. In the Willamette valley especially, the soil is wet which retards spring work. In parts of western Oregon peach and apricot trees are in blossom, quince trees showing leaves, berry bushes and shrubs are leafing, other fruit trees have swelling buds. Warmer weather with sunshine is needed throughout the state. The season is slightly later than usual. The prosperous condition of the fall wheat, the wet condition of the soil, the backward weather, all tend towards a bountiful harvest.

STOCK.

In Wallowa county some stock has been lost, in other stock sections it is rare that loss is reported, and on the other hand their condition is generally reported to be good. The grass is growing and furnishing good feed.

DREADFUL PSORIASIS
Covering Entire Body with White Scales. Suffering Fearful. Cured by Cuticura.
My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eyesight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head, and shoulders being the worst. The white scales fell constantly from my head, shoulders, and arms; the skin would thicken and be red and very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the CUTICURA REMEDIES, and after using two bottles CUTICURA RESOLVENT, I could see a change, and after I had taken four bottles, I was entirely cured; and when I had used six bottles of CUTICURA RESOLVENT, one box of CUTICURA, and one cake of CUTICURA SOAP, I was cured of the dreadful disease from which I had suffered for five years. I cannot express with a pen what I suffered before using the REMEDIES. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight.
MRS. ROSA KELLY, Rockwell City, Iowa.
