AN UNCONSTITUTIONAL LAW.—A few days ago J C Gordon was arrested at Lebanon, charged with carrying concealed weapons.

Hyde, Attorney Miller and Garland appearing for the defense, and J R Wyatt, deputy district attorney, for the prosecution.

The defense took the ground that the law was unconstitutional, as it was in conflict with the provisions of the statutes providing for carrying arms in case of war, and the justice declared the law unconstitutional and discharged the prisoner.

This beats the justice who granted the divorce, and places the Lebanon court above even Boise's court, for Judge Boise rarely pretends to declare a law unconstitutional, that being the province of the supreme court.

Albany men who are arrested for carrying concealed weapons should always appeal their cases, in case of conviction, to Justice Hyde's court, at Lebanon.

THE PUBLIC SCHOOLS.—The directors of the Albany school district met last evening at the office of the clerk, C G Burkhardt.

The old teachers were re-elected except principal and Miss Jane Morris, who has accepted a position in the Salem schools.

Following will be the corps of teachers: J B Horner, principal; Misses Abbie Wright, Mary D Sedgwick, Isabella Gray, Clara Gard, Euphemia Crosscut, Mattie Laughlin, Mary Blount and Mrs Kate Aiken, assistants.

Prof Horner has obtained a high standing as an educator, and was universally liked at Roseburg, where he made the schools of that city the best of Southern Oregon.

Besides the usual branches he is an expert in business branches, such as bookkeeping, and is a great organizer in his mode of conducting a school.

A Bill for the Mines.—At a meeting of the directors of the Albany Mining & Milling Company last night, it was ordered that a ten-stamp mill be purchased for the company's mines at once, and N H Allen and C G Burkhardt were appointed a committee to go to San Francisco and purchase the best mill of that capacity to be secured.

They will leave this week if possible, and the mill will be gotten to the mines at the earliest possible date. It will have a capacity of about 30 tons a day. The company has taken all preliminary steps, and now, finding that everything is all right, and better than the most sanguine expectations, will push matters for business. Heretofore it has been entirely an experiment. Hereafter the mines will be run for business.

WOOD WANTED.—Sealed proposals will be received by the clerk of district No 5 Linn county, Oregon, up to Monday, July 13th, 1891, to furnish said district with 60 cords of grub oak wood and 5 cords of split fir wood; the latter to be split from the body of large trees, four feet long and free of knots. The oak wood to be four feet long and not less than four inches in diameter at the small end. The board reserves the right to reject any or all bids.

ALBANY, JULY 7, 1891. C G BURKHART, District Clerk.

BOYS MAY BE HAD (and sometimes girls) for ordinary service at wages, or upon indenture. (to work, attend school, and be brought up somewhat as your own); and children may be had for legal adoption.

Address, E. T. DOOLEY, Supt. Oregon Boys' and Girls' Aid Society, Portland, Oregon.

HAVE YOU A WIFE and ten children; have you any children; are you an old bachelor? Whatever you are you can not do better than by buying your groceries, produce and baked goods of Parker Bros.

You want to save money and at the same time get good groceries, then call on them. You will get first-class treatment and first-class goods. Their baked goods are made in an experienced manner, and include a large variety of eatables.

If Conn & Hendrickson can give you a large and choice stock of groceries, produce, fruits, berries, etc, to select from then their store is one to visit when wishing anything in their line.

An examination of their goods will convince any one that there is no better place in the city for trading in their line of goods. Their prices are low, with good reasons for the fact. They invite all to call and see them and learn by experience where the best bargains can be secured, both in prices and quality of goods.

WALL PAPER, ETC.—I have just received a new line of wall paper and decorations. Have more than doubled my facilities for handling them, and will keep a much larger stock. Wall paper and border to match. Beauties, and much cheaper than ever before.

AT FORTMILLER & IRVING'S—150 dozen window shades, just received. A large and elegant stock of 16th century bedroom sets.

A B Seal leaves tonight for San Francisco, after his family, who have been visiting there a month or two.

Mr B H James has returned from Ohio, where he was called on account of the last illness of his father.

"Little Annie Rooney" and family are now residents of Yaquina Bay, where she is frequently seen by resorters.

Yesterday morning Prince George, of Greece, passed through Albany on his way to Alaska. This royal young man had been doing California, taking in the Yosemite valley and other colossal sights.

Prof J B Horner, principal-elect of the Albany public schools, was in the city this noon on his way to Corvallis, to attend the funeral of Hon Thos Canthorn.

Prof Horner accepted by telegraph last evening the offer of the principalship of the Albany schools, and will soon move his family here in time for the fall term.

Prof Horner has obtained a high standing as an educator, and was universally liked at Roseburg, where he made the schools of that city the best of Southern Oregon.

THE PUBLIC SCHOOLS.—The directors of the Albany school district met last evening at the office of the clerk, C G Burkhardt.

MISSIS.

Several of our exchanges came out in red, white and blue. These are splendid colors for the American flag, but they make a botch of a newspaper.

A city must be a great one, where it will not receive its own script. The Prineville News says: "One day this week Mr Ed N White applied to our city recorder for a license to sell spirituous and malt liquors in this town for a period of six months, offering town scrip in payment therefor. The scrip was refused, and Mr White was compelled to pay \$100 in cash, which he did under protest."

Last week Richard and Fred Powell, while moving their sheep to Green mountain, saw what they took to be a deer lying at the root of a tree. Thereupon they shot and hit it, and the object proved to be a large congar. It was undoubtedly hard hit, for it attempted to climb a tree and could not, and they found blood and tracked it to its den where they found many denuded bones of its victims.—Prineville News.

The Roseburg Review gives Mr Leigh Harnett, the mining expert, an unkind hint by calling him a "third-class English dude," and says "he probably knows nothing at all about mining and minerals beyond the stock of technical terms he has gleaned from an encyclopedia." As a matter of fact Mr Harnett's article in the Oregonian displays the greatest knowledge of the mines and minerals of the Northwest of any yet written here. The fact that he sees bright prospects for a Linn county mine should not sour a Southern Oregon paper.

COUNCIL PROCEEDINGS.—Monday evening, July 6, 1891.

Present—Mayor, Recorder, Marshal, Street Commissioner and Councilmen French, Hawkins, Tabler and Burkhardt.

The notices published in the Democrat, providing for a hearing in cases of numerous improvements ordered, were read. Mrs E R Chendle appeared and asked for a modification of the order in reference to grading and graveling her Third ward property, so that this year she and Mrs Rhodes should only be required to fill up holes, and not complete the grading. On motion referred until next meeting together with remainder of the resolution.

Application of the W C T U for privilege of driving two public wells, one on Ferry street, east side, 6 feet from First street, and the other on Ellsworth street, near First, was referred.

Adjourned until Tuesday night.

BROWNVILLE.—July 6th, 1891.

We see Eugene has made a big fuss about our having a celebration, but if you ask the 5000 people who were here one can soon be convinced of our success at giving an entertainment.

Rev Travis preached here yesterday in the Baptist church, also preaching in the M E and C P churches.

The woolen mills are driving ahead with an enlarged race and now have an abundance of water.

City Council tonight, when the matter of water works will doubtless be up for consideration, and as we have no protection against fire something should be done and that soon, for a fire could not be controlled.

Hon O P Coshow is still in poor health. His children were all here to attend their father's 60th birthday, except Jas N., who could not come. Mr Coshow was the recipient of a nice gold headed cane, of which he is justly proud.

Mr Frank Stanard and Miss Maggie Dunn, of this place, were married on the evening of the 4th. We wish them success in future life and may their troubles only be little ones.

Two new arrivals in town in the way of a new baby at Jas Bales' and Mr Dotson's. Thus it is our populace increases.

Say, tell your Albany chaps to stop fighting when they come to Brownsville on the 4th.

SOUND ADVICE.—It pays to get the best; even Shakespeare admitted that. In this connection it may be remarked that W R Graham has just received an elegant line of suitings for the spring and summer, never surpassed in an Albany market. "They are the best to be obtained, as an inspection will show, and Mr Graham is prepared to make them up in the latest style with a skill his long experience has enabled him to be master of.

Fortmiller & Irving have some Renaissance lace curtains for \$18 a pair, as fine as anything ever seen in the city. They range down to \$7 a pair. Other lace curtains down to \$1 or less a pair.

A petition to the Oregon Pacific is being circulated, asking that trains run to and from Coe station, at the eastern terminus of the road, twice a week. It would bring a good many people located in there to Albany, who do not come on account of the distance to Gatesville.

A Haunted Home.

This body of ours has been likened to a tenement. It often has a haunted apartment—the stomach. Scared by the aldrich sprite, dyspepsia, digestion flies and refuses to return. What can break the spell, what can raise the ban laid upon the unhappy organ? We answer unhesitatingly, Hostetter's Stomach Bitters, and we are warranted in the response by the recorded testimony of myriads, covering a period over a third of a century. A course of the Bitters, begun in any stage of the affliction, and persistently followed, will terminate in cure positive, not partial. The Bitters restores tone to the spagastic nerve, renews and purifies the juices exuding from the cellular tissues that set upon the food digestively, expels bile from the stomach and the blood, and promotes a regular habit of body. Malaria, kidney complaint, nervousness, rheumatism and neuralgia give way to this medicine.
