J. H. TOWNSEND,

A London notion is to insure houses against burglars.

There are said to be about 22,000,000 acres of forest in Hungary. Of these the government owns about 3,500,000 acres, and buys each year and refuses to sell any that it possesses.

The moccasins worn by many of the western Indians are now made in Maine. It would be interesting to know what percentage of profit the simple red man makes in selling these "reflex" to tourists.

A report comes from Chicago that the French government by its agents is quietly buying large amounts of grain and meats in this country; 2,000,000 barrels of flour and 25,000,000 bushels of grain are named as a part of the orders.

The date tree is a species of palm. It grows to the height of 100 feet. As the tree advances in height the old leaves fall off, leaving the stem bare. In its bearing state the leaves are from six to eight feet long. The trees are male and female in distinct plants.

The New York World of the 14th inst. says:

Last night Thos Patton bet Jake Hess \$2,000 even that Campbell would beat McKinley 10,000 votes in Ohio and \$1,000 against \$600 that Flower would defeat Fassett. Jimmy Wakely wants to wager \$5,000 as against \$3,500 on Flower.

The enemies of Hermann will have to learn better politics than abuse, and call off their dogs, if they don't want to see Binger stock go up a hundred points.—Statesman.

That means that if the Salem Journal does not "let up" on Hermann the Statesman will bull Hermann stock with all its might, and its might is mightier than that of the Journal.

Col Charles H Taylor, of the Boston Globe, though the conductor of a very democratic sort of a newspaper, personally betrays some very strong republican instincts. He is just back from a foreign tour and he says he made no purchases abroad, saving his money for the home market. And he thinks too many Americans go abroad without fully appreciating the superiority of their own country.—Statesman.

What in thunder, then, do you make so much noise when the democrats propose a reduction of the tariff, if it be true that our country sells better and cheaper goods than foreign countries do?

In connection with the Australian ballot law adopted by the last legislature is a requirement that closed booths shall be prepared at every polling place. In the state, and there must be a polling place for every 250 votes. This law does not imply, however, that particular kind of booths shall be prepared, such as the elaborate steel affairs built in the East and shipped out here at great expense, which have already been adopted by several counties. Plain wooden booths, constructed by the local carpenter, will answer every purpose and some use can be made of the lumber after the election is over. Expenditures for steel booths are likely to throw unnecessary discredit upon the new ballot law.—Oregonian.

Rev Sam Small was arrested in Boston the 19th inst on a charge of obtaining \$1000 by false pretenses, made by Rev H N Monroe, an Episcopalian clergyman, at Newton, Lower Falls. Mr Small has been stumping this state for the past few weeks in the interest of the prohibition ticket. Secretary Merden, of the prohibitory state committee, went bail for him and he has been stumping the state ever since. The case was brought in the civil court to avoid the scandal that a criminal case might bring to the cause of prohibition. It is said that the transaction, which resulted in the arrest of Mr Small, was agreed upon in August, 1899, when Mr Small was president of the Ogden university. It is alleged that Mr Small induced the Rev Monroe to pay \$1000 for a lot of land which he declared was worth that sum. The land belonged to the university, and it is alleged that the university demanded only \$500 for it, and that Mr Small made \$500 by this transaction. When Mr Monroe heard of this he demanded the return of his money. As it was not forthcoming, he caused the arrest of Mr Small.

STILL UNTAXING FOREIGNERS.

The administration organ has a report from Washington that the government has conducted a convention with Germany under which American grains and provisions will be admitted into that country either free or at greatly reduced duties after the 1st of January next.

The consideration for this concession is said to be an assurance that the president will not reimpose a duty on German beet sugar, as he is empowered to do by the McKinley act.

If this arrangement shall be made the people of Germany will be able to get their food supplies from this country cheaper than they now do, by the full amount of the duty. There is no idiotic notion in Germany that "the foreigner" (in this case the American) "pays the tax." The German will get cheaper bread by the removal of the duty on wheat, just as our people get cheaper sugar by the removal of the duty on sugar.

In return, what advantage do American consumers gain? Absolutely none. Their food will be no cheaper. No tax on anything which they use is abated. The jagged-handled republicans reciprocity unites foreigners only.—New York Herald.

October 21, 1891.

Mr Holloway, who lives on the Thos Kay place, north of town, thought to get rid of some trash in and about an old hen house by fire, and accordingly tried it. During the night he got rid of the hen house, a barn, wagon, carriage and road cart, but was not aware of his great success until the next morning.

Born, to the wife of Mr Holloway, on the 18th, a daughter.

R M Bradley arrived in town today just from the mines. Have not seen him yet but suppose if the weather was not so cold we should have an excitement.

GH Mackey let his team run away in town today which created some excitement. They jumped into the yard of Mr Sparks and broke down a few trees, doing some damage.

Jas N Coshow, of Joseph, Wallowa Co, arrived in Brownsville a few days ago. Jim says he has been in the snow for eight winters and he is going to stay in Web-foot this winter and see it rain.

Mr Howe and wife, and two sons and their wives, arrived in Brownsville today, intending to make this their future home. They came from Benton county, Or.

E W Aulton & Co are selling monuments at Portland prices.

CON STIPATION.

Afflicts half the American people yet there is only one preparation of Sarsaparilla that acts on the bowels and cures this important trouble, and that is Joy's Vegetable Sarsaparilla. It relieves it in 24 hours, and an occasional dose prevents return. We refer by permission to C. E. Elkington, 125 Locust Avenue, San Francisco; J. H. Brown, Petaluma; H. & W. Winn, Geary Court, San Francisco, and hundreds of others who have used it in constipation. One letter is a sample of hundreds. Elkington writes: "I have been for years subject to bilious headaches and constipation. Have been so bad for a year back have had to take a physic every other night or else I would have a headache. After taking one bottle of J. V. S., I am in splendid shape. It has done wonderful things for me. People similarly troubled should try it and be convinced."

Joy's Vegetable Sarsaparilla

Most modern, most effective, largest bottle. Same price, \$1.00, six for \$5.00. FOR SALE BY STANARD & CUSICK ALBANY
