The Road to Wealth

Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties kind nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of their accompanying horrors.

DR. HENLEY'S

English Dandelion Tonic

exerts a specific influence over the liver, excites it to healthy action, resolves its chronic engorgements, and promotes the secretions: cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.

ANY WEAK MAN

Who is suffering, either in his mind or body, from the injurious or weakening effects of his own ignorant follies, abuse and excesses can be quickly and permanently cured. Papers free (sealed).

Cramps of the Muscles Cured.

John I Wood, of Stratford, Ont., was cured of cramps in the legs by wearing Allcock's Porous Plasters. Mr Wood says: "Some three months ago I was taken very sick with severe pain in the small of back over the kidneys. The pain was excruciating. I applied an Allcock's Porous Plaster over the affected region and had relief almost within an hour. At the same time, in conjunction with this trouble, I had very great nervous disturbance, affecting my legs with cramps so I could scarcely sleep. Meeting with such success with my back I applied plaster under the knee on each leg, and in three days was completely cured, and have never been troubled in either way since."

CRAWFORDSVILLE.

Mrs Stephens, of California, traveling in the interests of the W C T U, addressed the people at this place on last Sunday evening and organized a society. Mrs S. has the happy faculty of being pleasant to every one and, unlike many temperance lecturers, does not spend her time in abuse of those who do not join or even those who differ with her. She tries to win and succeeds. Her speech was replete with matter to the point. Cadets of Temperance, Sons of Temperance, the Temperance Reform, Alliance, Blue Ribbon and Good Templars have all arisen, flourished for a season and died, but the W C T U has come to stay. This organization, aggressive, earnest and persevering, will no doubt succeed where all others have failed, and in connection with the church will accomplish much good. Woman can here put in her work and win her laurels where men have failed. Let all lend substantial help.

A small son of Mr Wm McDowell fell from a loaded wagon and was badly hurt by the wheel running over his body.

Cougars are doing much damage to sheep in this section. Mr Josiah Weddle lost about twelve and Mr John Chance about five.

Mr A A Hull has started a nursery on his place. He has planted several bushels of peach stones and proposes to graft them, and supply prune trees ad infinitum He has also commenced making cheese again. Mr Hull understands the business thoroughly.

The building boom is about starting here. Several nice dwellings are to be erected during the season that will add much to the appearance of the village.

Each package of tea and can of backing powder draws a prize in the shape of a fine piece of glassware. TELEGRAPHIC NEWS

A Daring attempt to Escape.

SALEM, April 20.—One of the most daring attempts ever made by a convict to escape from the state penitentiary was made by John Case here yesterday morning. While the prisoners of his ward were all out in the yard and chapel for their weekly shave and exercise. Case jumped in a corner and climbed up the water tank tower, jumping from there to the main building, from which, with a rope he had made from an old rug, he swung himself from the main building into the front yard. He had donned citizens clothes and would have escaped but lost his hold on the rope and fell 30 feet. The fall dazed him and he was captured.

A Walla Walla Fire.

WALLA WALLA, April 20.—Exactly at noon today fire started in the kitchen of Mrs Geneway, on Main street, between Fourth and Fifth, and in a few minutes the building was a mass of flames. Soon the adjoining building, occupied by Robert B Butler as a blacksmith shop, caught fire, and after that Kirk Bros, livery stable. The buildings were all of wood and burned with such rapidity that, although the fire department was quickly on the scene, all efforts to extinguish it were futile, and in half an hour half a block was a mass of smoldering ruins. The losses and insurances are as follows:

Mrs Geneway, restaurant and lodging house furniture; loss $1000, insurance $450.

John Langs, restaurant building and blacksmith shop; loss $3000, insurance $1000.

Robert Kirk, livery stable building; loss $3500, insurance $1000.

Indignant Fishermen.

HALIFAX, N S, April 20.—The situation in Newfoundland is taking a new phase. Some of the fishermen of the colony are extremely angry because of their own government's action in refusing to allow them to sell herring bait. Cable advice tonight show that this indignation which has been growing, reached a climax on Saturday at Bay St George. A fleet of seventy schooners had assembled there, manned by 600 Newfoundland fishermen. The herring struck in. The mere idle and destitution stared them in the face and they determined to reap the harvest spread before them. So they fished anyway, resulting in a riot.

Reciprocity.

MADRID, April 20.—The reciprocity convention between Spain and the United States provides in return for the privilege of free entery into the United States of Antilles sugars molasses, coffee and hides, and the reduction of the duty on tea, America will obtain exemption from duty on most of her raw and manufactured products, and a reduction of the tariff on cereals and flour.

A Big Ditch.

ELLENSBURGH, April 20.—A new ditch company has been formed here to build a ditch about thirty miles long, to carry about 15,000 inches of water, and to cover about 25,000 acres of land. The water is to be taken from the Yakima river. The cost of the ditch is estimated at $150,000 to 200,000. The promoters have the assurance that their bonds will be taken as soon as ready for issue.
