"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."

**German Style.**  
 BERLIN, Sept. 3.—The minister of justice has ordered the authorities to proceed immediately with the prosecution of the editor of the socialistic journal Die Volksnacht, who was arrested and his paper suppressed for attacking the emperor in its columns. The Berlin socialists are very much stirred up over the severity on the part of the government, and a group of them yesterday, who were heard to denounce the action taken, were dispersed by the police and threatened with arrest.

**ONE MASS OF SCALES**  
 Afflicted 3 Years by Dreadful Skin and Blood Disease, with Intense Pain and Loss of Hair.

All Other Remedies Fail. Relieved Instantly and Cured in Four Weeks by the Cuticura Remedies.

I have a few words to say regarding the CUTICURA REMEDIES. They have cured me in four weeks' time from a skin and blood disease which I have had for over three years. At certain times, my skin would be very sore, and always felt cracking and itching on its whole surface. In cold weather my face was red as a beet, and when in the cold air the pain was intense. It would almost bring tears to my eyes, and my blood itself being in a poor condition, with a loss of hair. I have tried every known remedy that was recommended to me, but it was of no use, and gave me very little benefit. So, hearing of your CUTICURA REMEDIES, I concluded to give them a trial. The first application gave almost instant relief. In a few weeks' time I found myself cured, and I am thankful for what they have done for me. Your CUTICURA REMEDIES are a blessing to those who may have the opportunity to use them. I can recommend them to any one.

**HERE IS AN "SKY-SCRAPER"**

New York comes to the front with a project for a twenty-story building from the top of which a great tower will lift its copper dome to an altitude of 550 feet. Cologne cathedral, which the height of only 511 feet, will be eclipsed, as well as all other modern edifices. Stone walls will be constructed only a part of the way up, and their object will be show instead of utility. They will be required to bear no weight. There will be no brick, or rather terra-cotta blocks, to the very top of the big building, but there outward appearance of massiveness will mean nothing. The building will derive all its strength from within. It will be in effect as solid as if originally a block of steel in which halls and corridors, and offices were tunneled. It may be toppled over like a block of wood, but never broken down. The floor plan of the building will be shaped like the letter S. It will cover about 32,000 feet of surface area. There will be six stories in the tower above the main roof, making twenty-six in all. On Broadway and Greenwich streets the fronts of the main building will rise perpendicularly to a height of 290 feet.

**The Best External Remedy.**

S. J. Tidwell, Haley's, Marion county, Alabama, writes: "Allcock's Porous Plasters are a most invaluable household remedy. They do all that is claimed for them. I sell many hundreds every year, and every day I hear of their curing coughs and colds, diseases of the spine, liver, and ague fever; in fact, there is no disease that can be reached by an external application that they do not cure." Beware of imitations, and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute. Allcock's corn and bunion shields effect quick and certain relief.

**Important to Housekeepers.**

It gives Julius Gradwohl great satisfaction in selling his fine Golden Rule tea and baking powder, with elegant prizes or without them, that his customers who have purchased invariably return and say they are well pleased, that the tea is No. 1 and the baking powder is as good as the best. All his teas and baking powder bears the name of Julius Gradwohl's Golden Rule Bazaar, and are expressly put up for his business, and he still continues to give with each pound of tea or baking powder an elegant piece of glassware.

**Mothers!**

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

**JENKS' DREAM.**

Jenks had a queer dream the other night. He thought he saw a prize-fighter ring, and in the middle of it stood a doughty little champion who met and deliberately knocked over, one by one, a score or more of big, burly-looking fellows, as they advanced to the attack. Giants as they were in size, the valiant pugny proved more than a match for them. It was all so funny that Jenks woke up laughing. He accounts for the dream by the fact that he had just come to the conclusion, after trying nearly every big, drastic pill on the market, that Parker's Pimento Fungicidal Pills, or May Sugar-coated Granules, easily "knock out" and beat all the big pills hollow! They are the original and only genuine Little Laxative Pills, or Anti-Bilious Granules. Beware of imitations, which contain Potentuous Minerals. Always ask for Dr. Pierce's Pills, which are Little Sugar-coated Pills, or Anti-Bilious Granules. One a Dose.

**Take Care! There is Danger!**

In allowing insectivory of the lilybugs to grow through neglect. The deadly shock of Bright's disease and diabetes will wreck the body's health if it is allowed to drift rootless upon them. The bladder, too, if inactive, and judicious medication does not speedily direct the helm toward the port of safety, will be whelmed by the quicksand of disease. In selecting a diuretic, let your choice fall upon Hostetter's Stomach Bitters, which stimulates the renal organs without irritating and exciting them, two effects to be apprehended and feared from the unmedicated stimuli largely resorted to. These have a tendency to irritate the bladder, the latter being the kidneys and digestive organs, and so afford no assistance in preventing and curing intermittent and remittent fever, biliousness, constipation and rheumatism it also subjugates.

**EXAMPLE.—**The teas for American consumption are bought in China by European experts, who are called "tea-tasters." The encyclopedias are authority for the fact that in a few years they have to give up their lucrative positions with shattered constitutions. The unhealthfulness of the adulterations and mineral coloring matter cannot be more strongly put. Beech's Tea is pure as childhood. For sale by Allen Bros.

**SICK HEADACHE.**

Bilious Headache, Blurred Vision, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of Dr. Pierce's Pleasant Fungicidal Pills. They are gently laxative, or strongly cathartic, according to size of dose. Smallest, Cheapest, Safest to take. 25 cents a vial, by druggists.

**The Burned City.**

THE DALLES, Or, Sept. 3.—The Dalles today presents a pitiable sight. Fully one-half of the city is in ashes. The beautiful shade trees, which have been the most pleasing feature of the city, are seen leafless stumps. The entire city east of Washington street is an ashy plain, with nothing to obstruct the view as far as the warehouses at the extreme eastern limits.

This blow to the city, serious though it is, cannot prove a knock-out. Several contracts for new buildings have been let today, and a short time will see the city again on its feet.

The only accident resulting in serious injury was in the case of Joseph Fitzgerald, who while endeavoring to save something from the store of his father, was asphyxiated by sulphur fumes and lay in the scorching flames for some moments before being rescued. He was taken to the Sister hospital, and every thing was done that the combined medical fraternity of the city could suggest, but without avail. He died this morning at 8 o'clock without regaining consciousness.

**Result of Whisky.**

DAVENPORT, Wash Sept. 3.—Frank Cavanaugh, and a man named William Lovell, drove into Davenport from Cavanaugh's ranch four miles east of town yesterday afternoon. During the day, both became intoxicated and returning to the ranch, became involved in a drunken quarrel, during which Cavanaugh killed Lovell with a club. Cavanaugh returned to Davenport this morning and gave himself up to the authorities, and is now under arrest awaiting further proceedings in the matter. Cavanaugh is an old settler and has always born a good reputation. Lovell was a discharged soldier from Fort Spokane, and little is known of him here.

**Killed by Lightning.**

MAGNOLIA, Ark Sept. 3.—Four persons were instantly killed by lightning six miles east of here yesterday. Mr. Couch, a prominent planter, was in a small cotton house with five or six weighing cotton. Lightning struck the end of the building, tearing it to pieces and setting it on fire with the cotton. The killed are: Samuel Carter and his fifteen year old son James; John Brown; Doc Haskely; Mr. Couch was rendered insensible for some time but is now out of danger.

**Two Grain Fires.**

SALEM, Sept. 3.—There were two grain fires in the vicinity of Eola last night. W. N. Potnam lost 200 bushels of oats and 600 bushels of wheat, and Folk Babot lost 600 bushels of wheat. The first fire caught from a spark from an engine and the latter from a stubble fire which had got beyond control.

**TO TEA DRINKERS.—**Probably three fourths of the teas consumed are "Green Teas." Unpleasant as the fact may be, the bright, shiny green so familiar to us all is not the natural color, but is due to the facing or glazing of the tea with Prussian blue, Indigo and other mineral colors.

That coloring hides the effects of poor teas is undoubted; but is it healthful, and does it not call loudly for the importation of a brand of pure, uncolored, unmanipulated tea?

It was this condition of affairs that prompted the placing of Beech's Tea before the public. Being the absolutely pure, uncolored leaf it is different in color from any you ever used. It draws a canopy color of a delightful fragrance that is a revelation to tea drinkers, and its purity makes it more economical than the artificial teas, less of it being required per cup. Sold only in packages. 60 cents per pound. Ask for Beech's Tea, pure as childhood, for sale by Allen Bros., Filson Block, Albany.
