FRANCHISE MUDGLE.—Senator Veatch having considerable trouble over the franchise on his flouring mill recently located at Cottage Grove. He first took a policy of \$4,000, afterwards a policy of \$10,000. It appears there is a provision in all policies that when an additional policy is taken out the former insurance company must be notified in writing and acknowledge the same in writing by endorsement on the policy, or it is void. This Mr. Veatch failed to do. After consulting attorneys, Mr. Veatch surrendered the first policy, as he advised he could not collect it by the second company refused to hold the full amount of insurance, hold the first should pay a proportionate amount of loss with the first insurers. A suit will likely be the result of the suit.—Guard.

MISCELLANEOUS.

The best and ablest article on the Sandy Oids case appears in the Oregonian. Here it is in full: "This is probably the last publication in relation thereto."

An advertisement in the Independence West Side reads: "Mr. Fred Lebo, champion heavy-weight of Canada, will give instructions in the many art to all those desiring. Address, until further notice, at Independence. Am ready at any time to meet Dave Campbell, of Portland."

The Brownsville Times "sets down on" Attorney Robert L. Dorris, who recently visited that city, in an extended and quite emphatic manner. It gives the name of the intoxicated young man, whose money paid two fares, as Shannon, a surveyor working on the Oregonian R. R.

Another picnic took place in "Missouri" on Saturday night. There was a dance at the house of George Wyland George and a young fellow named Wyland got into a scuffle, during which Thomas jabbed a knife in George's side. Every one present had a tip-top time and some a tipsy-topsy time.—Oregon City Courier.

The manner in which Savings Banks pay may be judged from the following from the Pendleton Tribune: "A meeting of the stockholders of the Pendleton Savings Bank was held Saturday evening. It was called to discuss the advisability of increasing the capital stock of the company, but as it was shown that the profits of the bank were about thirty per cent annually and there was no occasion for increasing the number of shares and share holders, it was decided not to do so."

They are enforcing the ordinances in Salem with a vengeance. The Journal says: "W. T. Rineham, the grocer, on State street, was arrested for violating the ordinance against using more than the allotted space in sidewalk. The new ordinance allows the merchants but one foot. Some of the merchants insist on having more room than that. The arrest was made for not complying with the law. He was fined \$10 and costs, amounting to \$12.45."

Probably every paper in Oregon has something to say about the Santiam mines, which are getting a big reputation. The Oregon City Courier says: "In the Bonanza mine, in the Santiam district, a tunnel has been run of 180 feet, at a depth of about 150 feet, where a very rich body of ore has been found. At this point the ledge is about six feet wide, with walls well defined, and in the center of the ledge from 18 to 24 inches of gold bearing quartz that is so rich that about three tons of this rock, which was taken out, experts say will yield at least \$50,000 in gold, and some put their estimate much higher."

Y. M. C. A. NOTES.

The exercises will be of an interesting character and we desire to extend an invitation to every one. Program will be printed next week.

The meeting at the Y. M. C. A. Hall tomorrow at 4 o'clock will be one of much interest. Rev. S. G. Irvine of the United Presbyterian church will lead. Jas. G. Clark, the noted singer, will be heard in one of his sacred selections. Mr. F. C. Streifel, Prof. of music at East Portland, will assist in the service of song. Geo. A. Werner, the well known book engraver, of 531 California St., S. F., writes to the Edwin W. Joy Co., that his wife has been taking Joy's Vegetable Sarsaparilla for months for liver trouble and indigestion with splendid results. He says, "we have found it invaluable for keeping the system regulated. It divides the load with a dyspeptic stomach and replaces the distressing sense of fullness and oppression with a feeling of ease and relief. It is a perfect liver and bowel regulator. We have both been taking it for months. It is good to have handy."
