

A LIVE McCOY AFFAIR.—The particulars of an affray which occurred at McCoy last Friday night are, as near as we can gather, as follows: A gentleman by the name of Beam, who has for some time been making his home in Eastern Oregon, while his wife lived at McCoy, returned home a short time ago. Some parties, who probably desired a row, put a flea in his ear in regard to an alleged intimacy existing between his life partner and Mr. David W Sears, late county clerk. So Beam thought to justify his suspicions by the old-time trick of telling his wife that he was going on a journey to remain the night. He went to Perrydale, but returned after dark, and in the grass, near the front gate, found his wife and Mr. Sears in conversation. Beam drew his little pen knife, and made at him with blood in his eye and vengeance in his heart. Being a cripple and taken by surprise, Mr. Sears could not defend himself until after he had received several gashes, but nothing dangerous. The other version of the affair, and probably the correct one, is that Beam established beyond question the truth of his suspicions, which had been shared by many people at McCoy. It is said that Mr. Beam exacted a promise from Sears that he would take care of the woman, and that now Beam is making arrangements to leave the country and go to Eastern Oregon.—Statesman.

SKIN DARK AS COAL

Eczema Afflicts a Well-Known Gentleman. Movable Subject to Look Upon. Suffered Terribly. Whole Body Covered.

Given up by San Francisco Doctors. Might Have Saved \$5000, as He Was Cured for \$6 by Cuticura Remedies.

I have many times studied over what CUTICURA has done for me. It has restored me to good health and happiness, for before I used CUTICURA REMEDIES I was given up by all the doctors in San Francisco; but I had only taken a certain gentleman's advice and used CUTICURA REMEDIES, and I should certainly have saved from \$5000 to \$10,000, if I had not been cured. I was a most pitiable subject to look upon with eczema, and suffered terribly. I was almost as dark as coal from my head up, and my skin on both legs, and after that it broke out all over my body. But after using half a dozen sets of CUTICURA REMEDIES I was perfectly restored to good health, and have enjoyed the same ever since, which is for over two years. A great number of people visit my establishment, and I have told hundreds of people what CUTICURA has done for me, but have thought that I ought to write and let you know, so that you can refer anyone in this country to me. MRS. GRAHAM'S Cucumber and Elder Flower Cream. Is not a cosmetic in the sense in which that term is popularly used, but permanently beautifies. It creates a soft, smooth, clear, so 'velvety' skin, and by daily use gradually makes the complexion natural, shadings whiter. It is a constant protection from the effects of sun and wind and prevents sunburn and freckles, and black heads will never occur while you use it. It cleanses the face far better than soap and water, nourishes and builds up the skin tissues and prevents the formation of wrinkles. It gives the freshness, clearness and softness of skin that you feel when a little girl. Every body, young or old, ought to use it, as it gives a more youthful appearance to any body, and that permanently. It contains no acid, powder or alkali, and is as harmless as dew and so non-drying to the skin as to the flower.

MRS. GRAHAM'S Face Bleach. Cures the worst cases of Freckles, Sunburn, Salt-rheum, Moth-patches, Pimples and all skin blemishes. Price \$1.00. Harmless and effective; no saltpetre or other injurious ingredients. Ladies who want to be beautiful. The Druggist in this town who first orders a Face Bleach will have his name added to this advertisement. No preparations are for sale by wholesale druggists throughout every city west of it.

A Revelation. Few people know that the bright bluish-green color of the ordinary tea exposed to the sun is not the natural color. Unpleasant as the fact may be, it is nevertheless artificial; mineral coloring matter being used for this purpose. The effect is twofold. It not only makes the tea a bright, shiny green, but also permits the use of "off-color" and worthless teas, which, once under the green cloak, are readily worked off as a good quality of tea. An eminent authority writes on this subject: "The manipulation of poor teas, to give them a finer appearance, is carried on extensively. Green teas, being in this country especially popular, are produced to meet the demand by coloring cheaper black kinds by zinc or facing with Prussian blue, titanium, gypsum, and indigo. This method is so general that very little genuine uncolored green tea is offered for sale." It was the knowledge of this condition of affairs that prompted the planting of Beech's Tea before the public. It is absolutely pure and without color. Did you ever see any genuine uncolored Japan tea? Ask your grocer to open a package of Beech's, and you will see it, and probably for the very first time. It will be found in color to be just between the artificial green tea that you have been accustomed to and the black tea. It draws a delightful emerald color, and is so fragrant that it will be a revelation to tea-drinkers. Its purity makes it also more economical than the artificial teas, for less of it is required per cup. Sold only in pound packages bearing this trade-mark.
