BROWNSVILLE.

April 27th, 1891.

News items are scarce and we are busy. J O Bilyeu is convalescing at this writing.

O P Coshov, of your city, was here one day last week. He said he came to tell us that there would be a bridge at Albany, but we suspect he was after something besides bridges.

Three new houses are going up in the Galbraith addition at this writing, and Jos Hansard is grading his lot on Main street preparatory to building a house thereon.

Miss Josie Ross is quite sick, also Mrs Burny Howe.

John Franklin made a flying trip to the county seat today.

There has been considerable rain of late. Grain and grass look well, and we have a good prospect for a large fruit crop.

We should begin the culture of fruit in this part of our normal vineyard, as this part of the country is well adapted to the business and would prove a paying investment in a few years. An orchard five years old would yield a goodly amount, and vegetables can be raised between the rows while one is cultivating his trees, thus getting pay for all labor expended in such cultivation.

"August Flower"

Dyspepsia. There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Pareis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:

"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion, and Constipation we know. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out of Constipation of August Flower, and I think you had better get another bottle.' I am also troubled with Indigestion, and whenever I am, I take one or two tea-spoonfuls before eating, for a day or two, and all trouble is removed."

My baby was taken very sick when he was three months old, and in a few days began breaking out. We employed both of the home doctors, and they could do nothing for him. Then we sent for the best doctor in Eaton Rapids, Mich., and he gave him for two weeks, and he got worse all the time, and then I took him to Jackson, to a doctor who attended especially to skin diseases, and then he got worse than ever. Then I took my husband and baby to try the Cuticura. Remedies say you did not have any hope, who would do any good, but in less than two months from the time we began giving them to him he was entirely well, and in a few days began breaking out again.
