TELEGRAPHIC NEWS

Speaks For Free Trade. NEWCASTLE, Oct. 3.—In his speech today before the liberal congress, referring to free trade, Gladstone said: "Our children and kinsmen in America, to whom we have looked and might still look to teach us many useful legislative lessons, have set us in this matter an example of a retrograde nation."

They Reach California. SAN FRANCISCO, Oct. 4.—The distinguished democrats who are touring the Pacific coast, arrived here this morning. They are Ex-Governor Chauncey F. Black, Lawrence Gardner, Representative W. D. Bynum and Senator Charles J. Faulkner.

An Oregon Wreck. MARSHFIELD, Or. Oct. 4.—The Oregon Coal & Navigation company's outbound steamer, Arago, which went ashore on the south spit, near Guano rock, at the entrance to Coos bay yesterday, had a cargo of coal and miscellaneous freight.

A Fatal Accident. CHICAGO, Oct. 4.—Eight persons were almost instantly killed and a dozen others injured this afternoon by the explosion of the tug Charles W. Parker in the south branch of the river near the Archer-avenue bridge.

A Peaceful Queen. NEW YORK, Oct. 4.—The Berlin correspondent of the Herald says: Had it not been for the excellent compromise of Queen Victoria and the sound judgment of the Czar, who in a moment of emergency, acted in perfect accord, Europe would perhaps this very moment be in the throes of war.

The Exhibition Closed. TREVES, Oct. 4.—The exhibition of the holy coat closed today. Bishop Morum conducted an elaborate service and pronounced the benediction. The total number of pilgrims who viewed the coat is 1,925,149. The relic is now enshrined.

To Tea Drinkers.—Probably three-fourths of the tea consumed are "Green Teas." Unpleasant as the fact may be, the bright, shiny green so familiar to us all is not the natural color, but is due to the facing or glazing of the tea with Prussian blue, indigo and other mineral colors.

That coloring hides the effects of poor tea; is undoubted; but is it healthful, and does it not call loudly for the importation of a brand of pure, uncolored, unmanipulated tea?

It was this condition of affairs that prompted the placing of Beech's Tea before the public. Being the absolutely pure, uncolored leaf it is different in color from any you ever used.

An Example.—The tea for American consumption are bought in China by European experts, who are called "tea tasters." The encyclopedia authority for the fact that in a few years they have to give up their lucrative positions with shattered constitutions.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.
