Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osgood, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Kinschler, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. Anson, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have our own medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
UNITED HOSPITAL AND DISPENSARY, Boston, Mass.

What They Are Good For.

Brandreth's Pills are the best medicine known. First—They are purely vegetable, in fact a medicinal food. Second—The same dose always produces the same effect—other purgatives require increased doses and finally cease acting. Third—They purify the blood. Fourth—They invigorate the digestion and cleanse the stomach and bowels. Fifth—They stimulate the liver and carry off vitiated bile and other depraved secretions. The first two or three doses tell the story. The skin becomes clear, the eye bright, the mind active, digestion is restored, constiveness cured, the animal vigor is recruited and all decay arrested. Brandreth's Pills are sold in every drug and medicine store, either plain or sugar coated.

Alaska's Population.

ASTORIA, Aug 28.—James Sidwell, who has been on a surveying party on the unsurveyed land between Seaside and Lillamook, came in from the front today and reports a singular plague prevailing in township 4, range 10 and township 5, range 10, Clatsop county. Worms, in countless numbers, are eating up every particle of vegetation in that section. Their ravages have extended over an area of about six miles long and five miles wide, and on nearly all of this they have eaten every bit of vegetation and killed the timber and underbrush that grew there on.

Alaska's Population.

SAN FRANCISCO, Aug 28.—Census Agent Petroff has returned from Alaska, having completed the census of that territory. The following figures closely represent the population in 1890: Alets, 900; Indians, 5,000; Eskimoes, 18,000; Chinese, 23,000; whites, 48,000; total, 31,000. This is a decrease of 2000 in ten years, but as during that time the white and Chinese population has increased largely, this really represents a decrease of 8000 in the native population.

Important to Housekeepers.

It gives Julius Gradwohl great satisfaction in selling his fine Golden Rule tea and baking powder, with elegant prices or without them, that his customers who have purchased invariably return and say they are well pleased, that the tea is No. 1 and the baking powder is as good as the best. All his teas and baking powder bears the name of Julius Gradwohl's Golden Rule Bazaar, and are expressly put up for his business, and he still continues to give with each pound of tea or baking powder an elegant piece of glassware.

Take Care! There is Danger!

In allowing inactivity of the kidneys to grow through neglect. The deadly shoals of Bright's disease and diabetes will wreck the body back of health if it is allowed to drift ruthlessly upon them. The bladder, too, if inactive, and judicious medication does not speedily direct the helm toward the port of safety, will be whelmed by the quicksand of disease. In selecting a diuretic, let your choice fall upon Hostetter's Stomach Bitters, which stimulates the renal organs without irritating and exciting them, two effects to be apprehended from the unmediated stimuli largely resorted to. These have a tendency to react prejudicially. The Bitters invigorate the kidneys and bladder, in common with the nerves and digestive organs, and so afford lasting aid. It also affords instant assistance in preventing and curing intermittent and remittent fever. Biliousness, constipation and rheumatism it also subjugates.

JENKS' DREAM.

Jenks had a queer dream the other night. He thought he saw a prize-fighter's ring, and in the middle of it stood a doughty little champion who met and deliberately knocked over, one by one, a score or more of big, burly-looking fellows, as they advanced to the attack. Giants as they were in size, the valiant pugny proved more than a match for them. It was all so funny that Jenks woke up laughing. He accounts for the dream by the fact that he had just come to the conclusion, after trying nearly every big, drastic pill on the market, that Pierce's Pleasant Purgative Pills, or Hay Sugar-coated Granules, easily "knock out" and beat all the big pills hollow. They are the original and only genuine Little Liver Pills. Beware of imitations, which contain Poisonous Minerals. Always ask for Dr. Pierce's Pills, which are Little Sugar-coated Pills, or Antibilious Granules. O. G. & B. Co.

SICK HEADACHE.

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of Dr. Pierce's Pleasant Purgative Pills. They are gently laxative, or strongly cathartic, according to size of dose. Smallest, Cheapest, easiest to take. 25 cents a trial, by druggists.

TELEGRAPHIC NEWS

The Congressional Party Victorious.

NEW YORK, Aug 28.—The Herald this morning devoted a page to Chili news, its Valparaiso dispatch says that Balmaceda's power in Chili is broken, his army has been crushed after five hours of hard fighting, and scattered beyond all hope of reorganization. The revolutionists have taken possession of Valparaiso with Balmaceda practically a fugitive without resources in men or money, with the principle resources in the hands of the congressionals. With President-elect Vicuna a refugee on board a German war ship, and the country flocking in masses to the standard of the invaders it is a matter of only a few days when the capital will fall into the hands of the revolutionary leaders. General Canto and his army won today's battle by superior generalship and hard fighting, assisted by good fortune in killing off Balmaceda's generals and the consequent demoralization of the army and desertion of entire regiments. Furthermore, there has not been harmony in the military councils of president Balmaceda, as both Burbora and Alzuresca wanted the supreme command. This jealousy resulted in an almost open rupture, and these officers worked at cross purposes. Balmaceda disappeared.

A Big Cloudburst

TROY, Aug 28.—The whole eastern part of Rensselaer county was deluged by a cloud-burst last evening. Three dams were washed out at Sand Lake. The damage is \$10,000 to the mills. Several houses were washed away. At Smart's paper mill in this city one end of the mill was torn out, the bridge carried away, and damage to about \$1000 done. Bridges all along the stream were torn from their foundations and it is believed the damage will reach half a million dollars. In the vicinity of Lebanon Springs, railroad the storm was equally extensive, and at Berlin houses were washed away and two persons drowned.

Invaded by Worms.

ASTORIA, Aug 28.—James Sidwell, who has been on a surveying party on the unsurveyed land between Seaside and Lillamook, came in from the front today and reports a singular plague prevailing in township 4, range 10 and township 5, range 10, Clatsop county. To TEA DRINKERS.—

Probably three fourths of the teas consumed are "Green Teas." Unpleasant as the fact may be, the bright, shiny green so familiar to us all is not the natural color, but is due to the facing or glazing of the tea with Prussian blue, Indigo and other mineral colors.

That coloring hides the effects of poor teas is undoubted; but is it healthful, and does it not call loudly for the importation of a brand of pure, uncolored, unmanipulated tea?

It was this condition of affairs that prompted the placing of Beech's Tea before the public. Being the absolutely pure, uncolored leaf it is different in color from any you ever used. It draws a canary color of a delightful fragrance that is a revelation to tea-drinkers, and its purity makes it more economical than the artificial teas, less of it being required per cup. Sold only in packages, 60 cents per pound. Ask for Beech's Tea, pure as childhood, for sale by Allen Bros., Flinn block, Albany.

Mothers!

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published on each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 35 doses, 35 cents.
