## LOCAL RECORD.

Additional Local on 4th Page.

**A MOTOR LINE.**—The construction of a motor line from Sodalville to a connection with the Southern Pacific's branch, is now assured fact. Articles incorporating a company will be filed in a few days. Ready two cars have been ordered for the line. The people there have made up their minds to make the motor line move, and as soon as possible. Where it will join the S. P. is not yet settled. Several property owners near Lebanon are refusing to contribute rights of way, and if persisted the line will be run straight from Sodalville to the Lebanon Junction, which would be the road a Lebanon also with the regionian R. R. Connection people should allow this at any cost.

**DROWNED IN THE WILLAMETTE.**—Yesterday morning Chas O Hurlbert and N S Robinson started down the river in a canvas boat, trout fishing. When near the south of the McKenzie river, about six miles north of Eugene, they took the east channel and came out in an eddy, when the boat drifted against the swift running current of the Willamette, overturning the boat. Mr Robinson finally reached shore in an exhausted condition, but Mr Hurlbert was drowned. The survivor says that when the boat capsized Hurlbert caught the boat and was clinging to it when he last saw him. However, while swimming out, he heard the unfortunate man cry out twice. After reaching the shore he made a search for his companion, but without avail. This was probably 2 o'clock. Hurlbert was a good swimmer. The body had not been found.—Guard.

**EYES OPEN NOW.**—One of the greatest frauds in the world is the eastern insurance agency, which places extra hazardous risks, that no sane local company in the world would take after inspection, in Pacific coast companies, too far a way to inspect matters themselves. In most cases there is a fire, but the eastern agency has received its commission on a big premium, and that is what it is after. Two or three Oregon companies get bit in a live manner, but their eyes are open now and they are coming out all right.

**WANTS TO KNOW.**—A subscriber, who carelessly neglects to sign his name, writes asking if there is any difference between six dozen dozen and a "half dozen dozen," and if so, what is the difference? The expression, "a dozen dozen," means twelve dozen, or 144. The expression, "six dozen dozen," is equivalent to seventy-two dozen, or 864. "Half a dozen dozen" means six dozen, or 72. Hence the difference between "six dozen dozen" and a "half dozen dozen" is the difference between 864 and 72, or 792.

**THE SAWDUST LAW.**—Lee Brown, of the Stayton saw mill, and John Shaw, manager of the Santiam Lumbering Co., Mill City, were in Salem yesterday and finished ball for their appearance here at the October term of circuit court, when they will answer to the charge of depositing sawdust in the stream. This was one on indictment found by the late grand jury.—Statesman.

**AN UMBRELLA.**—Someone left an umbrella standing all alone on the corner of the fence opposite the DEMOCRAT office this morning. It remained undisturbed—remarkable as the fact may be—for three or four hours, when it was taken in out of the wet, and is now on exhibition at the DEMOCRAT office, where the owner can have it.

**THE CORNER STONE** of the new U P church will be laid on next Saturday, at 10 a. m., with a short ceremony under charge of the pastor of the church, Dr. Wilson.

## SOCIAL AND PERSONAL.

Prof Anderson, of the East Salem schools, departed for Albany today and will call in Yaquina Bay before returning.—Journal.

Fred and John West, of Salem, were in the city today following up four horses that had escaped from them and were traveling south toward their former home near Oakland, Or.

Mr and Mrs E W Langdon returned this noon from Salem, where they had been to attend the wedding of Mr Ted Piper and Miss Leona Willis, which came off last evening.

Mr A D McCoy and family went to Yaquina Bay this noon, the letter to remain three months at Nye Creek, having secured the use of the beautiful villa of the local editor of the DEMOCRAT in which to reside.

Mr Geo B Thompson, who has been visiting his parents, Dr and Mrs Thompson, took his departure for the East this afternoon. He enjoyed his visit immensely in our beautiful city, and in fact fell in love with Oregon. As soon as he can satisfactorily settle his business in the east he would like to make these parts his home.—Corvallis Times.

Z M Brown will leave on Monday's stage for The Dalles, where he will attend to the sale of his wood, after which he will join his family at Albany. Mrs Brown and the children will start on Monday for Albany by private conveyance and will go over the mountains. Mr Brown is not certain as to his future location until he looks about. His family will remain with relatives in Southern Oregon while he hunts a suitable location. Their numerous friends here very much regret to see them move away.—Prineville News.

**AN ATTRACTIVE OUTFIT.**—Mr F S Ingram, the enterprising young farmer, is running his well kept farm in a wholesale style, after the fashion that pays. Just now, while his wheat fields are ripening for the harvest, he is hauling wood to the city. With two wagons, ingeniously fastened together, and six horses, he brings three cords of wood at a time, making two trips a day, without assistance. His pilot team is decorated with sets of bells and the whole outfit is one that attracts attention. Mr Ingram is making farming a success.

**TERRIFIC LIGHTNING.**—Tuesday night between Lebanon and Sodalville the lightning flashed from pole to pole in a terrific manner, and it thundered. The poles were on the postal telegraph line, and eight of them struck by lightning were broken into splinters. The wire for half a mile was torn from the poles and some of it lost, and insulators were melted. It was an uncommon freak for this thunderless section of the world. The damage is being repaired and the line will soon be in working order to Sodalville. Now only Lebanon can be reached.

**HANDSOME DIPLOMAS.**—The best executed diplomas yet gotten up for the graduates of the Albany Collegiate Institute were those presented at the recent commencement. The work was done entirely by hand, and confers great credit on the artist and penman, Prof McKee, of the commercial department.

**HAVE YOU A WIFE** and ten children; have you any children; are you an old bachelor? Whatever you are you can do better than by buying your groceries, produce and baked goods of Parker Bros. You want to save money and at the same time get good groceries, then call on them. You will get first-class treatment and first-class goods. Their baked goods are made in an experienced manner, and include a large variety of eatables.

**SOUND ADVICE.**—It pays to get the best; even Shakespeare admitted that. In this connection it may be remarked that W R Graham has just received an elegant line of suitings for the spring and summer, never surpassed in an Albany market. They are the best to be obtained, as an inspection will show, and Mr Graham is prepared to make them up in the latest style with a skill his long experience has enabled him to be master of.

**THE CHAMPIONS.**—Whoever the champions are in the base ball field when it comes to groceries and produce, Conn & Hendricson will not be knocked out. They keep a large and fresh stock, and their prices are as low as the lowest. Fresh vegetables, fruits, and all the standard groceries always on hand. Whoever buys of them always makes a good strike.

**NEW CARPETS.**—A B McIlwain has one of the largest and best selected lines of carpets in the city, embracing all new patterns and designs, and as he has made a great reduction in prices it will be to the advantage of our buyers to call and inspect his stock and prices before purchasing.

**AT FORTMILLER & IRVING'S**—150 dozen window shades, just received. A large and elegant stock of 16th century bedroom sets. A large and elegant stock of carpets, many designs.

**TRADE AT THE OLD RELIABLE GROCERY STORE** of C E BROWNELL. Good goods, low prices and honest treatment.

**COME ONE, COME ALL.** We feature against tramps. TOWNSEND & WILSON.

## MISCELLANEOUS.

Salem will have a states picnic on the 4th of July. People from the same state will eat together. The idea is a good one.—Journal.

E C Cross, the Salem butcher, advertises meats as follows: "Round steak 10c, loin steak 12 1/2, rib steak 8 to 10c, boiling beef from 5 to 8c; other meats in proportion."

The DEMOCRAT was slightly in error on the height of Geo Marsh, the late President of the Keystone National Bank, who is only 5 ft 10 inches high instead of 8 ft 10 inches, though one might be excused in thinking him the latter height, from the ease with which he is identified by county newspapers.

At the colt show in Corvallis out of four premium trotting stock the Altamont colts received three. The Times says: "Bill Ryals was probably the happiest man in town; about twenty of the get of his fine stallion, 'Cannon Oak,' reflected great credit upon their sire and were greatly admired."

The Nunn Bros, sheepmen who reside near the Wasco county line in the northern part of this county, were arrested and fined \$25 and costs a few days ago for crossing their flocks into this county and neglecting to notify the inspector within fifteen days that the sheep are infected with scab, as the law provides.—Prineville News.

Jurymen have long been slandered; but one in the famous Baccarat case, that has just shaken the English throne, deserves to be eulogized. He boldly asked the Prince of Wales a question that the defendant's famous Counsel, Lord Russell, himself did not dare put to him, the answer to which in itself was a death blow to the suit of Sir William Gordon Cumming, who cheated in the game of baccarat. It is an interesting fact that the Prince of Wales has promised his man not to gamble again, and that Lord Cumming has married and will visit the U S.

The following from the Salem Statesman is a good illustration of the base ball excitement that has swept like a cyclone over the country: Last Sunday the Buttercreek Baseball club played the Silverton Black Stockings a match game, in which Silverton came out one tally ahead, in a score of seventeen to eighteen. The Buttercreekers then offered to fight, foot-race, or wrestle the Silverton sports for fun, money, or marbles. A young Roman by name of Ellsworth Webb tackled the back-hug champion of Buttercreek, whose name is Bitchett. Two falls follow Webb defeated, and the Buttercreekers yelled like Indians and Bitchett walked off with the prize money, ten big silver dollars. As a baseball center Silverton is coming to the front like a scared wolf.

Try Calumet Baking Powder, the purest on earth. C E BROWNELL.

Train will leave Albany at 5 p m Saturday, June 20th, arriving at Newport about 8:30 p m, returning leave at 6 p m on the following day, arriving in Albany at 9:00 p m. The weather at the coast is very pleasant and excursionists will find this the best time of the year to take a few days recreation at the seaside. Arrangements have been made so that those wishing to remain until Monday or Tuesday may do so by paying 50 cents additional to the agent of the O P R R Co at Yaquina on their return. The tides will be favorable, hotel accommodations are plenty and the steam schooner Mischief will make a trip over the bar for the benefit of those who wish to fish in the ocean. "F" Co will go as a company and tickets may be secured of any member of that organization for \$2.50 for the round trip, including steamer fare and from Newport.

**A Haunted House.**  
This body of curs has been linked to a tenement. It often has a haunted apartment—the stomach. Scared by the edidrich sprite, dyspepsia, digestion flies and refuses to return. What can break the spell, what can rouse the laid upon the unhappy organs? We answer unhesitatingly, Hostetter's Stomach Bitters, and we are warranted in the response by the recorded testimony of myriads, covering a period over a third of a century. A course of the Bitters, begun in any stage of the affliction, and persistently followed, will terminate in cure positive, not partial. The Bitters restores tone to the epigastric nerve, renews and purifies the juices exuding from the cellular tissues that act upon the food digestively, expels bile from the stomach and the blood, and promotes a regular habit of body. Malaria, kidney complaint, nervousness, rheumatism and neuralgia give way to this medicine.

**CONFIRMED.**

The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Fig, a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers the Cal Fig Syrup Company.

## SODAVILLE NEWS.

June 16, 1891.

Considerable real estate is changing hands at present.

Cool, pleasant weather and all things growing nicely.

The Free Methodist camp-meeting at this place closed on Wednesday of last week, after two weeks of great success. Some twenty persons were converted.

A young people's prayer meeting will, after this, be held at the school house, on every Thursday evening for the benefit of young converts.

Rev M M Bashor, who went east six weeks ago, is expected home some time next month.

A great many new sidewalks have been built in our village of late.

It is an assured fact that about eight new residences will be built in the J. L. Hill addition during the summer and fall. Louis Barzee has sold twenty-five lots during the past two weeks. This looks like business. Sodalville is growing.

Work will soon be commenced on the new school building, and everything now indicates a very prosperous school year. Several families will move to town next fall to have access to the school. Outsiders are invited to send.

Rev J C Brown and wife are attending conference at Seattle, and will not be home for two weeks.

Our Sunday school is in a prosperous condition, as is also our prayer meeting, there being about eighty in attendance.

Mrs Yost, wife of Rev Jesse Yost, of Sweet Home, is the guest of her father, Mr Worts, of this place.

Mr W R Hardman, our hotel man, has several guests from different parts of the state, seeking health and recreation. All express themselves well pleased with the town people and especially the mineral water. Some of them will buy property and settle here for the future.

Prof W W Crawford, of Tallman, purchased some real estate here last week, and will build a dwelling in the near future.

Messrs Hugh Perry, A Parrish and H D Klum, have gone to the mountains near Fish Lake, to have a genuine mountain outing.

Mrs N M Tunison bought two lots of Louis Barzee, on Monday, and will soon be one of us. Mrs Tunison's mother will also build near her daughter's.

We noticed Dr Booth and T P Boyd, of Lebanon, on our streets one day this week. The former, was on professional business, and the latter came for a drink of sodawater.

Enough facts have been gathered by your correspondent, to assure the public that Sodalville will soon have connection with the world by railroad. It will be built in the near future. This will not only be a great help to Sodalville, but every town in the county, especially Albany and Lebanon.

We are making a big drive on envelopes, PAISLEY & SMILEY.
