The Road to Wealth
Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties kind nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of their accompanying horrors.
DR. HENLEY'S English Dandelion Tonic exerts a specific influence over the liver, excites its healthy action, resolves its chronic engorgements, and promotes the secretions; cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.

PRESTON'S CURES ANY HEADACHE "While You Wait," BUT CURES NOTHING ELSE.

What is CASTORIA
Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.
Castoria.
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Orason, Lowell, Mass.
"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."
DR. J. F. KNECHER, Conway, Ark.
"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.
"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular produce, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

The most railway of any kind whatever constructed in the United States was laid down with wooden rails in Ridley Township, Pa. In 1826 the first iron rails were laid for a distance of four miles between Quincy and Boston, Mass., to carry granite for the Bunker Hill monument; the loaded cars descended by gravity. In the following year the Maunch Chunk line was built, with two tracks so graded as to carry coal one way and empty cars the other way by gravity. The South Carolina railway, from Charleston to Augusta, begun in 1828, completed in 1830, was the first railway in this country constructed to be operated by locomotive engines. The first locomotive used in the United States was built in England, and was first operated Aug. 8, 1829, near Lopedale, Pa. The first locomotive built in the United States was constructed by Peter Cooper in 1829, and was first operated on the Baltimore & Ohio Railway, between Baltimore and Ellicott's mills, on Dec. 28 of that year; this line continued to use horses until 1832.

Manufactured by the Livingston Chemical Co., Portland, Oregon; or from J. A. Cumming, sole agent Albany.

The Japanese are a curious people. The Japanese carpenter planes towards him instead of from him. The Japanese horseman mounts his horse from the right side. The address of a Japanese letter is arranged in strict accord with the progress from the general to the particular. Thus, a Jap writing to a countryman in New York would place on the envelope: "United States of America, New York State, New York, West Tenth street, 115, Hoe Yank." A Japanese always gives a gratuity upon his arrival at a hotel or restaurant, instead upon his departure. In drawing a cork the Japanese waiter never turns the corkscrew, but whirls the bottle.
The effect of moving tassels from corn is to turn the strength of the plant to the ovaries, and so produce a larger amount of grain.

THE GOLDEN RULE BAZAAR.
Has a large and complete line of goods, dolls, doll buggies, boys' wagons, velocipedes and many other goods which go to make up a complete assortment, besides a complete line of lamps of every description. China crockery, fancy decorated ware, glassware, bird cages, plush goods, such as albums, toilet sets, autograph books, scrap books, children's A B C picture books, and all goods that are carried in a Bazaar store, including Roger Bros. 1847 silverware. We wish to call the attention of the public in particular to the Golden Rule premium baking powder and tea, put up expressly for this trade, which gives the best of satisfaction, as is attested by the hundreds who have used both the tea and baking powder ever since introduced by the Golden Rule Bazaar. Each package of tea and can of baking powder draws a prize in the shape of a fine piece of glassware. Be sure to call, when in Albany, at the Golden Rule Bazaar, as you will be sure to find what you want, and will be shown over the store and be treated kindly by my clerk, Mr. Miller. My goods are all marked in plain figures so as not to deceive anyone, and I have but one price to all.

TELEGRAPHIC NEWS

A Fatal Fall.
SALEM, June 28.—Mrs I. N. Gilbert, one of Oregon's pioneer women, met a sad and awful death at an early hour this morning, or some time during the night. Her body was found this morning at the foot of the stairs with her neck broken, she having fallen down the stairs during the night. Mrs Gilbert came to Oregon from Indiana in 1847, and was the widow of the late I. N. Gilbert. She has a son, Frank in Portland, and a sister, Mrs. William England, in Salem. Mrs Gilbert's father, A. Stanton, lives in Salem, and she has a daughter, Mrs. Sidney Sladden, at Eugene, and a daughter here, Mrs. Palmer. When the body was found it was cold and rigid, showing she must have fallen about midnight. She was dressed in her night clothes, having no doubt arisen from bed to administer medicine to a little grandson, who is sick and living with her.

A Ghastly Find.
CHICAGO, June 28.—Thirty skeletons were found yesterday in an old ice house, at the corner of Archer and Hough place. For several days numerous complaints have been made to the health office and to the Deering street police, an investigation was made. Yesterday the mystery was solved. A bad odor was detected from an old ice house. The searchers ripped up a part of the floor and were horrified to find rows of skeletons, to some of which shreds of flesh still clung. Who placed them there is not known, but a determined effort is being made to find the guilty persons. The theory advanced is that some attaches of a medical college brought the subjects there to bleach.

Salvation Booth.
PORTLAND, June 28.—Ballington Booth, commander of the Salvation Army in the United States, and wife arrived yesterday morning from San Francisco, accompanied by Major Kyle, in command of the California division, and his wife. They were met at the L street depot, on the east side, by the West side, East side and Vancouver commands of the army, and escorted to Fourth and L street. Here three rousing volleys were fired, and Commander and Mrs Booth entered a carriage.

White Strikers Mad.
SEATTLE, June 28.—A special bulletin to the Post-Intelligencer from Franklin says that the white strikers, angered at the action of the Oregon Improvement Company in taking negroes to Newcastle, started to clean out the negro camp tonight. In the scrimmage one person was killed and several wounded. Deputy Sheriff Ben Stretch, who has been at the scene for the past four weeks, has called for the militia.

Under a New Law.
PORTLAND, June 28.—E. M. Carson, president of the Baker's Union, has been arrested, charged with boycotting, under the law passed at the last session of the legislature, and will have a hearing before Justice Moreland in Albina today. Carson caused the issuance of a circular urging people to boycott August Fink's bakery in Albina.

Their Only Medicine Chest.
William W. B. Miller, Deer Lodge, Montana, writes: "I have been using Brandt's Pills for the last thirteen years, and though I have had nine children, I have never had a doctor in the house except three times, when we had an epidemic of scarlet fever, which we soon banished by a vigorous use of Brandt's Pills. I have used them for myself, two or three a night for a month, for liver complaint, dyspepsia, and constipation. In diarrhoea, cramp, wind colic, indigestion, etc. a few of Brandt's Pills fixed the children at once. A box of pills is all the medicine chest we require in the house. We use them for rheumatism, colds, ear-ache, biliousness and impure blood. They never have failed to cure all the above complaints in a very few days."
