

THE SODAVILLE R. R.—In speaking of this important enterprise the Lebanon Express says: The alleged attempt of the company to secure a right of way through our town is based upon the fact that one or two citizens in the outskirts of town and near town objected to the exact location as proposed. The company never asked for a right of way through Lebanon. Never submitted a proposition to the city in any form until today (Thursday), Dr. Hill was in town and expressed the belief to some of the citizens that the road could be secured here, and said that the company was now ready to make a proposition to Lebanon. Mayor Miller has accordingly called a mass meeting for Saturday night, when a discussion of the matter will be had, representatives of the company to be present. The proposition that will be made, as we are informed, will be that if Lebanon will secure right of way to the city and right on streets to the depot, thence on streets to the paper mill, the company will proceed to build to Lebanon, and, for the present undertaking to go no further. With an additional number of trains on the S.P., which Mr Hill has been assured will be put on, when the motor line is built the people would have an excellent service from Albany, probably as good as if the line was built there.

MORE FREE GOLD.—Mr. Lewis, the freighter from Gatsville to the Santiam mines, arrived in Albany last night from the mines, and reported a find of free gold ore in the lower tunnel, now in about 160 feet, and 75 feet from the surface. This was entirely unexpected so early, free gold ore not being looked for in the tunnel until it was in fact as far. It makes the prospects far ahead of the anticipations of the members of the Albany Mining & Milling Co. The upper tunnel is now in 250 feet and a good lot of ore is constantly being secured. A man representing a large amount of mining capital is now in the mines and is ready at any time to bond the mine so well is the pleased with the outlook, but the owners will not bond or sell it. The prospects are good, and the effort used in developing it has been too great too part with anything without big results.

A FINE THING.—Hon L. H. Montanye and D. M. Hastings of this city have purchased the right for the Cleveland hub for Oregon, Idaho, Montana and Nevada. In the way of a hub this surpasses anything else ever manufactured, so far as the DEMOCRAT knows. It meets a long felt want, and the reason it does is because it is absolutely dust and water proof, when placed on a true spindle. The hub can be placed on any wheel and spindle, no matter what the make or kind of wagon, from a dog cart or buggy to a democrat or lumber wagon. So complete is the arrangement that after once oiling the spindles the wagon will run 600 miles without re-oiling, a claim made, that will be easily believed on examining the hub. The gentlemen have a good thing, and will proceed at once to sell county rights in the states named.

AN INTERESTING FACT.—A brand new sidewalk is going down in front of the DEMOCRAT office. The Santiam Lumber Co. from whose yard the lumber came, in order to give Albany some creditable sidewalks, are selling dressed lumber at the price of rough lumber. A fact that should be generally appreciated, as it will give the city a much better class of sidewalks.

THREE DARKEYS.—Three dirty little darkeys, as bright as a brass button, were in the city last evening giving street concerts, for what they could collect. They have melodious voices, and if they keep on improving will keep rising in the world until they become members of a minstrel troupe. The possibilities for the youth of to-day regardless of color, are unlimited, and even these little blind baggage riders can be heard-for a nickle.

THE REASON.—Mr F. S. Ingram requests the DEMOCRAT to say that the reason Mr Straney had a bigger load of hay than his was that the former loaded his on a barn floor, he loaded his in the field and conveyed it several miles. On same conditions he is ready to compete with him any day in the week.

DO NOT WILT, even if it does get warm. You can get fresh fruits, products and the best groceries to be secured at Conn & Henderson's. They carry a first class stock of goods, and are situated so as to sell at the lowest prices. If you are going to the mountains or on a trip let them fit you out. They have the variety, and can give you the prices.

REMOVED.—P. J. LaPorte, the shoemaker, has removed his shop from near Vierick's barber shop to the building just opposite the Russ house, next door to Brown's barber shop. He invites all his old customers, and new ones as well, to call, as he is prepared to do work in his line in first class order.

HAVE U noticed that Allen Bros' grocery store is always full of fruits, vegetables, etc., the very latest in the market. If there is anything to be had they have it.

Peaches, Berries, Cabbages, Turnips, New Potatoes.

Klein Bros have a large and choice stock of boots and shoes for sale at reasonable prices. Do not invest in foot wear until you have seen their stock and the elegant piano at their store.

F. M. French and family went to Sodaville today for an outing.

Prof. Jewitt, the new principal of the Astoria school, was in the city today.

J. F. Stewart, of Woodburn, has purchased the Jefferson Review, the sale of which has already been mentioned.

Mr and Mrs George Hatch, of Salem, passed through Albany yesterday for Newport on their wedding tour. Mr Hatch is one of Salem's letter carriers.

The Wood Brothers and Daniel Brothers, four former Iowa neighbors of W. F. Read, are in the city, the guests of Mr Read. They are highly pleased with the gem city of the valley.

Among those who went to Yaquina Bay today were Hon W. R. Bilyeu, Hon R. A. Irvine, O. C. Awhrey and family, Mrs. H. A. Crowder, Mr Hoffman, Mrs. Harkness and children, Mrs. F. H. Roscoe and daughter, S. L. Thompson, Stanley Stewart, and T. J. Sittes.

Mr Wash Phillips, of Scio, was in the city last evening. Mr Phillips told the DEMOCRAT that he had known Mr Peter Halfpenny, accidentally killed, well for three years, having had considerable business with him, and he had never known a squarer or better man. All who knew him speak in the highest words of praise of him as a man.

AN AVALANCHE OF WORDS AND FEELINGS.

Sells Brothers' Teaming World of Entertainment.

This great show is booked for Albany on Wednesday, August 19th, and regarded as a whole, it is doubtless without parallel. Wherein it differs from others is this: in its rare variety, its endless interest, its boundless capacity to please every taste. Good things with it are not doled out with a grudging hand; they are poured forth in a Niagara-like profusion, typical of the great country of great enterprises. Here we have a regal Roman hippodrome, a five-continent menagerie, three big circuses, a wild Moorish caravan, performing droves of wild and domestic beasts, a huge tropical aquarium, aviary, royal Japanese troupe, Arabian nights entertainment, spectacular pilgrimages to Mecca, and splendid free street parade, rolled into one tremendous alliance, for but one price of admission; or, more properly speaking, roaring, rushing, racing, marching, dancing, gliding, tumbling, soaring, diving and disporting under some ten acres of tents. Whew! the very thought of it fairly makes one catch his breath. And not only is it all a very great, but it is a very good, clean, admirably managed show, under the immediate eye of its proprietors, and free from any and every annoyance or objectionable association. Had Artemus Ward lived to see such an exhibition, he would not have wondered why it always took three grown-up persons to take one child to a circus, but would have increased the number of adults to at least a score.

A GRAND PRODUCTION.—Special engagement is announced of the distinguished actor, Mr Newton Beers, in his greatest plays, "Lost in London." Mr Beers has surrounded himself with a company of high class artists, and carries his own scenery, lending greatly to the attractions of the play. The N. Y. World says of the piece: "Lost in London," with Newton Beers in the stellar role, drew a large audience at the Windsor Theater last night. The play was superbly put on and the new scenic decorations which were advertised as one of the features of the production were exceptionally good. Mr Newton Beers was the central figure in the play. His interpretation of Job Armroyd, the outraged and forgiving husband, showed careful study and a complete mastery of his part. In the mine scene, where his wife's infidelity first dawned upon him, his action was very strong; and in the last act, where the struggle is going on in his heart between love and duty, the house rang with applause. "Lost in London" will be presented at the Opera House next Saturday night, August 8th. Don't fail to secure seats at once, as indications point to a packed house.

RELIGIOUS SERVICES.—There will be no preaching in the Baptist church tomorrow. S. S. and C. E. will be held as usual.

REV SHANGLE will hold his closing services at the M. E. Church South, tomorrow, previous to moving to Southern Oregon, where he will go for his health.

Regular services will be held at the U. P. church tomorrow, morning and evening. The gospel service of the Young Men's Christian Association last Sabbath was one of much interest and it was the general expression of those present that we exert ourselves more than ever to make these meetings of special interest. May we not, one and all, rally to the standard and lift high the banner of the cross, lest it drag in the dust of indifference. Shall we not throw aside the excuses that come so easy. Answer. The subject for tomorrow's service at 4 o'clock, is, "Seven 'Comes' of the Bible. We will look for you. Bring a friend. Come prepared to take part. Music by male quartet.

WANTED, at once, for canning purposes Royal Ann and Black Republican cherries, peach plums, Bartlett pears, black raspberries and blackberries, for which I will pay the highest market price. G. W. SIMPSON.

MINES.

A farmer tells the DEMOCRAT wheat will be as high as \$1 this coming season. He gives as his reason the small European wheat crop.

A firm of clothiers at Salem, offer a fine suit of clothes to the person bringing them the largest apple during the fair. They also offer a suit of clothes to the one bringing them an ounce of wheat with the fewest number of kernels.

The first murder perpetrated in Polk county that we know of, occurred in Cooper Hollow in 1820. Adam Wemple killed his wife, set fire to the house, consuming her body in hopes that would destroy all evidence of the crime. He was executed, yet not by electricity.—West Side.

Now we know the liveliest town in Oregon. The West Side says: We have seen independence a wilderness, today we see it the most thriving town in the state. Time and again strangers traveling over the country and coming to our town, make the remark, "Why, you seem to be full of business here, more so than any place we have seen."

The Weston Leader says: Mr Meyer, the wholesale cigar manufacturer, is here at work. Part of his stock is already here and he has sent for men to work in the shop. One comes from Albany, Or., one from Portland and two from Pendleton. His wife and children will also arrive in a few days. Mr Meyer will buy a residence here and make Weston his future home.

A preacher recently said that a newspaper that told the truth, and the whole truth, couldn't be a pecuniary success. The minister who will at all times, and under any circumstances, tell the whole truth about his members alive or dead, might not occupy the pulpit more than one Sunday, and in some cases might find it convenient to leave town. The press and the pulpit go hand in hand with the whitewash brush and pleasant words, magnifying little virtues into big ones. The pulpit, the press and the gravestone are the great saint making triumvirate.—Astorian. The world would be a social cyclone if people were to tell their thoughts. The whitewash business is a necessary one.

HOME AND ABROAD.

The latest style of Seattle hats just received at the Ladies Bazaar. It will require about 300,000 feet of lumber for the Willamette bridge at Albany instead of 100,000 feet as stated by the DEMOCRAT recently.

W. J. Turney has sold out his interest in Loom to J. E. Jurisdge and J. C. Hardin. The above named gentlemen have just received a fine assortment of general merchandise consisting of dry goods, groceries, etc. Express.

Hon J. B. R. Morelock, formerly of Brownsville, and who represented Linn county in the State legislature one term, is now running a farm in Southern Oregon, got on the sale of the Seattle flouring mill.

Fifteen harvest hands were arrested twice in Umatilla county a few days ago for trespass on complaint of Joe Rainville. They were discharged both times and the costs, \$200, charged up to Rainville. Arrests for trespass are generally spite work, and Rainville evidently appreciates the fact by this time.

L. Samuels will soon begin the publication of Samuel's West Shore, under the head of the L. Samuel Publishing Company.
