Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osborn, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kinschler, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

Sore Shoulder Cured.

Charles A Stiles, 180 Carroll st., Buffalo N Y, writes. "I have been a clerk in the Continental Hotel, corner Exchange and Michigan streets, for some years, and first used Allcock's Porous Plaster three years ago for a sore shoulder. I fell down stairs and got a terrible wrench and bruise. For several weeks I suffered acute pain in the shoulder joint and, getting no relief, or only temporary, from numerous liniments, I put on an Allcock's Porous Plaster; kept it on for two or three weeks and my shoulder was well. It also cured me in six weeks of a most obstinate form of dyspepsia."

TELEGRAPHIC NEWS

Montana Style.

BILLINGS, Mont, July 24.—A tramp, whose name is not known here, went into the saloon of James Clancy yesterday afternoon, and being drunk and inclined to quarrel, was told by Clancy not to interfere with customers who wanted to trade. The ruffian then deliberately went behind the bar, and seizing a heavy mallet weighing about ten pounds, struck Clancy on the left temple, felling him to the floor, and then dealt him another blow on the top of the head. Clancy expired almost immediately. The tramp ransacked the money drawer, and finding no money, demanded some from William Quinn; who gave up 6 bits. The tramp ran out the back door, and Quinn's courage reviving, he went behind the bar and got a rifle and started in pursuit, overtaking the tramp and making him throw up his hands. The marshal arrested the tramp and placed him in jail. At an early hour this morning a mob of several hundred persons visited the jail, overpowered the sheriff, took out the prisoner and hung him to a telegraph pole. No clew whatever is known of the identity of the tramp.

A Launch Blown Up.

NEW YORK, July 25.—The World publishes this morning a letter from Callao, Peru, containing the information that June 1 a steam launch from the United States man-of-war Pensacola was blown up in the harbor of Africa by the Chilean torpedo boat Condell. Every man on board the launch, six in number, was killed. The Chilean cruisers had mistaken the launch for an insurgent boat. After the terrible mistake had been discovered the Condell dipped their colors and sent her chief officer aboard the Pensacola. Such apologies as could be offered were made, but the feeling among the comrades of the dead sailors was very bitter.

Beats Oregon.

SAN BARNABINO, July 24.—This is the hottest day of the season, the mercury at a p. m. standing at 110. The weather was very sultry, with clouds and rainstorms in the mountains. Quite a heavy shower passed south of the city about 2 o'clock accompanied by thunder. This is the hottest July for years. The mercury has gone above 100 at Riverside fourteen days out of the twenty-three this month.

SAN FRANCISCO, July 23.—Pomona was the warmest place in California today, the thermometer registering 115 degrees in the shade. This afternoon there was a sandstorm on Ontario, and rain was falling at Techachapi.

A Revolution Certain.

NEW YORK, July 24.—Haytiens who are now in this city say that a revolution against Hippolyte may break out within a week, or perhaps not for a month or two, but that it is bound to come. In fact, they have left their country so that they may not be present at the outbreak. They are all prominent men profess to be true patriots and are possessed of wealth and influence. It would not be too much to say that they are the real leaders of the proposed revolution. They are going to France and will sail on the La Bourgoyne.

A Cold Wave.

CHICAGO, July 24.—Temperature: New York, 70; New Orleans, 76; St. Louis, 72; Cincinnati, 72; Chicago, 66; Winnipeg, 40; Minnesota, 30. Frosts predicted for tonight in exposed places in Wisconsin.

MONEY WANTED.—The Ladies Aid Society are now preparing to begin the work of finishing the hospital and orphan's home, and are very much in need of money, therefore ask all who subscribed and have not paid to deposit the amount with S E Young. All who have promised us money, and all who are willing to enlarge their subscriptions, will assist us greatly in this much needed enterprise by leaving their donations at the same place. Mrs. C. C. KELLY, President.

Mothers!

Castoria is recommended by physicians for children's teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 35 doses, 25 cents.

A Haunted House.

This body of ours has been likened to a haunted house. It often has a haunted apartment—the stomach. Scared by the eldritch sprite, dyspepsia, digestion flies and refuses to return. What can break the spell, what can rouse the laid upon the unhappy organ? We answer unhesitatingly, Hostetter's Stomach Bitters, and we are warranted in the response by the recorded testimony of myriads, covering a period over a third of a century. A course of the Bitters, 1 spans in any stage of the affliction, and persistently followed, will terminate in cure positive, not partial. The Bitters restores tone to the enervated nerve, renews and purifies the juices existing from the cellular tissues that set upon the food digestively, expels bile from the stomach and the blood, and promotes a regular habit of body. Malaria, kidney complaint, nervousness, rheumatism and neuralgia give way to this medicine.
