TEACHERS' INSTITUTE.

The district institute was formally opened last evening by superintendent G F Russell, before a packed house of probably one thousand people.

After some fine music by the college orchestra, Mayor Cowan delivered a polished address of welcome, full of good suggestions.

He was responded to by superintendent W E Yates, of Benton county, in a happy manner. Prof Yates is a thorough common school man.

A class of school children gave an interesting marching exercise, enthusiastically encored. In the absence of J R N Bell, down for the address, State Superintendent McElroy was called upon and began an address, but an immense and unnecessary noise by some departing hoodlums from the gallery, was too much for the Professor and he cut his remarks—always to the point—short, in disgust.

There should be an organized effort made at the evening sessions to keep order.

MORNING SESSION, APRIL 1.—The association was called to order by State Supt McElroy, who made some characteristic and expressive remarks regarding the objects of the association.

The following appointments were made: Enrolling Secretary, D W Yoder, Supt of Marion county; Recording Secretary, Misses Wright and Sedgwick, of Albany; Messrs J G Gibson, G H Wilkes, F M Mitchell and R E Mchenor, Reporters; Misses Gray and Cyrus, Critics.

Twenty minutes time was assigned to the discussion of Arbor Day.

Prof Barzee, of Sodalville, read a paper on "School Organization and Management." The discussion was continued by Messrs Walker, Phillips, Orton and others.

A recess of ten minutes was taken. After recess the subject of Arbor Day was taken up. Prof Orton and Miss Loretz, of the Coburg schools, made some earnest remarks in favor of tree planting and building of sidewalks.

The questions submitted by teachers were read and assigned for discussion. The association adjourned for dinner.

Number enrolled during morning session, seventy-one.

The program at the opera house this evening will be: Solo, vocal, The Haunted Stream, Miss Grace Riley.

Lecture, Pres Van Scoy, Willamette university. Solo, instrumental, Midsummer Nights Dream, Miss Etta Stratton.

Spring song, by little girls of public school. Address, G A Walker, Albany. Solo, vocal, When the Violets Bloom Again, Mrs CO Lee.

Fan drill, Girls of the public school. Solo, vocal, Monarch of the Woods, Mr Wm Wright.

ELECTRICAL SCIENCE.

There is no single remedial agent known to the medical world which can fulfill so many requirements in the treatment of diseases as the scientific application of electricity. It is one of the most powerful agents in nature for evil as well as good it is true; yet it is capable of being so perfectly controlled as to produce the most desirable results however diversified the conditions.

The successful electrician must not only understand the structure and functions of the various parts of the body, but he must also be familiar with the effect of electricity upon every part of the body, whether in a diseased or natural condition.

Dr Darrin has made the study of electrical science a specialty for many years, and the results of his new methods of application are so astonishingly beneficial as to give renewed courage to the afflicted public.

We give below a few names that can be referred to.

John B Dougherty, Roche Harbor, Wash.—Hydrocele entirely cured and removed by one operation of five minutes.

Mrs S A Woodson's gtr. 64 Columbia st. Portland.—Nervous debility and malarial fever and discharging ear, restored.

Wm Aitnow, Drewsey, Grant county, Or.—Catarrhal deafness and ringing in the ears for twenty years; perfectly cured.

Mrs S W Metzger, Gresham, Oregon.—Dyspepsia, liver complaint and pain in the stomach 23 years, restored.

Mrs C Magerson, Merchants' hotel, Portland.—Rheumatism, neuralgia and female complaint, cured permanently one year ago.
