

Daily Democrat.

WASHINGTON.
(From our regular correspondents.)

WASHINGTON, Aug 17, 1891.
The National Association of democratic clubs will launch a decided political novelty on the 12th of September, when a special car under the control of that association will start from Washington on a forty days missionary tour. The car will go direct to Chicago and from there to St. Paul and Minneapolis, where special meetings will be addressed by the speakers who will compose the crew of missionaries; from there it will go by easy stages along the Northern Pacific railway, stopping at all important points to allow the educational work to be done. The car will be due at Spokane Falls on the 23rd of September, upon which date a convention of the democratic clubs will be in session there, and a grand reception will be held.

The journey will then be continued around Puget Sound in Oregon; thence through California, Utah and Colorado, and returning to Iowa about the time the state campaign has reached its warmest period. There the missionaries are to take off their coats and take a hand in re-electing Governor Boies. The car will be in charge of Mr Lawrence Gardner, secretary of the association, and among those who have already volunteered as working-missionaries are Senator Kenna, Representative Bynum, ex Representative McAdoo and Honorable Chauncey F Black, president of the association. A number of prominent democrats have the invitation under consideration and if they can so arrange their business affairs will also become missionaries for the dissemination of sound democratic doctrine. Some of them who cannot spare the entire forty days may join the party temporarily either coming or going or both. Success to the idea and to the missionaries.

Secretary Foster who has returned to Washington, is very much put out because of the publication of the fact that the continuation of the maturing 4 1/2 per cent bonds at 2 per cent is already practically a failure. Less than \$20,000,000 of the \$51,000,000 of these bonds outstanding when the offer was made have been presented for continuance and only two weeks remain in which they may be redeemed. What remains out after that time must be redeemed and that is what is worrying the astute secretary of the treasury. If any large amount of these bonds are to be redeemed and it seems certain that there will be, it will be necessary to make a considerable hole in the \$100,000,000 gold reserve fund, and although Mr Foster says that he will not hesitate to use this fund if it becomes necessary, it is known that he would much prefer not having to do so as he is well aware that he has no legal right to pay out one dollar of that money.

Representative Mills, who has been doing a little campaigning in Iowa, is back in Washington hard at work on his book on the tariff. Mr Mills says he found the greatest enthusiasm existing among the Iowa democrats and from his own observations he is of the opinion that Boies will be re-elected and that the entire ticket and legislature will also be carried by the democrats. Mr Mills expects to make Washington his headquarters until October, when he is under engagement to make a number of speeches in the Ohio campaign. He is a warm admirer of Governor Campbell and expects to see him defeat the high priest of protection; he is also confident that the next Ohio legislature will certainly be anti-republican, if it is not controlled by democrats exclusively.

It begins to look very much like Mr Harrison would have a first class negro revolt on his hands if he dares to send a white man to Hayti, as minister in place of Fred Douglass whose forced resignation has been accepted. Prominent negroes here say that they will do every thing in their power to keep the negro voters of Ohio at home on election day if Mr Harrison does not appoint a negro to the vacancy or promise to do so before the Ohio election takes place. On the other hand those who profess to be familiar with Mr Blaine's intention say that he is determined that a white man shall be sent to Hayti to assist in carrying out his policy with regard to that country.

President Polk of the National Farmer's Alliance is out in a long interview claiming the earth so to speak, and taking special occasion to make attacks upon Senators Vance, Ransom, Gordon, Morgan, Pugh, Gorman and Sherman, as well as Representative Oates, of Alabama, and stating positively that the alliance would have a national ticket in the field next year. Mr Polk is said to be very much offended because the Maryland alliance convention was friendly towards Senator Gorman in spite of his efforts to make it otherwise.

Washington has already secured pledges of six votes in the national democratic committee which will, next February, decide where the next national convention is to be held, and efforts are being made to secure others.

Six hundred clerks were dismissed from the census office Saturday.

The number of postoffices in the country on June 30, 1891, was 64,591, as follows: First class, 116; second class, 350; third class, 2276; fourth class, 64,449. This is an increase of 2030 offices during the year.

On the basis of Mr Porter's census, of the population of the United States fifty-five per cent. is English, twenty per cent. is German, fifteen per cent. is Irish, four per cent. is Latin, three per cent. Scandinavian and three per cent. Slav.

The Germans are taking precautions against the spread of tuberculosis in the schools by having furniture and floor wiped with damp rags to remove the germs of the disease.

A philological statistician calculates that in the year 2000 there will be 1,700,000,000 people who speak English, and that the other European languages will be spoken by only 500,000,000 people.

The Road to Wealth

Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties God nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the secretions, causing indigestion and dyspepsia, with all of their accompanying horrors.

DR. KENLEY'S English Dandelion Tonic exerts a specific influence over the liver, excites its healthy action, resolves its chronic engorgements, and promotes the secretions; cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.
