CITY OFFICIAL PAPER.

LOCAL RECORD.

A LONG JOURNEY.—Monday evening a travel-stained pilgrim from the "other land," driving a pair of gaunt, weary mules attached to a dilapidated wagon arrived in this city. He had been a resident of North Dakota, and his crops were ruined this year by the late frosts which that country is famous for. He and a neighbor left there and traveled overland in a wagon. They were in search of the "better land," they had heard so much of and were determined not to stop till they had found it—and they did find it. One of the men went to work near Lebanon and the other came here. About the first man he heard was Uncle Jimmy Hayes, of whom he inquired for work. Mr. Hayes happened to know that Geo. Housack wanted a man and in less than half an hour after his arrival here he had work. This is the kind of men we need here, who have the nerve to start out to better their situation and after finding a favorable place are willing to settle down and go to work. They will probably send for their families. They are both surprised and pleased with our country—the universal verdict of all newcomers.—Corvallis Gazette.

LESS COUNTY CHERRIES.—A Portland man in the city, was telling how he went into a store in Grants Pass a few days ago to get a box of cherries, of which he saw samples in the window. They were very fine looking specimens of that fruit. He asked where they were raised, and the man said twelve miles from that city. On handing out the box it was discovered that a private mark of a Halsey firm was on it, and on investigation the Portland man learned that the cherries had been shipped from Halsey to Grants Pass, where they were being sold for local cherries. In the matter of cherries Linn county is in the front.

THEATRICAL.—Only a fair-sized but a very well pleased audience, greeted the H. F. Keene company last evening in their presentation of "The Silver King," a thrilling drama, full of exciting scenes. Mr. Obee is particularly good as The Spider. Thos. Quinn is a strong Wilford Denver and Deaf Dickey, Silas Robinson as Father Christmas, and Geo. Bryant as Grippie, and Baxter, the detective, are very efficient, while the remainder of the support is good. The company does good work and is worthy of support. Tonight Milton Noble's famous play, The Phoenix, will be presented. The admission will be 50 cents to all parts of the house, including reserve. After the play a social dance will be given without extra charge.

CHURCH SERVICES.—Preaching at the Presbyterian church at 11 a. m. and 7:45 p. m. Subjects: "Some Difficulties Explained," and "A Christian Prisoner Before a Heathen Judge." Sabbath school at 12:15 p. m.; Y. P. S. C. E. meeting at 7 p. m. All will be made welcome.

A union prayer meeting of the Y. P. S. C. E. of Albany, will be held at the United Presbyterian church at 6:30 p. m. Sunday evening. A cordial invitation is extended to the young people of this city and all interested in this work.

Preaching at the Baptist church at 11 a. m. and 7:45 p. m. This will be the pastors last Sunday at home before his vacation. Subjects: "Light out of Life," and "Why should we keep the Sabbath day?" S. S. at 12:15; Young People's meeting at 6:45. All will be made welcome.

FIRE HARNESSES.—Overman & Hunter are just completed harnesses for No. 1's and No. 2's steamers, doing all the work themselves except the patented parts. These harnesses are electric affairs, working with great rapidity, and are very reliable fire harness. No. 1's will be ready for business on Monday, and No. 2's on Tuesday. Overman & Hunter have done a good job, and it is a matter of local pride that the work could be done, and so well, in Albany.

AFTER THIRTY YEARS.—Mr. P. P. Greffoz, who for the past thirty years has successfully conducted a jewelry business in this city, has sold out to his son Ed, who is a first class workman and is competent to run in and fill the place vacated by his father. He merits a liberal patronage and will doubt receive it. Mr. P. P. Greffoz is now in Colorado looking up a new location.—Corvallis Gazette.

FARMERS' MILITANT ATTENTION.—Members of Canton Albany No. 3, will meet at 8 o'clock p. m., Monday, July 20, 1891, at I. O. O. F. hall, as a new sample uniform has arrived. Geo. W. Wright, Clerk.

HAVE U NOTICED that Allen Bros' grocery store is always full of fruits, vegetables, etc., the very latest in the market. If there is anything to be had they have it.

Peaches, Berries, Cabbages, Turnips, New Potatoes.

NEW SPRING GOODS.—I keep a full line of new and summer dress goods, in washings, prints, gingham, seersuckers, etc. I have also a new line of summer plaids, better than any other in town, and all wool goods. SAMUEL E. YOUNG.

Prof. Wright and E. E. Montague, of Lebanon, have been in the city today.

J. M. Ralston and wife went to Newport this noon for a several days outing.

E. E. Davis, proprietor of the Recorders office, went to Harrisburg today to spend Sunday.

Among the passengers bound for Yachima Bay today were J. W. Blain, E. A. Scheffer and Mrs. Robert Brown and son.

Mr. I. F. Conn has just completed for Wm. Emerick & Co., a nice arranged butcher shop, adjoining the Willamette Packing Co., which will be opened on Monday.

Mr. Geo. R. Wilson, of Fresno, Calif., a former resident of Albany, was in the city yesterday on business connected with the California Savings and Loan Association of San Francisco, of which he is an inspector of lands.

Misses Emily and Maud Turrell, of Sacramento county, Calif., left this noon for Tacoma, after a sojourn among Albany friends. Miss Emily Turrell was a teacher for awhile in the Albany schools about seven years ago.

G. C. Starnard arrived in Brownsville on Thursday, and on the following Friday left for the Santiam state springs. Attorney Geo. W. Wright, of Albany, accompanied by his wife and children, were in Brownsville on Monday.—Times.

A. J. Salmon, of Chicago, is in the city. Mr. Salmon recently arrived in the county accompanied by his father, now 83 years of age on a few weeks visit here, being the guest of the former's uncle, Mr. Rudd, of Peoria. Mr. Salmon was in the county four years ago for several months.

Last evening the C. E. society of the Congregational church gave a private lawn party at the residence of Mr. Albert Brownell, in the western suburbs of the city. The place is delightfully located and the surroundings pleasant ones. An evening full of enjoyment was passed, the event being pronounced among the nicest of the season.

Hon. John Bryant and wife of Linn county are visiting their son, Thomas W. Bryant, and his family. Tom is now recovering from a spell of sickness. John Bryant has been a Democratic member of the Oregon legislature, besides master of the Oregon State Grange, and has held other prominent positions of public trust.—Ashland Record.

M. H. Allen, a retired merchant and manager and principal owner of the Albany electric light system, was at the depot yesterday with his daughter, Miss Edna, on their way to Klamath Hot Springs. Mrs. J. H. McBride and daughter, Miss Susie Martin, and O. H. Blount, old Albany friends, were at the station to meet them.—Ashland Record.

C. W. Ayres came out from Portland this morning to arrange for the construction of a railroad spur to the Siskiyou Stone Co's quarry. Mr. Ayres says the Ashland stone has knocked Tenino stone clean out of Portland and its only competitor now is the Arizona stone. Among the latest big contracts the Siskiyou Stone Co. has received is that of the \$300,000 building of Ed Dekum, which will be the handsomest business block in Portland. The stone contract bids for the Portland's chamber of commerce building will be opened today, which the Siskiyou Stone Co. expect to receive.—Record.

IN MEMORIAM.

HALL OF BRULAH REBEKAH DEGREE LODGE, No. 35, I. O. O. F.

ALBANY, OR., July 13th, 1891.

To the N. G. V. G. Officers and Members. The inevitable decree of the Grand Master of the Universe, to which all must with submissive reverence bow, has removed from our midst one who was always genial, shedding the sunshine of his kindly disposition upon all who came in contact with him, always cheering the membership by kindly words of good fellowship, strengthening it by wise counsel and a noble example. His was an example worthy of imitation by all. That brilliant light that has lit up the firmament of Odd Fellowship is not put out; it is only hidden for a brief time behind the gloomy shadow of death only to reappear in immortal beauty to shine evermore. Brother James F. Hall is no more. Let us pause a moment under the shadow of the dark cloud of death and reflect that he who so faithfully answered the roll call here below will now faithfully answer it above.

In token of our esteem for our deceased brother, and in sorrow for his loss, we would recommend that the charter of this lodge be draped in mourning for thirty days; that a copy of this memorial be sent to the sister of the deceased; that it be spread at length upon the lodge journal, and copies sent to the Democrat and Herald for publication.

Fraternally submitted, Ida I. CARTER, SARAH O. BARNES, MAGGIE A. BLACKMAN, Committee.

Notice to Water Consumers.

Water is being wasted to such an extent and so unnecessarily that we are obliged to enforce a strict observance of the rule in regard to sprinkling, viz: From 5 to 9 a. m. and 6 to 10 p. m., and to caution all users of water against allowing leaks from faucets or other fixtures to continue. The continuous running of water through closets or other fixtures, or allowing hose streams or sprinklers to run all night will be deemed sufficient cause for shutting the water off from premises where found without notice.

MINUTS.

An exchange says if you are not rich without money you will hardly ever be with it.

Reports spread very fast. There was some diphtheria in Pendleton, the same as in other places, in fact just three deaths occurred in all; yet reports about it spread so rapidly as to make thirteen deaths in a single day from the disease.

No better advice can be given to the boys of today than to leave the trashy stories of the day entirely alone. They are like poison, and fill the head full of false sentiments. Many a boy has been led astray by trashy detective stories and other tales of adventure. They are fiction from beginning to end and should be left severely alone.

The Centralia News says that a lot of railroad spikes, which have been lying in a vacant lot near the depot at Centralia since last summer, and which belong to G. W. Hunt, are to be sold by the sheriff to satisfy a judgment of \$643. The spikes are said to be worth anywhere from \$20,000 to \$40,000.

M. Wilkins is now busily engaged preparing samples of grasses grown in Oregon. The collection will be exhibited at the state fair this year, and will serve as a nucleus for his grand exhibit at the world's fair in 1893. He will prepare about 900 samples this year, of which there will be \$6 varieties.—Guard.

A peculiar misfortune happened to Mr. Alexander, who was driving through Klamath county to the sound, a band of 10,000 sheep. There was a small canyon ahead of the drove which the herders did not see, and when the front sheep came to it, the front ones pushed them into the ravine until a bridge of dead and dying sheep was formed numbering three hundred.

They have "base ball" pretty badly in Pendleton, and the dreams of base ball enthusiasts there, even, are filled with it. The wife of a man there, according to the E. O., one night was disturbed by her husband remarking: "Take a long lead, a long lead! Look out, look out! Watch him run! W-h-o-a-p! Now slide in on a cloud of dust!"

Mrs. R. gave him a poke in the ribs, and asked: "What's the matter with you?" Half recovering from his dreaming state, he replied: "There's a man on second, and I want to run him in."

The DEMOCRAT hereby begs the pardon of the boys known as the "Sewer Gang," if at any time during the April fires, it expressed the sentiments of most of the citizens, by hinting at their connection with them. It now transpires that they were at least truthful and never did any thing more than what one of their members stated. One lone boy, unconseled, was at the bottom of the whole business. We are glad to state, though, that the "sewer gang," as it was called, no longer exists. Among the boys are some who will make good men, and are behaving themselves now as well as any in Albany. It was the boy who appeared one thing and acted another who was to blame for all the trouble. We are glad to know he feels sorry for the offense, and sees the greatness of the deed done.

A Side Walk Kick.

About four or five months ago the residents and property owners along the Salem road from Maine street to Pine street petitioned the City Council to build a sidewalk on the north side of said road, and the walk was ordered in. The notice was published in the DEMOCRAT stating that the work must be done within 20 days, or if not the city would proceed at once to build the walks and levy on the abutting property for the costs. Parts of the walk have been built; one part is nearly completed; but one man has not even got the lumber on the ground or made any move towards erecting his portion of the walk, making it very inconvenient for the people living in that part. Now, what we, and the residents along this walk desire to know is, why the city says that the walks must be built within a certain time or they will build them, and then not do it with this particular walk. Other walks have been ordered built and when not done the city built them and levied on the property for the cost. We humbly ask that the council or the superintendent of streets attend to this matter at once. XXX.
