Those Bed Bugs.—Speaking of bed bugs in the insane asylum the DEMOCRAT is informed that Dr Harry Lane used several tons of bed bug exterminators, and still they wouldn't leave, that he furnished towels; but the trickier patients tore them up and disposed of them as fast as furnished, until it got tiresome; that he ordered the seventy beds in the asylum, sometime before he left, and that the patients instead of sleeping on the floor slept on very heavy hair mattresses. We mention these things in order to add interest to the controversy.

WEBSTER INDICTED.—Last week at Empire City, Mr A D Webster was indicted by the grand jury on the charge of murder for killing Robert Fales. The case was continued. Webster will make an effort to get a change of venue. The Mail says that on the case being called the defendant looked pale and thin and as the district attorney read the indictment the prisoner was extremely nervous and kept pulling up his pants in an excited manner. Attorney Phillips and Siglin appeared for the defense.

A WONDERFUL DYNAMO.—At the Portland exposition in the machinery hall nothing attracts more attention than the dynamo of Mr Crouch, of Eugene. Mr Crouch is present himself and handles the electric flashes from bare wires with the greatest safety, not a shock being felt. An Edison dynamo under like circumstances would knock a man senseless. The machine is opening the eyes of electricians and promises to revolutionize matters in electricity, so that in a few years items about horses being killed by stepping on an electric wire will be unknown.

NOTICE TO LADIES.—My cloaks have now arrived and I am enabled to give the ladies of Albany bargains in fall and winter cloaks for a few days only. I will have at my store a sample of every style of sealette and cloth cloaks or jackets made by one of the largest Eastern manufacturers. They comprise all the novelties of the season. These goods will be in the store for a few days only and will be sold at wholesale prices. Call early and secure the best selection. G W S Wason.

LOST.—On the road between Albany and Labadie, last Thursday, a bundle of clothing, containing a good suit of clothes and a coat of the best material, was unfortunately lost by J L Wye. Finder will be suitably rewarded by leaving the bundle at the DEMOCRAT office. G W S Wason.

A SHOE ITEM.—S E Young has just received a large stock of shoes, for men, women and children, including particularly a fine line of school shoes. The best makes in the market can be found in his shoe department.

REMOVED.—W E McPherson has removed his loan and insurance office to opposite the Masonic temple, where at present he has plenty of money to loan on Albany real estate.

REMOVED.—W R Graham, the merchant tailor, will now be found in the Thompson Block, opposite the Farmers & Mechants Ins. Co., where he has a fine line of suitings to make up for old and new customers.

The Charles E. Jones kid gloves are manufactured at Philadelphia and are the best in the market. Call at A B McIlwain's and examine them before purchasing.

Ladies Oxford ties at greatly reduced rates at Klein Bros. Must be sold.

SOCIAL AND PERSONAL

Henry Taylor, of Halsey, is in the city today. Licenses to marry have been issued to J J Matlock and Olive Fendleton, and Grant Nixon and Belle Smith.

Green Coffey, of Seio, was in the city today, on his way to the grand lodge of K of P, in session in Portland this week. D S Busey and Miss Busey, of Harrisburg, have been in the city. Mr Busey says the ditch is an assured fact and will be built this fall.

According to the Roseburg Review Rev E A McAllister will lecture at the Oak creek church Friday and Saturday evenings Oct 16 and 17. He will also preach at the same place the following Sunday. Two sermons will be preached one in the morning, and one in the afternoon.

Dr G J Hill, recently of Roseburg, has located in Albany to practice his profession. The Review says, "The doctor is an excellent physician and has built up a large practice here, so the people of Albany will be fortunate in having him locate among them. The best wishes of many friends here will go with him and his wife."

Last week Dr G W Gray resigned as superintendent of the U P Sabbath school in this city, after a continual service as such for twenty-one years and twenty-five years in all. This was done on account of ill health. Dr and Mrs Gray are now at Tolman Springs, near Ashland, and intend to spend the winter in California, a change of climate being declared necessary by his physicians. The doctor's many friends in Albany generally will hope for his permanent recovery.

CROOK COUNTY.—Last Tuesday morning Patrick Kelly, who was herding sheep for Thos Jones, near Trout creek, thirty miles northeast of Prineville, was found dead in his tent by Scottie Donaldson, with a bullet through his head. The coroner's jury impaneled by Justice Bell found that the deceased was a native of Ireland, about 25 years old, and that he came to his death by accidentally shooting himself either on the 4th or 5th of the present month.

Ex County Clerk Brown is buying cattle in the Willamette valley and will bring them to Crook county. Mr Brown spent a good portion of the summer looking for a better country than this, having visited Arizona and other stock countries, and the result is he will return here.

Charlie Lafollett, of Albany, has written to his brother John that a five-year-old Oregon Wilkes colt which he took from here a few years ago, is now trotting in 2:30 with very little training. Pretty good speed for a Crook county colt.—Review.

GEN EXPLODED.—Yesterday George Harris and Frank, his brother, who live about three miles from Seio went out into the foot hills about fifteen miles from the town to hunt deer. They camped and after dinner went out in search of game. George killed one deer and was following after another which he wounded when another passed athwart his path. He immediately proceeded to shoot at this one when his gun exploded filling his eyes and face full of powder and burning his eyes so that he could see but little. He called to his brother but could not make him hear and after a tedious trip he arrived at camp. They then set out for home on horseback, where they arrived at midnight. Today they came to town when Drs Davis and Maston proceeded to repair the damage. George will not be in good shape for some time.

NEWSPAPER.—George Walker is foreman of the pile driver gang no longer. Stratton has succeeded him. The work of driving piles is no soft snap at the present state of affairs in the rock they are now crossing.

Mrs J V Thornton, of Cottage Grove, caught her foot in a hole in a sidewalk, fell and broke her ankle. She now brings suit against the city for \$2,500 damages. Mr Geo A Landreth, who has purchased the barber shop of A M Mack in Albany, is well and favorably known here as an excellent barber and an upright citizen and his many friends wish him success in his new field of labor.—Times.

A GEN ACCIDENT.—Yesterday near Fontweather, on the Pacific, Jos Briggs, a young man, met with a serious accident in the following manner: He was cleaning a Winchester gun, and got the rod fastened in the barrel. As he was unable to remove it, he thought he could shoot it out. Putting some powder in a shell he made the attempt, but instead of the rod going the firing-pin was blown back, striking his cheek bone under the right eye, and entering the head about four inches. Dr Warren, of Newport, was summoned, and removed the piece. The wound is probably not dangerous.

Klein Bros have a large and choice stock of hats and shoes for sale at reasonable prices. Do not buy in foot wear until you have seen their stock, and the elegant price at their store.

WHERE TO GO.—Go to Parker Bros for fresh fruits and vegetables. Go to Parker Bros for the best tea and coffee. Go to Parker Bros for good baking powder. Go to Parker Bros for fine baked goods. The best bread, cakes, pies, etc in the market. Go to Parker Bros for your groceries and be assured of good goods and first-class treatment.

NOTICES

WHEAT, 82 CENTS.—The big bridge pile driver is the center of attraction. It does rapid work. It is only a matter of a few moments for a pile to go down to bed rock.

The finding of coal in the sewer at Maple and Fifth streets is a good indication of a large vein underneath the city. The quality is good, and it is in order for some prospecting to be done. There is undoubtedly a large bed of coal in this vicinity.

In these good times "hard times" socials are being held in some parts of the state. Each person attending goes attired regular hard times costumes, making matters of a decidedly interesting character. The Man About Town promises to attend in full dress on the very shortest notice any held in Albany.

THE B. B. T. Twenty piles was the first days' record of bridge building but the superintendent says he will increase this considerably. A fact a good many people do not know in connection with the bridge is that the Berton county approach begins directly opposite Ferry street, and diverges two blocks to Columbia. Mayor Corvan has a handsome picture of St Leon's cutliver bridge, after which this is patterned, that speaks for its appearance. As no falsework is needed for such a bridge the matter of high water will not amount to anything after the piles are up.

A LITTLE WOMAN.—The Marshfield Sun says: Miss Mollie Lehman is engaged as principal of the Harney school on a salary of \$120 per month, and has an Oxford graduate for an assistant. She was elected superintendent of public schools of Harney county, but under the fool laws of Oregon she could not qualify and had to have a man stand up and become sponsor or a figure-head for her, and is "deputy," in name, but says she doesn't care so long as she gets the pay. After her term of office expires she will visit the bay and then go east for a season.

COME OVER.—All members of Albany Lodge No 4, I O O F, are specially requested to be present at the regular meeting tomorrow evening at 7:30 o'clock as matters of special interest will be considered. G. F. RUSSELL, N. G.
