

SOCIAL AND PERSONAL.

C P Burkhardt left this noon for Portland.
E E Pennington left for Illinois yesterday, being called there by the serious illness of his father.
Editors Phelps, of the Halsey News, and Morin, of the Harrisburg Courier, were in the city today.
Mrs Kate Protzman and children, of Portland, have been in the city several days, the guests of Mrs Lyle.
Mr Fred W Blumberg and wife left this noon for Yaquina bay, where they will spend several days seeing the sights, including the Alsea.

Miss Annie Farrell, of this city, is visiting Tangent friends. She has been teaching near Sweet Home for awhile.
A pleasant evening may be spent by attending the social at the residence of E E Blain, tonight. There will be different attractive features, and those who go will have reason to congratulate themselves over the fact.
Mrs E D Sloan, of the Klamath Agency, arrived in Albany yesterday on a visit with her son, Mr Burr Sloan, and many friends. Mr Sloan is the agency carpenter. She reports the new agent, Mr Matthews, well liked there.

Miss Lizzie McNeil, who has been a missionary in Liberia, Africa, four years, left there for Albany on June 27th, coming home principally on account of poor health, intending to return to that far off country as soon as sufficiently improved.
Among the relatives present at the golden wedding of Mr and Mrs H A Johnson, Sr., in Salem Saturday last [was Mrs J Shores, of Seio, Linn county, a sister of Mrs Johnson, who was present at the wedding fifty years ago. She is the only living sister.

M E Brink, one of Prineville's prominent attorneys, is in the city on his annual blackberrying expedition. He will go to the Bay, and probably leave for home on Friday. Mr Brink reports crops good in Crook county and the outlook generally first class.
Mr David Prettyman, the veteran exhibit collector, was in the city today, after samples of wheat, etc, for the Oregon Land Co and state fair. Mr Prettyman, the best man in the state for the business, has had four different applications to do this business, and just who will get all collections is not fully settled.

E D McGee, of Salem, the patentee of the lightning calculator of interest, by multiplication, was in the city today. He informed the DEMOCRAT that after the notice of his machine in the DEMOCRAT, a few weeks ago, he received a stack of letters about a foot thick, inquiring about the wonderful machine.
A MODEL DAIRY.—Last Sunday, says the editor of the Independence West Side, was spent with relatives in Linn county on a farm near Halsey, which is devoted principally to pasture and dairying. A herd of twenty-three full blooded Jersey cows graze contentedly in the fields. A barn 32x60 has been built especially for standing the cows while milking them and will accommodate twenty-eight at once. Milking is done twice a day and after each milking the warm milk is taken to the house and there is located a small steam engine and a machine which separates the cream from the warm milk. The milk flows into a rapidly revolving disk and at the side out of one spout flows pure cream and out of the other skim milk. The cream is taken to the creamery and allowed to stand a day and then churned, also by steam power. Mr and Mrs Ribelin sell all their butter at Mr Tabor, Portland, at twenty-five cents a pound the year around. The butter produced alone brings them over \$100 each month. The skim milk is fed to calves, pigs and chickens. This is an instance of what can be done where there is a will. In this case a dairy pays better than farming.

INSURANCE RATES.—What is necessary to reduce insurance rates is often asked. We clip the following from the McMinnville and Independence papers, and they will give a pointer:
Mr H E Parkhurst, surveyor of the Pacific Insurance union, was in the city Tuesday. When asked about a reduction of rates, he said the town would have to establish fire limits, procure more hose and put in a telephone to the water works, than the union would consider the matter.
Messrs Parkhurst & Loyd, of the Pacific Insurance union, of Portland, were in town Tuesday, and came to restate the town on the strength of the supposed contract entered into by the new water company, and were much surprised when told that no contract had yet been signed.

HALSEY.—Will Ribelin, who has been working in a photograph gallery in Albany for some time past returned home Sunday.
L E Hubbard, cashier of the Commercial bank, of Cottage Grove, was in the city yesterday talking "bank" with our citizens.
Miss Annie Godley, who has been attending the Conservatory of Music, at Boston, Mass, during the past year, returned home last Thursday. She was met by a host of friends who were glad to welcome her home.—News.

TRADE AT THE OLD RELIABLE GROCERY STORE of C E BROWNELL.
Good goods, low prices, and honest treatment.
COME ONE COME ALL.
Try Calumet Baking powder, the best on earth. C E BROWNELL.

DR PRICES Cream Baking Powder
Used in Millions of Homes—40 Years the Standard.

NOTES

You can't beat a man at his own game unless you know the game better than he does.
Albany is infested with scarlet fever.—Salem Statesman. Salem is infested with the biggest liar on the Pacific Coast.
According to the following in the Seattle Telegram it is difficult to tell what reform schools are for. "One of the boys sent from this county to the state reform school has been sent back as incorrigible."
A valuable find of lead ore was made at Cornucopia last week by W S Wilson. The ore is a fine quality of sulphide of lead. The metal has been greatly needed to reduce the gold and silver ores of the camp there.
The Salem fire continues to burn in the newspapers. The Journal is devoted almost entirely to burning up the Statesman. That paper undoubtedly put its feet in it, and labors under the disadvantage of having the people against it in the fight.
Recently in a Justice case at Brownsville the plaintiff sued for \$45. The defendant paid into court as a tender \$37.50. The plaintiff refused to accept it, and after trial the jury rendered a verdict giving plaintiff only the \$37.50 tendered, and besides assessed the plaintiff with the costs of his own witnesses and one-half of the costs of the justice and constable fees. Who won the case, is being asked in Brownsville, Mr Rowland, the plaintiff, or Mr Hamilton, the defendant.

No city on the Pacific coast is better situated for fighting fire than Albany. Our fire apparatus is good. We have horses for night work. The water works are in good condition, the cisterns are well filled. Our firemen are efficient. In 10 years the annual loss by fire in Albany has not averaged over \$1000, perhaps \$10,000 in all. During that time probably \$200,000 in premiums have been paid out. This is unequal. Under the circumstances the city is entitled to a reduction of rates. Albany should be in No 2 book, and the raters are invited to consider the fact.
The following from The Dalles T. M. should be digested by people who look on the gloomy side of everything, and become melancholy at the sight of every cloud: Two of the happiest mortals in existence are now in the city jail. One is a member of the Second Baptist church in Milwaukee, and spends his time in singing Moody and Sankey hymns. He is a good looking young man, with no signs of fast living, and is such a person as would attract all the young ladies at a spelling school or a kissing bee. The other pretends to be a pressman and is also good looking. They appear to be contented with their lot, praise the food, say the cool breeze is very refreshing, and make no complaint. These young men are evidently "beating" their way through the coast on trains, but we cannot conceive that they are either depraved or vicious.

If Conn & Hendricson can give you a large and choice stock of groceries, produce, fruits, berries, etc, to select from then their store is one to visit when wishing anything in their line. An examination of their goods will convince any one that there is no better place in the city for trading in their line of goods. Their prices are low, with good reasons for the fact. They invite all to call and see them and learn by experience where the best bargains can be secured, both in prices and quality of goods.
HAVE YOU A WIFE and ten children; have you any children; are you an old bachelor? Whatever you are you can do better than by buying your groceries, produce and baked goods of Parker Bros. You want to save money and at the same time get good groceries, then call on them. You will get first-class treatment and first-class goods. Their baked goods are made in an experienced manner, and include a large variety of eatables.

Teachers' Examination.
Notice is hereby given that the regular public examination of teachers, for Linn county, will take place in Albany, commencing on Wednesday, August 12th, at 1 o'clock, and continue until Friday noon, August 14th. All teachers must positively be present at the time of commencement, as no one will be admitted to the examination who is not so present.
G F RUSSELL,
County School Supt

Important to Housekeepers.
It gives Julius Gradwohl great satisfaction in selling his fine Golden Rule tea and baking powder, with elegant prizes or without them, that his customers who have purchased invariably return and say they are well pleased, that the tea is No. 1 and the baking powder is as good as the best. All his teas and baking powder bears the name of Julius Gradwohl's Golden Rule Bazaar, and are expressly put up for his business, and he still continues to give with each pound of tea or baking powder an elegant piece of glassware.
BOEN.

LEE.—On Tuesday morning, July 28, 1891, to the wife of Prof W H Lee, a girl. All doing well.

HOME AND ABROAD

City Council met tonight.
Whips, robes, hats, etc, etc, at McFarland's.
Prof Mitchell, of this city, has been engaged to teach the Tangent school.
Salem is probably the largest city in America without a board of trade, according to the Statesman.
The Three Sisters is now the only O. P. boat running on the river, the water being too low for the others.
The last thermometer seen this afternoon pointed at 50 degrees above zero, with an upward tendency.
Patrons home industry and buy hand-made harness, warranted, from O C McFarland, at Dubrulle's old stand.
A Gilbert, of Portland, was the lowest bidder on Woodburn's new school house. The figures were \$7450.
An Albany confectioner disposes of eighty quarts of ice cream a day, taken in ice cream soda, now a popular drink, and by the dish, and refreshing the interior of many heated citizens.
Mr H M Stone is boring for coal on the farm of Mr Prettyman, at Spring Hill, and is now down twenty feet. Coal has been struck on Mr Bowman's place near it, and there is no doubt that there is a large bed underneath.

Linn county is to have another newspaper. It is to be started soon at the surviving summer resort, Sodaville, by Mr Barze, recently of Monmouth, a relative of Prof Lewis Barze, of Sodaville. This will leave very few places in the county without a paper. A good newspaper will help build up any city.
Yesterday afternoon the residence of D. Turner at Tangent was discovered on fire during the absence of the family. It was extinguished before any damage was done. The presence of kerosene oil in some shavings and old clothes make it look like incendiary work. A curious time of the day for that, though.

The DEMOCRAT has received an elegantly gotten up catalogue of the Pollock-Stevens Institute, of Birmingham, Ala., which has been examined with interest on account of Mrs Pollock having been for a couple years a popular member of the faculty of the Albany College for Women. Besides the principals are seven members of the faculty. The branches consist of English, mathematics, latin, mental science, natural science, elocution, calligraphy, art, modern languages, voice and piano, and Kindergarten branches. The catalogue shows about 150 pupils in attendance. The program for the June commencement was a choice one, and characteristic of the senior principal, among the numbers being Paradise and the Peri, given here once by Mrs Pollock.

A piano at Klein Bros Boot and Shoe store.
S A Hulst, druggist, French's corner.
Five groceries at Conn & Hendricson's.
C W Cobb, job printer, Flinn Block.
C W Cobb, job printer, Flinn Block, does first class work.
See that elegant piano at Klein Bros Boot and Shoe store.
Go to C W Cobb, successor to Paisley & Smiley, Flinn Block, for your job printing of all kinds.
Fresh vegetables and berries every morning Brownell's.
Best assortment of teas in town at C E Brownell's.
A fine line of crockery ware at Conn & Hendricson's.
Drink delicious ice cold soda water at C E Brownell's.
A large assortment of garden seeds on sale at C E Brownell's.
E W Achison & Co are selling monuments at Portland prices.
Golden opportunities are wasted every day by not trading with C E Brownell.
A new line of window shades from 50 cents to \$1.50 each complete, at Samuel E Young's.
Your school tax will be delinquent if no paid at once. Look after it and save costs of collection.
Do not buy your boots and shoes until you see the piano at Klein Bros, and as well have examined their large stock of goods.
For bargains in monuments, headstones etc., go to E W Achison & Co, Albany, Oregon.
Fresh bread, cakes, pies, etc., every day at the Delmonico restaurant. Leave your orders.
See W F Read's line of dress goods and silks before buying elsewhere.

ESTRAY NOTICE.—Strayed from my place, 5 miles east of Albany, a light roan milk cow, about 7 years old, a split and underbit in right ear, equal low fork in left. Was giving milk when she left. Will reward the finder.
JOSEPH BILYEU,
Albany, Oregon.
