OH, MY BACK!  
STOP IT NOW,  
SOON IT WILL BE TOO LATE.  
I have been troubled many years with  
disease of the kidneys and have tried  
many different remedies and have  
sought aid from different physicians  
without relief. About the 15th of April  
I was suffering from a very violent  
attack that almost prostrated me in  
such a manner that I was bent over,  
and it was almost impossible for me  
to get up alone, or to put on my clothes,  
when Providence sent Dr. Henley, with  
OREGON KIDNEY TEA, to my  
hotel. I immediately commenced  
using the tea. It had an almost  
miraculous effect, and to the astonish-  
ment of all the guests at the hotel,  
in a few days, I am happy to state,  
that I was a new man. I will  
recommend the tea to all afflicted  
as I have been.

**Disorders that affect the Kidneys**  
Are among the most formidable known. Diabetes, Bright's disease, gravel and other complaints of the urinary organs are not invariably cured in severe cases, but they may be averted by timely medication. A useful stimulant of the urinary fluids has ever been found in Hestetter's Stomach Bitters, a medicine which not only affords the requisite stimulus when they become inactive, but increases their vigor and secretive power. By increasing the activity of the kidneys and bladder, this medicine has the additional effect of expelling from the blood impurities which it is the peculiar office of these organs to eliminate and pass off. The Bitters is also a purifier and strengthener of the bowels, an invigorator of the stomach, and a matchless remedy for biliousness and fever and ague. It counteracts a tendency to premature decay, and sustains and comforts the aged and infirm.

## TELEGRAPHIC NEWS

**A Big Row.**  
OREGON CITY, April 28.-Affairs in St Paul's church of this city came to a lively pass yesterday when the vestry sent a carpenter to put new hooks and padlocks on the doors and ordered them locked. They also had the clapper and rope removed from the bell so that it could not be used to call services except as the vestry ordered. While the carpenter, A W Frame, a member of the vestry, was putting the locks on, Rev J M Donaldson, the missionary in charge and about whom all the trouble has originated, came into the church and refused to go out so as to allow the building to be locked. Hot words speedily followed after a liberal exchange of which Mr Frame locked the church leaving the divine on the inside while he walked off with the keys in his pocket.  
This morning warrants were issued for the arrest of Vestrymen Glasspool and Frame for assault and battery, Mrs Donaldson being complaining witness, her injuries, it is claimed being severe bruises and a partially dislocated shoulder. A warrant of arrest is also issued for Rev Donaldson on the same complaint as above, and those who are interested claim that Mrs Donaldson also is to be arrested. Other arrests are threatened. The trial of Messrs Glasspool and Frame has been fixed for the 18th of May, and they have given bonds for their appearance.

**A Logger Murdered.**  
ASTORIA, April 28.-James Mcintosh, a logger, who has been working in McFarland's camp, at Westport, was stabbed at Wood's landing, thirty miles above here, this afternoon, receiving sixteen wounds, by a logger named Copeland. The man immediately fled and hired a boat from a fisherman, and started across the river to Cathlamet, Wash, presumably with the intention of taking the night boat from this city. Sheriff Smith chartered a steamer and left here this evening for the scene of the tragedy. Mcintosh was still alive, but cannot recover.

**Gov. Penoyer Speaks.**  
SAN FRANCISCO, April 28.-After reading the perverted accounts of the Penoyer incident in the newspapers, the president was agreeably surprised this morning to receive a very courteously worded telegram from the governor of Oregon, expressing sympathy with him on account of the accident to Mrs Eaton and assuring him that the people of Oregon would regret any change in his plans that prevented his going to that state, where the governor declared, a very cordial welcome was prepared for him.

**A Man With Glanders.**  
EUGENE, April 28.-It is reported that a prominent man living about twelve miles west of Eugene is afflicted with a well developed case of glanders; at least that is what it is called by the physician. The symptoms are the same as mark the disease in the horse, and it is supposed the disease was contracted by handling horses.

**Annie Firmin, with the Fleming-Jack Dramatic Company, is the lady who created the part of Mercy Merrick in Wilkie Collins' great drama, 'The New Magdalene.'**

**Cramps of the Muscles Cured.**  
John I Wood, of Stratford, Ont., was cured of cramps in the legs by wearing Allcock's Porous Plaster. Mr Wood says: "Some three months ago I was taken very sick with severe pain in the small of back over the kidneys. The pain was excruciating. I applied an Allcock's Porous Plaster over the affected region and had relief almost within an hour. At the same time, in conjunction with this plaster, I had very generous diet, and after a few days with cramps I could scarcely sleep. Months with such success with my back I applied plaster under the knee on each leg, and I three days was completely cured, and have never been troubled in either way since."
