

SHORTSIGHTED OHIO SHEPHERDS.

We are assured by Judge Lawrence that he formed the wool schedule of the McKinley act. When it was in the hands of the ways and means committee in the form of a bill last summer Judge Lawrence said: "We demand protection for the wool industry equal to that accorded to the most favored manufacturers of wool, so that in due time American wool growers will supply all wool of every kind required for consumption in the United States."

According to the Boston Commercial Bulletin Ohio fine fleeces has dropped in price 1 cent a pound since last year, Ohio XX has fallen 1 1/2 cents, from 33 1/2 to 32, and Ohio X 1 cent from 32 to 31. Michigan X has gone down to 28 1/2 cents from 30.

We need not look far for the reason. The Ohio wool grower prepares his wool for the market in a careless, slovenly manner. This is the universal complaint of manufacturers. The fleece is full of dirt, tags and strings and most necessarily is rejected by makers of the finest goods, those goods for which it is the boasted intention of Ohio producers to furnish the material.

The great Orloff diamond, which surmounts the Russian imperial sceptre, is the first in size and the third in value in the world. It once formed the eye of the idol in a temple near Seringham, India, and was stolen by a French adventurer. It weighs 185 karats, and is valued at \$2,399,410 in United States currency.

President Harrison is not half so much dissatisfied with the lack of American shipping as the people are with laws that have taxed both shipbuilding and commerce into noxious desuetude.

PARK ADDITION TO THE TOWN OF LEBANON

This Beautiful Addition to the Town of Lebanon is Now, for the First Time Placed on the Market, at Prices to Suit the Times, and Terms to Suit the People.

We would much prefer that all who wish to purchase lots in this addition, would come and personally inspect the grounds and learn for themselves the many and varied advantages this addition presents to the public. By a personal inspection you will discover the following facts:

Lebanon has a population of 1500. One hundred and twenty-five new substantial houses were built here during the year. The Lebanon and Santiam Canal Company has been incorporated, and work will begin thereon as soon as the necessary preliminaries can be arranged.

This canal will give steady work to hundreds, and will furnish mill-sites for many manufactures, and the town—from this and other advantages—will be a city of 5000 inhabitants. It has nearly doubled its population in the last year. A \$150,000 paper mill is now completed and work will begin therein this July 1st.

NOW FOR THE PARK ADDITION.

It lies along the route of the Lebanon and Santiam Canal. It is platted with wide level avenues; planted with most beautiful young shade trees; each lot fully large enough for a comfortable residence, and each has a natural drainage. We sell no lots that are unsuitable for building purposes, and give a clear title to each lot. This addition joins the beautiful Isabella Park—from which it derives its name—and which will afford to residents in the addition beautiful recreation grounds. All lots are 66 feet front and from 232 to 185 feet deep.

LET THIS FACT BE REMEMBERED: The price of all these lots will be advanced 25 per cent. after May 15th.

This property will be shown to parties desiring to purchase by J. R. & H. Y. Kirkpatrick, Or by Peterson & Garland, Lebanon, Or.
