STRICTURE! THE CRY OF MILLIONS
OH, MY BACK!
STOP IT NOW,
SOON IT WILL BE TOO LATE.
I have been troubled many years with
disease of the kidneys and have tried
many different remedies and have
sought aid from different physicians
without relief. About the 15th of April
I was suffering from a very violent
stricture that almost prostrated me in
such a manner that I was unable to
get up alone, or to put on my clothes, when
I was finally cured by Dr. Huxley's
OREGON KIDNEY TEA. To my
great relief I immediately commenced
using the tea, and to the aston-
ishment of all the guests at the hotel,
in a few days I am happy to state
that I was a new man. I will
recommend the tea to all afflicted
as I have been.

TELEGRAPHIC NEWS

The Lynching Justified.
NEW ORLEANS, May 5.—After six weeks investigation the grand jury completed its labors in the Italian case and this afternoon presented a voluminous report to Judge Marr. The report recites the killing of Chief of Police Hennessey, the trial of the Italians, and ending with:
"Law is the safeguard of society; it is just execution of the will of the people in the condemnation of crime, but where this principle is condemned by the practice of assassination for revenge or spite, and concealment under most binding oaths, rendering powerless the efforts of the law to reach the chief actors and secure witnesses, it becomes the duty of the people in the exercise of their sovereign rights to issue their decree of condemnation. That verdict has been rendered, the power of the Mafia is broken; it must be destroyed as an element of danger, a creation of leprous growth in this community."

A Peculiar Death.
STOCKTON, Cal, May 5.—Thomas Denton, a young farmer, was accidentally killed today near this city. He was riding in a buggy with his brother and they had two scythes with them in the buggy, and while driving along the levee the horse shied, overthrowing the vehicle. Edward Denton was not hurt, but Thomas fell upon one of the scythes, which entered his thigh, severing the femoral artery and entering the abdominal cavity. The flow of blood could not be stopped and he died to death before a physician reached him.

Should be Stopped.
SAN FRANCISCO, May 5.—At seven o'clock this morning there were still five participants in the will power, versus sleep contest. They have remained awake 108 hours and sixty hours more to go. About 2 o'clock Jens Jensen, a Dane, became violently insane and attempted to spring out of the window. A watchman caught him by the ankles, and it required five strong men to pull Jensen back into the bed again. A physician was summoned at once, who examined Jensen and declared that he must be taken out of the contest immediately to save his reason.

Good for Germany.
BERLIN, May 5.—The German government proposes to the Reichstag a vote of 1,000,000 marks for the proper representation of Germany at the Chicago exhibition and for the assistance and promotion of the interests of German exhibitors. Of the amount of this draft, 100,000 marks are to be voted immediately.
Thayer In, Boyd Out.
LINCOLN, Neb, May 5.—The supreme court today rendered a decision in the Boyd-Thayer quo warranto case, ousting Boyd (dem), who at present holds the office, and declaring Thayer, his republican predecessor, legal governor of Nebraska. Boyd failing to get a stay turned over the office to Thayer.

Sound Advice.—It pays to get the best; even Shakespeare admitted that. In this connection it may be remarked that W. R. Graham has just received an elegant line of suitings for the spring and summer, never surpassed in an Albany market. They are the best to be obtained, as an inspection will show, and Mr Graham is prepared to make them up in the latest style with a skill his long experience has enabled him to be master of.
