TELEGRAPHIC NEWS

A Fatal Balloon Accident
 DENVER, Colo, July 5.—This afternoon there was an immense crowd on Manhattan beach to witness a balloon ascension. It was advertised that the children would be given a ride on the back of an elephant there. The elephant made two trips and was returning to the animal house with eight children on his back, when the balloon started up. The animal became terrified, and began trumpeting and running about, making frantic efforts to upset the children. All fell. All but one escaped uninjured. Little Johnny Eaton was the victim. He was caught under the elephants feet and crushed out of all semblance to humanity. The keeper of the elephant stuck a pitchfork into the animals trunk and was thrown high in the air by the enraged beast. He was not, however, seriously hurt. By this time other attendants managed to secure the elephant with a chain. The parents of the child are nearly frantic with grief.

High Notes.
 PARIS, July 5.—Patti demands higher terms than ever to go to America with Abbey next winter. She wants \$5000 each night to sing in opera. As another impresario is also trying to engage her for a concert tour, Abbey will probably have to pay the imperious diva her price if he wants her.

Their Only Medicine Chest.
 William W B Miller, Deer Lodge, Montana, writes: "I have been using Brandler's Pills for the last thirteen years, and though I have had nine children, I have never had a doctor in the house except three times, when we had an epidemic of scarlet fever, which we soon banished by a vigorous use of Brandler's Pills. I have used them for myself, two or three a night for a month, for liver complaint, dizziness, and constipation. In diarrhoea, cramps, wind colic, indigestion, one or two Brandler's Pills fixed the children at once. A box of pills is all the medicine chest we require in the house. We use them for rheumatism, colds, catarrhs, biliousness and impure blood. They never have failed to cure all the above complaints in a very few days."
