FOLLOWED BY A PANTHER.—The following, from the Silverton Appeal, is told for a fact, though, if true, the incident is a very rare one: "Claud Cannon, who came up from Portland this week, arrived in Woodburn too late to catch the train for Silverton. He started on foot for Silverton, and when near the Pudding river bridge, he noticed some object moving towards him. In a short time it came closer, and Mr Cannon, by this time, was on the lookout. Turning round he saw only a short distance behind him a genuine panther, which had been following him for some distance. He hurried to the railroad bridge and there stopped. When he reached the bridge the animal disappeared. He stopped in the bridge for several hours but it did not make its appearance. Whether it was following him out of curiosity or for supper, Mr Cannon does not know. He says he felt a little shaky when it came so close and he had only a jack-knife to defend himself with."

THE FUNERAL of Jas. F. Hall, yesterday afternoon, was attended by one of the largest audiences ever gathered in Albany under like circumstances, the M. E. Church, even with its large seating capacity, not beginning to accommodate those present. Rev. S. E. Meminger preached the sermon, supplemented by remarks by Dr. Irvine. Just tributes were paid to one whose upright life merited the best encomiums that could be given him. The Odd Fellows, Uniformed Rank of K. of P., Firemen and a detail from F. Co. were present in uniforms or paraphernalia of the organizations. The burial services were conducted under the auspices of the two former societies.

MET BY THE BAND.—The case of State of Oregon vs Hon Caleb Gray was called in Judge Boise's court yesterday. The facts shown by the state were very weak. Weatherford and Wolverton presented strong reasons why the case should be dismissed and it was so ordered by the judge. Mr Gray received hearty congratulations from every one in the court room, as many had known him for many years as a man of sterling integrity and probity. Upon his return he was met at the train by the band and he was given a right royal reception. Music, fire crackers and cheers announced the fact that the city rejoiced in the triumphing of the one persecuted.—Halsey News.

GOT EVEN WITH HIM.—The case of Oregon against Otto Serfling was being tried in the Circuit Court this afternoon. It is rather of an interesting trial. Several months ago Serfling was in Portland. While there a well-known hide buyer was the means of his being arrested on a trivial charge. A few weeks ago the hide buyer was in Scio. Mr Serfling remembered him and got even with him by giving him a warm thrashing. Hence the arrest.

A RUNAWY.—This forenoon the team of Ubbe Peters, while standing on Ferry street, became frightened, tore away from a post and ran south on that street. At Fifth street one horse wanted to go west and the other did not. They straddled a tree while going at a terriffic rate, scraped the bark off and tore the corner of Mr M Sternberg's fence down. Though the tongue and harness were broken up, the horses were not injured much.

A FUNNY SILVERTONIAN.—Two Italians with bagpipes and mustte made things hideous on the streets one day this week. They stopped in front of one business house and piped away an hour for a dollar. The proprietor, becoming tired of their screaching, commenced to beat time among them with eggs. They dodged the eggs and blew away until they were given a quarter to quit.—Appeal.

SCHOOL TAX.—Notice is hereby given that the school tax of district 5 is due and payable. All taxpayers are requested to call at once and attend to the same, at the office of the clerk, C G Burkhart.

NEW CARPETS.—A B McIlwain has one of the largest and best selected lines of carpets in the city, embracing all new patterns and designs, and as he has made a great reduction in prices it will be to the advantage of carpet buyers to call and inspect his stock and prices before purchasing.

Fortmiller & Irving have some Renaissance lace curtains for $18 a pair, as fine as anything ever seen in the city. They range down to $7 a pair. Other lace curtains down to $1 or less a pair.

Mr Thos Alphine, of Millers, is lying ill with consumption, and we are informed, has been given up by the doctors. Mr Alphine is a pioneer of Linn county, and his many friends will regret the fact. His brother, Jack Alphine, of Little Elk, was in the city today on his way home from there.

GOOSE EGGS.—The Albany base ball nine Saturday learned that amateurs could not put up ball with professionals. Salem knocked them out without trying very hard, 16 to 0. Chas Burns, the pitcher, retired in the fourth inning and Larimore took the box. The Salem Statesman credits Albany with 12 errors, not putting one against Breckenridge who allowed a fly to drop at his feet, while picking bugs from the grass, so lethargic did the boys become at the end of the game. Marshall made 4 errors. Magers 2, and the others 1 each except Larimore and Breckenridge. Salem only made 1. Burns caught out 11, and Stanley 12. Albany hit Salem; but right into their hands. The Statesman's version of it was: The game put up by the Salem boys was a brilliant one, there being only one error, while the Albanys played ragged ball. Not one of the visiting nine reached second base. Leveque pitched great ball for the first four innings and then retired to the field and Jacobs, the little Indian from Chemawa, was put in the box and did wonderful work, not a hit having been made off his delivery. The Albanys seemed to delight in making errors, Marshall leading the list with four. This team had never all played together before. Burns, who started in to pitch for the visitors, retired in the latter part of the fourth inning with a lame arm. The feature of the game was the catch of a hot liner by Stites, and the work of the Salem infield, but one ball having gone outside the diamond.

In order to have another game a country battery was secured and the following nine played: C Burns, r f, R Burns, s s, C Williams c, W Williams p, Leimert l f, Marshall 1 b, Rennie 2 b, Magers 3 b, Stites c f. The score was an excuse, 43 to 6.

MISFITS

The gate receipts at the game of base ball in Salem Saturday were the largest of the season.

During the year ending April 30 the people of Oregon consumed 94,140 barrels of beer. This is an increase of 6,408 barrels over the previous year, which just about keeps up with the increase in population.

About fifty excursionists failed to meet the boat Saturday night, resulting in loud expressions of indignation. One young man was in company with five ladies, and to get them home it was necessary to call in the assistance of some of his friends pocket books.

The Secretary of the Albany Woolen Mills Co. hits the correspondent in the Herald who complained at the assessment of the mills by the city in good shape, and brings out a fact that will surprise some that $15,000 is yet due on the bonus of $25,000 offered the mill company to locate here.

SI PLUNKARD COMING.—The Grand Opera House was crowded last night, on the occasion of the first appearance of the "Si Plunkard" company. The play tickled the gallery into frenzy and pleased the balcony, dress circle and parquette. The comedy is a success.—Pueblo, Colo, Daily Press, April 1, 1891. At Opera House July 8th.

THE ALBANY COLLEGE.

Dr Gwynne writes to the Oregonian about the Albany Collegiate Institute, making some suggestions our citizens will heartily endorse. He says:

"It was my privilege to attend the commencement exercises of the Albany Collegiate Institute, this year, and I wish to make known through your columns my impression of the college. I trust the facts I have to state may meet the gaze of lovers of education, and elicit their sympathy. It is not a pretentious institution, but is doing a noble educational work. I notice that in its collegiate course it ranks with the state university; taking equal Latin and nearly as much Greek. The work in the four departments of study is as thorough as in any college I have visited, east or west.

The graduates of '91 reflect great credit upon their instructors. The teaching force of seven professors would prove an acquisition to any college. Rev E N Condit is a rustler, and is working himself and others with might and main. The college enrolls 200 students; It is a striking, and, I think, favorable feature, that most of the number are from the city of Albany, which shows that the institution is appreciated by those who know it best.

But I asked myself the question why so efficient a school was not wider in its range of influence. I found two reasons for this: First, the mistaken modesty of those in authority, in not making it more widely known; second, the sad lack of class-room accomodation. Although a comparative stranger in the neighborhood, I would venture to suggest to those in authority, that they should enlarge the building at once, and erect a dormitory, so that pupils could obtain board at a reasonable rate, and be under the supervision of the faculty. The seven acres of land on which the school now stands, although rather cramped, would permit of this being done, and $10,000 would complete the work.

I was pleased with the unsectarian character of the college. The members of the faculty are all Christians, but are all members of different denominational churches. The board of trustees, I found, was made up of all creeds, and some, although good men, hold no church relationship.

A word about the alumni. The character of the work done in the past is seen in the names recorded in the list of the alumni association, many of whom were present and displayed their talents in telling speeches at the meeting. Several are holding responsible positions in this and other states.

This college has a bright future before it if the above suggestions in relation to buildings will be acted upon, and who with any patriotism, love for the rising generation and care for the future of our state, having the means, would not help so efficient, broad and promising an institution, calculated to produce such fruit?

An examination of their goods will convince any one that there is no better place in the city for trading in their line of goods. Their prices are low, with good reasons for the fact. They invite all to call and see them and learn by experience where the best bargains can be secured, both in prices and quality of goods.

A member of the Salem ball club pronounced the Burns boys the best battery yet in that city. French, Jeweler, agent, Albany.

SOUND ADVICE.—It pays to get the best; even Shakespeare admitted that. In this connection it may be remarked that W R Graham has just received an elegant line of suitings for the spring and summer, never surpassed in an Albany market. They are the best to be obtained, as an inspection will show, and Mr Graham is prepared to make them up in the latest style with a skill his long experience has enabled him to be master of.

A Haunted House.

This body of ours has been likned to a tenement. It often has a haunted apartment—the stomach. Scared by the eldtich sprite, dyspepsia, digestion flies and refuses to return. What can break the spell, what can raise the ban laid upon the unhappy organ? We answer unhesitatingly, Hostetter's Stomach Bitters, and we are waranted in the response by the recorded testimony of myriads, covering a period over a third of a century. A course of the Bitters, begun in any stage of the affliction, and persistently followed, will terminate in cure positive, not partial. The Bitters restores tone to the epigastic nerve, renews and purifies the juices exuding from the cellular tissues that act upon the food digestively, expels bile from the stomach and the blood, and promotes a regular habit of body. Malaria, kidney complaint, nervousness, rheumatism and neuralgia give way to this medicine.

DR. DARRIN FALLS.

Owing to the dull times Dr Darrin generously offers to treat all patients free of charge between the hours of 10 and 11 a m daily and those able and willing to pay at half his original rates. The afflicted will do well to make a note of this generous offer and apply at once as these rates will last only for a limited time. The doctor's fall in prices is not only a boon to the poor but will be appreciated by thousands unable to pay large fees. A reporter had occasion to visit the doctor's office recently and was amazed at the reports of patients waiting their turn to consult the doctor. One case in particular came to our ear, well worthy of notice. His name is M W Karrigan, of San Francisco, now stopping at the Depot Hotel, this city. He came for electric treatment, about May 15, for kidney trouble, catarrh of the bladder and diabetes of long standing, having tried all the schools of practice to no purpose. He was cured in one month and told us his sister was cured in San Francisco five years ago by Dr Darrin of a loathsome scrofulous affliction and had never seen a return of her complaint. Many other gave their experience with Dr Darrin and all with one accord were loud in his praise. The doctor's mode of treatment is peculiar to himself and strikingly successful. These cures are principally done by electricity and magnetism, medicine being given when necessary. Head office 70½ Washington street, Portland, Or, branch office at Sargent's hotel, Aberdeen, Wash. Examination at the office or by letter free and confidential. Hours 10 a m to 8 p m daily. Question blanks and circular sent free. D. Darrin treats all curable private, chronic and nervous diseases, seminal weakness, secret blood and skin diseases, nervous debility, impotence and other weaknesses of manhood.
