The Road to Wealth

Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties kind nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of their accompanying horrors.
DR. HENLEY'S Engle's Dandelion Tonic exerts its influence over the liver, excites its healthy action, recovers its chronic engorgement, and promotes the secretions; cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osceola, Lowell, Mass.
"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Kitchener, Conway, Ark.
"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.
"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

SUPPOSE.
Suppose R P Flower should be nominated for governor of New York by the democrats and suppose that he should be elected by 18,000 to 30,000 majority, as his friends claim he will be in case he should be nominated, and suppose Cleveland's and Hill's friends should have a quarrel on their hands when the state convention meets next spring to elect delegates to the national convention, what, in that case, would be better policy than to elect delegates who would favor Mr Flower for president. He is fully competent, full of hard headed integrity and true blue democracy. Then suppose Campbell or Neil should beat McKinley for governor of Ohio. What a splendidly equipped candidate for vice president. But, after all it is too early to speculate.

Graduates are just now very much employed in "bidding adieu to familiar scenes and stepping into the busy, active world." Their intention is to make things considerably more busy and active than they are at present, but they may change their minds later on and permit matters to drift along about as they are.

It is estimated that the Louisiana planter will ask for \$10,000,000 in sugar bounties which the McKinley bill allows them. The taxpayer who is being mollified by free sugar little dreams how much that "freedom party" is going to cost him in the long run.

THE GOLDEN RULE BAZAAR.
Has a large and complete line of goods, dolls, doll buggies, boys' wagons, wickered and many other goods which go to make up a complete assortment, besides a complete line of lamps of every description. Each package of tea and can of baking powder draws a prize in the shape of a fine piece of glassware. Be sure to call, when in Albany, at the Golden Rule Bazaar, as you will be sure to find what you want, and will be shown over the store and be treated kindly by my clerk, Mr. Miller. Reliable and Always the Same.
Brandreth's pills are the oldest, safest and best blood purifier and purgative known. They are purely vegetable, therefore harmless. They are always the same and always produce the same effect. Other purgatives require increased doses and finally cease acting altogether. A course of one or two of Brandreth's pills taken each night is a positive cure for constipation, headache and all nervous disorders. If you can't take them plain get them sugar coated.

TELEGRAPHIC NEWS

A Bloody Affair.
PORT AU PRINCE, June 1.—The massacre of St Bartholomew has had a reproduction here lately. There have been rumors that a revolution against Hippolyte was imminent, and these having reached his ears, he caused the arrest of about eighty suspected persons. Among them was General Sully, who hid himself when informed he was wanted. Failing to secure him, his wife was taken instead and thrown into prison. An outbreak occurred May 23. A former cabinet minister, at the head of a band of well-armed followers, stormed the prison and released 200 prisoners who were provided with arms, and when Hippolyte's troops arrived there was a bloody battle. The rebels were routed and their leaders shot at once. By nightfall forty men had been put to death. Others were captured and shot on three following days. Every man suspected of being in sympathy with the insurgents was put to death without trial as soon as captured. Most of the 200 prisoners released from jail by the insurgents were captured and shot.

The Druggists
PORTLAND, June 8.—The first annual meeting of the Oregon State Pharmaceutical Association will be called to order at 10 o'clock this forenoon in New Arion hall, corner of Second and Oak streets. A great many druggists from all sections of the state are already in the city, and the meeting promises to be an interesting one. The present officers of the society are M M Davis, Yaquina City, president; G C Blakey, The Dalles, first vice-president; Thomas Graham, Corvallis, second vice-president; G L Blackman, Albany, third vice-president; G H Deirick, Portland, secretary, L G Clarke Portland, treasurer; and W M Wisdom, Portland, local secretary.

A N. W. Strike.
TACOMA, June 8.—President Sidney Dillon of the Union Pacific, and party arrived here this evening by special train from Portland. Tomorrow morning they will inspect the American lake line and go to Seattle, returning in the evening and starting for Spokane. President Dillon said the object of the trip was to ascertain how the road can be operated most economically, and had no other significance.

All Laboring Men Engaged in Street Work in this City Went out on a Strike Today. They demand an increase of wages to \$2 per day; that they be paid every two weeks in coin, and that they be allowed to work where they please. The wages heretofore paid laborers on street work was \$1.75 per day, and they were paid in time checks which were discounted at 10 per cent. Several street contractors maintain boarding houses and compel the workmen to board with them.

Vesuvius Erupting.
NAPLES, June 8.—A large stream of lava is issuing from the new crater of Mount Vesuvius at the base of the central cone. Signor Palmieri, director of the observatory, states that the flow is directly connected with yesterday's earthquake in Lombardy, and that seismic disturbances generally stop when the eruption commences. He does not consider the stream dangerous.
