BERGRIARY AT HARRISBURG.

The safe of George Brandenburg blown open and \$1000 in Goods Taken. From Barney May, who came down from Harrisburg this noon, the DEMOCRAT gets the particulars of one of the boldest and most extensive burglaries ever committed in this county.

Mr Geo W Brandenburg has a jewelry store and shop in one corner of Mr Sain May's one story brick store, Mr May occupying the remainder of the building, each having a safe. The roof of the building is of iron. During the night burglars bored a hole in the roof of the building, cutting through the iron with the instrument, one hole after another, until a piece came out, leaving a square aperture large enough for a man to enter.

A noise was heard by a neighbor about midnight, but nothing thought of it at the time. Two suspicious men had been in the city, one of dark complexion, short mustache and mole on left cheek, who were not seen afterwards.

A reward of \$150 was immediately offered for the arrest of the burglars. Sheriff Scott was telegraphed, and as well the Portland and other sheriffs.

Who is Vice-President of the United States? The heaviest yield of oats we have heard of so far this year, is that raised by Mr Bill Cross, near Halsey, 17 acres thrashed out 1147 1/2 bushels or 67 1/2 bushels to acre.—Lebanon Express.

The Corvallis Gazette says Prof Frank Carter and crowd, balloonists, are a hard set of dead beats. They have not been here, only taking in smaller places like Corvallis, Scio, etc, so we do not know.

Very little new wheat has been sold in Corvallis yet. While the nominal price being paid for wheat is quoted at 75 cents, we understand that as much as 77 cents has been paid.—Gazette.

The Salem Journal calls us all dogs. Hear the grunt of the hippopotamus: "The city of Albany taxes its resident dogs, and the DEMOCRAT announces that this tax will have to be paid, or the dogs will be killed by a man in waiting for the job. Friend, the town will be depopulated!"

Pronunciation bees are now the proper things. It wouldn't take long to get some educated people the Man About Town has heard of, and most people would drop on such words as long, dog, etc., which, according to the dictionary, all have the short sound of o.

A New York poetess, Mina Irving, is suing a butcher for \$6000 damages. Said damages were done to the young lady's divine afflatus. The butcher hangs his undressed hogs and beves in his barn in full view of Mina's window! She alleges that the sight deprives her of inspiration, without which she can not pursue her art.

The two Coons, with another brother, manufactured \$500 worth of coin at Woodburn, Marion county, some months ago and passed it off successfully on Puget Sound without being caught. They bought property at Woodburn with the proceeds, which is said to be in the name of the brother residing there now.—Ashland Record.

The Three Sisters came up last night with a fair load of freight for the enterprising merchants of Salem. Twelve barrels of oil, and a lot of brimstone, which will be used on the notorious hop louse, were brought up.—Statesman. The Sisters probably took the oil and brimstone for the colic caused by the load of cucumbers taken down to Portland.

How easy it is to figure. The Observer, of Dallas, says: Here is a little item to ponder over. We have it from reliable authority that there is about \$300,000 insurance carried in Dallas, while the assessment roll last year footed up, including indebtedness, about \$250,000. If we calculate that not more than one-half the property is insured and that at two-thirds its value we must conclude that there is "something rotten in Denmark."

Who KNOWS HIM.—J A Culbertson, writing from Iola, Kan., says: "I had a brother named C S Culbertson, in some milling company, in your city, who worked as a laborer, and was about 21 years old. Can you give me any information as to the boy. Our mail has been coming back to us for six months." Any one knowing anything about such a young man will confer a favor by notifying Mr Culbertson.

The Oregon State Chautauqua Literary and Scientific Assembly will be held at Gearhart Park, beginning Sunday, August 9, 1891. This is on Clatsop beach. Instead of being a State C. L. S. C. this is evidently only a Portland affair, gotten up as a summer resort arrangement. It no doubt, though, will develop into something more serious. The C. L. S. C. is a great literary institution, and Oregon should have her assembly.

HOME AND ABROAD.

Wheat is 65 cents in Pendleton. Roseburg is to have a complete sewer system. The government suggests Corvallis is working near this city.

The Independents and Salem base ball clubs play at the former place tomorrow. Gudon Smith & Leavelle have begun a suit in the circuit court against Smith & Sanders to recover money.

The safe of Perkins and Bridges, at Drain, was blown open Wednesday night, by burglars; but only a little money secured. Brownsville is to have a new hotel, says the Times. It will probably be run by Mr and Mrs P H Wigle, now of Harrisburg.

Trains will begin running to the front on the new schedule on next Monday, leaving here at 12:40 and returning at 9:40 the next morning. C W Ayers, besides his multitudinous occupations, commenced August 1st drawing a salary as special agent of the Standard life and accident insurance company.—Ashland Record.

All Umarilla's composites take prize in the achievements of J H Bab's horse, Guido, who is winning laurels on Eastern tracks. He won a mile race in St. Paul recently in 1:40 1/2, carrying 149 pounds.—Pendleton Tribune.

REAL ESTATE SALES. J M Ralston to Alfred E Ausorge, 1 lot, Lebanon, \$80. Perry E Miller et al to J A Conser, 85.79 acres 10 w 3, 1987.55.

To TEA DRINKERS.—Probably three fourths of the teas consumed are "Green Teas." Unpleasant as the fact may be, the bright, shiny green so familiar to us, is not the natural color, but is due to the facing or glazing of the tea with Prussian blue, Indigo, and other mineral colors.

That coloring hides the effects of poor teas is undoubted; but is it healthful, and does it not call loudly for the importation of a brand of pure, uncolored, unmanipulated tea?

It was this condition of affairs that prompted the placing of Beech's Tea before the public. Being the absolutely pure, uncolored leaf it is different in color from any you ever used. It draws a canary color of a delightful fragrance that is a revelation to tea drinkers, and its purity makes it more economical than the artificial teas, less of it being required per cup. Sold only in packages, 50 cents per pound. Ask for Beech's Tea, pure as childhood, for sale by Allen Bros., Flinn block, Albany.

MULKEY.—At the residence of his brother, A G Mulkey, near Corvallis, August 6, 1891, David Benton Mulkey, aged 62 years, 10 months and 7 days. He was a pioneer of 1847 settling near Corvallis the same year with J C Avery, Haman Lewis, Wm Dixon, John Stewart, Jas Alexander and others.

COX.—Effie, wife of Gregg Cox, at Wasco, Gilliam county, Aug 6, 1891, aged nearly 30 years, after an illness of three months, of consumption. Deceased was a niece of Mrs J Q Wilson, of Salem, and sister of Dr H E Beers, of Wasco, and formerly of Salem.

G. W. Vincent, of 6 Terrace Court, S. F., writes: "I am 60 years of age and have been troubled with constipation for 25 years. I was recently induced to try Joy's Vegetable Sarsaparilla. I recognized in it at once an herb that the Mexicans used to give us in the early 30's for bowel troubles. (I came to California in 1829) and I knew it would help me and it has. For the first time in years I can sleep well and my system is regular and in splendid condition. The old Mexican herbs in this remedy are a certain cure in constipation and bowel troubles." Ask for
